Appendix A

220-2-.01 2020-2021 Hunting Seasons. The following 2020-2021 hunting seasons, in accordance with the below-stated times, places, manner, and means, are hereby established:

(a) **DEER**

ANTLERED BUCKS are defined as those male deer with bare antlers visible above natural hairline.

UNANTLERED DEER are defined as all deer without bony antlers visible above the natural hairline.

WHITE-TAILED ANTLERED BUCK LIMIT - Three for each hunter during all combined seasons, one for each day. One of the three must have at least 4 antler points 1" or longer on one antler (except for Barbour County). A point is defined as an antler projection of at least one inch in length from base to tip. Main beam tip shall be counted as a point regardless of length.

EXCEPTIONS:

(1) **BARBOUR COUNTY ANTLER RESTRICTION** - white-tailed deer antlered bucks must have a minimum of three points on one side, (except on the statewide special youth deer hunting dates during which any antlered buck may be taken).

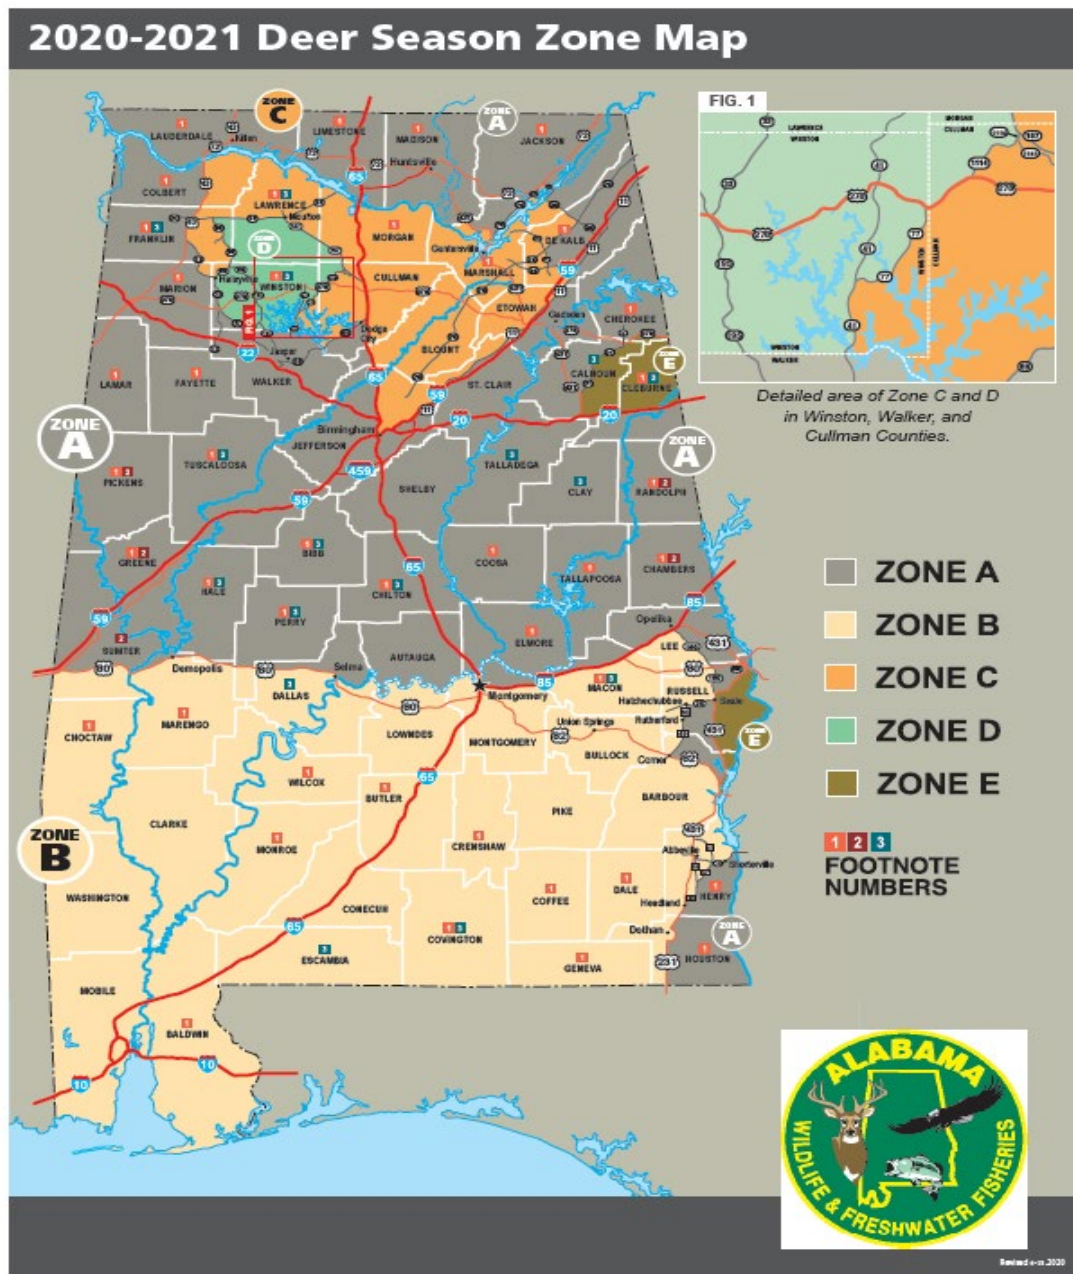

(2) **WILDLIFE MANAGEMENT AREA (WMA) BONUS BUCK** - One for each hunter during all combined bonus buck hunt dates will be allowed to be harvested from a selected collection of WMA's on specific hunt dates depicted on the WMA map permits that will not count towards the hunter's State three buck limit. Must be validated at WMA check station by WFF personnel.

WHITE-TAILED UNANTLERED DEER LIMIT - During the Unantlered Deer Gun, Special Muzzleloader, Bow and Arrow, and Special Youth (under 16) Seasons, one unantlered deer may be taken each day in addition to one antlered buck each day. See Special Exception #3 for selected areas with one deer each day limit on U.S. Forest Service Lands.

SPECIAL YOUTH (UNDER 16) DEER HUNTING - Statewide, (includes all Privately Owned, Leased Lands, and Open Permit - Public Lands (except Wildlife Management Areas) in Zones A, B & C November 13-16 and in Zones D & E October 30 - November 2. Dog hunting in those counties or parts of counties where and how it is allowed during the regular dog deer hunting season. Same legal arms and ammunition apply as in Deer season, in accordance with

Rule 220-2-.119. See the 2020 - 2021 Wildlife Management Area Map Permits for youth deer hunting dates and other information.

SPECIAL EXCEPTIONS: If notes 1, 2, or 3 appear by the county listed, see the special exceptions at the end of this chart. Note (1) relates to dog deer hunting. Note (2) relates to U.S. Corp of Engineers Lands. Note (3) relates to U.S. Forest Service Lands.

PENALTY: As provided by law.

220-2-.02 Legal Arms, Ammunition, And Equipment For Hunting.

(1) GENERAL PROHIBITIONS:

