NOTICE OF INTENDED ACTION

AGENCY NAME: Alabama Department of Agriculture and Industries

RULE NO. & TITLE: 80-3-6-.39 Bovine Trichomoniasis

INTENDED ACTION: To Repeal & Replace with New Rule.

SUBSTANCE OF PROPOSED ACTION: This rule will make it easier for cattle producers to import bulls into Alabama, while still ensuring that the bulls are free of Bovine Trichomoniasis. Because there is no cure for Bovine Trichomoniasis in bulls, bulls in Alabama that are confirmed positive would be subject to an official quarantine and slaughter. This further protects cattle producers from the potential spread of this disease from positive bulls and the negative financial impact it could have on the cattle industry.
