335-1-1-.03 Organization And Duties Of The Commission.

(1) The Commission is a statutorily-created seven member commission with the following duties:

(a) To select a Director for the Department of Environmental Management and to advise the Director on environmental matters which are within the Department's scope of authority;

(b) To establish, adopt, promulgate, modify, repeal and suspend any rules, regulations, or environmental standards for the Department which may be applicable to the state as a whole or any of its geographical parts;

(c) To develop environmental policy for the state;
and

(d) To hear and determine appeals of administrative actions.

(2) The members of the Commission are appointed for six year terms by the Governor with the advice and consent of the senate. Position qualifications are as follows:

(a) a physician licensed to practice medicine in the State of Alabama who shall be familiar with environmental matters;

(b) a professional engineer registered in the State of Alabama who shall be familiar with environmental matters;

(c) an attorney licensed to practice law in the State of Alabama who shall be familiar with environmental matters;

(d) a chemist possessing as a minimum a bachelor's degree from an accredited university, or a veterinarian licensed to practice veterinary medicine in the State of Alabama, who shall be familiar with environmental matters;

(e) an individual certified by the National Ground Water Association Certification Program or is a professional geologist;

(f) a biologist or an ecologist possessing as a minimum a bachelor's degree from an accredited university with training in environmental matters;

(g) a resident of the state for at least two years;
and

(h) members shall meet all requirements of the state ethics law and the conflict of interest provisions of applicable federal laws and regulations.

(3) The Commission meets regularly, at least once every two months, and keeps a complete and accurate record of the proceedings of its meetings, a copy of which is located on the Department's website (www.adem.alabama.gov) under the Environmental Management Commission tab and is open to public inspection.

(4) Beginning with Fiscal Year 2009 as needed for the effective execution of statutory mandates, and at least every fifth year after the last notice as outlined herein, and in accordance with all applicable statutes and regulations, the Director shall deliver to the Commission a notice of intent to update the Unified Strategic Plan under which the Commission and Department operate. The notice shall contain the Department's summary of departmental goals, timeline for plan development, and a brief explanation of methodology for updating the Unified Strategic Plan. Any and all updates to the Unified Strategic Plan shall be completed within one year of the Director's notice.

(5) Upon receipt of the notice delivered according to paragraph (4) of this rule, the Commission shall appoint a special ad hoc committee to oversee the Department's development and implementation of the planning process.

(6) Any final Unified Strategic Plan produced according to this process shall be approved by the Commission.

335-1-1-.05 Duties And Operations Of The Department.

- (1) To provide for the implementation of environmental programs and policies.
- (2) To serve as the state agency responsible for administering federally approved or federally delegated environmental programs.
- (3) To provide for a unified environmental regulatory and permit system.
- (4) To provide for a coordinated statewide program of air pollution prevention, abatement, and control.
- (5) To provide for a coordinated statewide program to assure adequate safeguards for management of hazardous wastes from the point of generation through handling, processing, and final disposition.
- (6) To provide for a coordinated statewide program to manage the disposal of solid wastes.
- (7) To provide for a coordinated statewide program for the prevention, abatement, and control of new and existing water pollution.
- (8) To provide for a coordinated statewide program for the control of public water systems insofar as purity, potability, wholesomeness, and physical quality of water.
- (9) To provide for enforcement of the Alabama Coastal Area Management Program designed to preserve, enhance, and develop the valuable resources in Alabama's coastal area.
- (10) To issue, modify, suspend, or revoke orders, citations, notices of violation, certifications, or permits.
- (11) To provide for the collection of environmental data concerning the quality of the state's air, water, and land resources.

335-1-1-.06 **Availability Of Records And Information.**

(1) Public inspection of records. Except as provided herein, any records, reports, rules, forms, or information obtained under the Act and the official records of the Department shall be available to the public for inspection. Requests for permission to inspect such records should be made to the Department of Environmental Management at its Montgomery, Alabama office, unless otherwise directed in published organizational, procedural, or regulatory statements pertaining to specific records or classes of records. Such requests should state the general subject matter of the records sought to be inspected to permit identification and location.

