395-X-6-.13 Internal Identification System "New Rule"

- (1) The approved method of internal identification for human remains to be cremated at a crematory shall be metal tags containing the following information:
 - (a) Crematory Name
 - (b) Identification Number
- (2) The metal tag shall be present with the remains through-out all phases of the cremation process.
 - (a) When the human remains are present in the cremation chamber the assigned metal tag may be inside the chamber or attached to the outside of the chamber.
- (3) Following the completion of the cremation process the metal tag shall be secured in the following manner:
 - (a) If the cremated remains are placed in a temporary container, then the metal tag shall be secured to the outside of the inner plastic bag containing the cremains.
 - (b) If the cremated remains are placed into a permanent receptacle, then the metal tag shall be placed inside of the receptacle.
- (4) Cremated remains that have been divided into multiple receptacles with written consent from the authorizing agent shall be labeled with identifying information of the deceased.