(a) It shall be unlawful for any person to use any method or have in their possession any weapon or ammunition contrary to this regulation while hunting or attempting to hunt game birds and animals or other species provided for herein unless expressly provided for by duly enacted laws of the State of Alabama.

(b) It shall be unlawful for any person to refuse to submit firearms and ammunition or any device, instrument or accessory used in hunting to Conservation Enforcement Officers for inspection.

(c) Except as otherwise provided by Rule 220-2-.03 for laser type range finders with computational capabilities on bows and by (d) listed below, it shall be unlawful for any person to hunt with a bow or gun that has a light source attached that is capable of casting a beam of light (including a laser sight) forward of said bow or gun or to possess such a light source adapted for attachment to said bow or gun while hunting.

(d) Legally blind hunters may use laser sighting devices to take game, subject to all other regulations, if the following conditions are met:

- The person is accompanied by a sighted person who is a member of the immediate family or at least 16 years of age;
- The sighted person possesses proof of a current hunting license, or legal exemption (under no circumstances shall the sighted person be a holder of a "supervision required" license)
- The sighted person shall not discharge any gun or bow with laser sighting device.
- The legally blind person possesses the appropriate hunting license and proof of impairment (a physician's signed statement or equal)

"Legally blind", as used in this regulation, shall mean

central vision that does not exceed 20/200 in the better eye with corrective lenses or a visual field that subtends an angle no greater than 20 degrees.

(e) It shall be unlawful to possess any equipment that uses electronics to increase the ability to see in the dark (night vision equipment) while hunting any species of wildlife, both protected or unprotected species.

(f) It shall be unlawful to possess fully automatic firearms while hunting any species of wildlife.

(b) Nothing in this section is intended to prohibit the possession of rifles, shotgun/ rifle combinations (drilling) or buckshot and slugs when the hunter is stalk hunting both deer and turkey provided no person shoots or attempts to shoot turkey

with the rifle or shotgun using buckshot or slugs.

(4) **MIGRATORY BIRDS:**

- Shotguns, 10 gauge or smaller, plugged with a one piece filler incapable of removal without disassembling the gun or otherwise incapable of holding more than 3 shells using standard No. 2 shot or smaller, except waterfowl must be hunted with steel shot or other shot compositions and shot sizes that are approved by the U.S. Fish and Wildlife Service.
- Waterfowl hunters shall not possess any other size shot or size lead shot.
- Long bows, compound bows, or crossbows.
- Raptors by properly permitted falconers.