(2) Exceptions. Upon a showing satisfactory to the Director by any person that records, reports, or information, or particular parts thereof (other than emission, effluent, manifest, or compliance data) to which the Department has access, if made public, would divulge production of sales figures or methods, processes, or production unique to such person, or otherwise tend to affect adversely the competitive position of such person by revealing trade secrets, the Director shall consider such records, reports, or information, or particular portion thereof, confidential. Any showing of confidentiality must be based on statutory authority which empowers the Department to grant confidentiality for the particular program in question and must accompany the documents, records, reports, or information provided to the Department. If a claim covering the information is received after the information itself is received, efforts, as are administratively practicable can be made, will be made to associate the late claim with the copies of the previously submitted information in the file.

(3) Requests for records and information must be made to the Office of the Director at the Department's Montgomery address. Responses to such requests shall be made within 10 working days after receipt in the Office of the Director.

(4) Creation of record. Records will not be created by compiling selected items from other documents at the request

of a member of the public, nor will records be created to provide the requester with data such as ratios, proportions, percentages, frequency distribution, trends, correlations, or comparisons except as necessary to administer the Act.

(5) Denial of requests for, or non-existence of, information. If it is determined pursuant to this Part that requested information will not be provided or that, to the best knowledge of the Director, requested information does not exist, the Director shall notify in writing the party requesting the information that the request is denied and shall state the reasons for denial and shall maintain a file of such denials.

(6) Copies of documents. If it is determined that information requested may be disclosed, the requesting party shall be afforded the opportunity to obtain copies of the documents containing such information. However, records shall not be released for copying by non-Division personnel except by permission of the Director or his designee. When a determination not to disclose a portion of information requested has been made, records shall be prepared for copying on nonexcepted portions of the information. Cost of providing copies will be the responsibility of the person requesting the copies. Charges are as follows:

(a) 30 cents per black and white page 8.5 x 11, 8.5 x 14 or 11 x 17 inches in size.

(b) \$1.50 per color page 8.5 x 11, 8.5 x 14 or 11 x 17 inches in size. \$4.00 per page for black and white and \$7.00 per page for color, wide-format documents such as maps and blue prints. Compact discs are \$15.00 each for files retrievable from electronic data bases.

(c) 50 cents per page for certified documents.

(d) 10 cents per page rounded to the nearest dollar for paper copies of each Division of the regulations. Compact discs of a Division of the regulations are \$15.00.

(e) The Department will not invoice unless the charges exceed \$10.00.

(7) Requests which do not reasonably describe records sought. The Department may communicate with the requester to clarify records sought and with a view toward reducing the

administrative burden of processing a broad request and minimizing the fees payable by the requester.

(8) Public distribution. Any written request for records prepared by the Department for routine public distribution, e.g. pamphlets, copies of speeches, press releases, and education materials, shall be honored.

(9) Disclosure of information to other agencies. Nothing in these rules and regulations shall be construed to prevent disclosure of any report, record, or information obtained under the Act, or any of the official records of the Commission to federal, or state, agencies, or when relevant in any proceedings under the Act.

335-1-1-.07 Departmental Forms, Instructions, And Procedures.

(1) Designation as the State Environmental Control Agency. The Department is the State Environmental Control Agency for the purposes of federal environmental law including the Federal Clean Air Act, 42 U.S.C. 7401 et seq., as amended; the Federal Clean Water Act, 33 U.S.C. 1251 et seq., as amended; the Federal Safe Drinking Water Act, 42 U.S.C. A 201 et seq., as amended. The Department is authorized to take all actions necessary and appropriate to secure the benefits of federal environmental laws. The Department operates in conformity with such federal laws, policies, and procedures, as provided in the Act.

(2) Policies and Procedures. The Commission, through the adoption of rules pursuant to Code of Ala. 1975, §22-22A-7(c)(6), establishes environmental policies and procedures.

(3) Form and Instructions. The Director may require such forms within the rules as he deems necessary. The content of such forms and instructions for their completion may be prescribed by the Director including the changes of such from time to time. Federal forms as published by the Environmental

Protection Agency may be used in lieu of state developed forms. Departmental forms prescribed by the Director shall be identified and numbered as follows:
