30-X-5-.03 Calculations Of Hours Of Credit. The following standards will be used to measure the hours of credit to be given for acceptable continuing professional education (CPE).

Qualifying CPE Program	Minimum initial credit that must be earned	After first credit has been earned, credit may be earned in these increments
Group	One (50 minutes)	One-fifth or one-half
Blended learning	One (50 minutes)	One-fifth or one-half
Self-study	One-half (25 minutes)	One-fifth or one-half
Nano-learning	One-fifth (10 minutes)	Not applicable (single nano-learning program is one-fifth credit)

(a) Credit will be given based on program length, with one fifty (50)-minute period equal to one CPE hour. One-fifth CPE hour increments (equal to 10 minutes) and one-half CPE hour increments (equal to 25 minutes) are permitted after the first CPE hour has been earned in a given learning activity for all delivery methods, except nano-learning, which is always only one-fifth credit in length. The minimum allowable credit for self-study CPE is one-half hour (25 minutes). For group and blended learning activities in which individual segments are less than 50 minutes, the sum of the segments should be considered one total program. For example, five 30-minute presentations would equal 150 minutes and should be counted as three CPE hours. When the total minutes of a sponsored learning activity are greater than 50, but not equally divisible by 10, the CPE hours granted should be rounded down to the nearest one-fifth hour.

(b) In order to qualify, a group and blended learning program must be at least one hour (fifty minute period) in length, a self-study program must be at least one-half hour (twenty-five minutes) in length, and a nano-learning program must be at least one-fifth hour (ten minutes) in length. Eight
