335-13-14-.10 Public Notice.

(1) Notice Requirements.

(a) The Department shall provide notice and an opportunity for a public hearing on any composting facility permit initial issuance, renewal, modification subject to local host government review and approval, or if otherwise determined by ADEM to be necessary to meet the requirements of this Division.

(b) The following procedures shall be observed:

1. The Department shall notify interested and potentially interested persons of the proposed composting facility by publishing a notice in a newspaper of general circulation in the area.

(i) The notice shall be given not less than 35 days prior to the proposed issuance of a permit.

(ii) The notice shall contain the specific type and nature of the composting facility, the type of waste to be accepted, the person or agency requesting the permit, and the descriptive location of the processing area, address and telephone number of the Department, and that interested persons may request a public hearing on the proposed composting facility.

2. Landowners adjacent to a proposed composting facility shall receive a copy of the public notice.

(2) Departmental Action. The Department shall take one of the following actions after the completion of the notice period:

(a) Deny the permit, stating in writing the reasons for denial and inform the person requesting the permit of appeal procedures in rRule 335-13-1-.07;

(b) Issue the permit if the application complies with this Division; or

(c) Require additional information, elements of design for the facility, and specify procedures for inclusion into the permit prior to issuance of the permit.

335-13-14-.06 Operating Criteria.

(1) Compost offered for use must be produced by a process that encompasses turning on a regular basis to aerate the waste, maintain temperatures, and/or reduce pathogens. Compost may be produced by other composting techniques as approved by the Department.

(2) Used oil, hazardous waste, treated or untreated medical waste, treated wood, and asbestos containing waste shall not be accepted at a composting facility.

(3) Household hazardous waste shall not be accepted at a composting facility.

(4) Solid waste received at the composting facility shall be confined to a designated delivery or storage area until processed. Any solid waste not introduced into the processing operation within 72 hours shall be removed and disposed of at a municipal solid waste landfill.

(5) The site shall be graded to prevent ponding of water in the active composting area.

(6) Surface water drainage shall be diverted around and away from the composting area to prevent any washing or escape of waste from the property.

(7) Leachate shall be collected and disposed of in a manner approved by the Department.

(8) The composting facility shall be operated in a manner that controls vectors.

(9) The composting facility shall be operated in a manner that controls and minimizes odors. Should obnoxious odors arising from the composting facility operations be verified by the Department, measures to abate the odor shall be taken upon a determination by the Department that such measures are technically feasible.

(10) The composting facility shall be operated in a manner that prevents fires in accordance with the fire prevention plan.

(11) Open burning at any composting facility is prohibited except for burning resulting from land clearing activities at the site, if prior written approval is received from the Department and the Alabama Forestry Commission.

(12) Access to the facility shall be controlled so as to minimize the potential for scavenging of materials and unauthorized disposal of wastes.

(13) A sign shall be posted which identifies the composting facility owner or operator, hours of operation, waste that may be accepted, and the permit number.