(5) **RACCOON & OPOSSUM:**

- Nighttime hunting—Shotguns using No. 6 shot or smaller; .22 caliber rimfire firearms.
- Daytime hunting - See "(7) OTHER GAME BIRDS OR ANIMALS".

(6) **BOBCAT, GROUNDHOG, UNPROTECTED WILDLIFE, FOX, COYOTE & FERAL SWINE:**

- Rifles of any caliber.
- Handguns or pistols.
- Shotguns, 10 gauge or smaller
- Pre-charged pneumatic air powered guns, .30 caliber or larger.
- Long bows, compound bows, or crossbows.
- Muzzleloaders and black powder handguns of any caliber.
- Pre-charged pneumatic arrow shooting rifles using an arrow equipped with a broadhead which has a minimum cutting diameter of 7/8 inch and 2 sharpened edges.
- Spear or sharpened blade.
- Raptors by properly permitted falconers

(7) **OTHER GAME BIRDS OR ANIMALS:**

- Rifles using rimfire ammunition or those operated by air.
- Muzzleloaders and black powder handguns of any caliber.
- Long bows, compound bows, or crossbows.
- Shotguns, 10 gauge or smaller, using standard No. 4 shot or

smaller.

- Handguns or pistols.
- Blowguns using darts propelled by the hunter's breath only.
- Sling shots.
- Raptors by properly permitted falconers

(8) BULLFROG and PIG FROG:

- Air powered rifles .25 caliber or smaller
- Gig or spear
- Long bows, compound bows, or crossbows
- Hand or dip net

(9) Falconry:

(a) For the purpose of permitting the practice of falconry as a legal means of taking game in Alabama, and for no other purpose, live migratory birds of the order Falconiformes, the order Accipitriformes (other than the bald eagle, *Haliaeetus leucocephalus*), and the order Strigiformes, are hereby designated as game birds.

(b) As used in this regulation, the word:

1. **"Raptor"** means a live migratory bird of the order Falconiformes, the order Accipitriformes [other than the bald eagle (Haliaeetus leucocephalus)], or of the order Strigiformes.

2. **"Take"** means to trap or capture, or attempt to trap or capture, a raptor for the purpose of falconry.

3. **"Falconry"** means the sport of taking quarry by means of a trained raptor.

4. **"Service"** means the U. S. Fish and Wildlife Service, U.S. Department of Interior.

5. **"Commissioner"** means the Commissioner of the Department of Conservation and Natural Resources.

6. **"Department"** means the Alabama Department of Conservation and Natural Resources.

7. **"Division"** means the Division of Wildlife and Freshwater Fisheries of the Department of Conservation and Natural Resources.

(c) An applicant who wishes to practice falconry in Alabama must submit a request for an application to practice falconry along with a non-refundable \$50.00 fee to the Commissioner. If a permittee desires to renew his permit an additional \$50.00 fee shall be due with each renewal request.

(d) A falconry permit is required before any person may take, transport, or possess wild-taken or captive bred raptors for falconry purposes. The use for falconry or the possession of any raptor species not covered by the Federal Falconry Regulations and listed above is controlled by these regulations.

Every permit issued shall be subject to the following special conditions:

1. A permittee may not take, transport, or possess any species designated as endangered by the State unless authorized in writing by the Commissioner.

2. A permittee may not sell, purchase, barter, or offer to sell, purchase, or barter any raptor unless the raptor is marked on the metatarsus by a seamless, numbered band supplied by the Service.

3. A permittee may not propagate raptors without prior acquisition of a valid raptor propagation permit issued under Federal Regulation 50CFR21.30.

4. A permittee may not take, possess or transport a raptor in violation of restrictions, conditions, and requirements of the State Falconry Permit Regulations or Federal regulations listed in 50 CFR, Part 21.

5. A permittee must report the take, loss, or transfer of a falconry bird within five days by entering the required information in the electronic database at <https://migbirdapps.fws.gov/Falconry/> or by submitting a paper form 3-186A to the State falconry permit administrator.

(e) A permit or the renewal of a permit is valid when issued by the State and expires on August 31 of the third calendar year after it is issued, unless a different period is specified on the permit or renewal. A fee of \$50.00 shall be required with each renewal.

(f) Three classes of falconry permits shall be issued. These include:

1. APPRENTICE CLASS - Conditions of this class include:

(i) A permittee shall be at least 12 years old; if under 18 years of age, a parent or legal guardian must sign permittee application and is legally responsible for activities of the permittee.

(ii) A sponsor who is a holder of a General or a Master Falconry Permit is required for the first two years in which an apprentice permit is held, regardless of the age of the permittee. A sponsor may not have more than three apprentices at one time;

(iii) A permittee shall not possess more than one raptor and may not obtain more than two raptors during a calendar year;

(iv) A permittee shall possess only the following raptors, less than 1 year old but not nestlings, which must be taken from the wild by the apprentice: a red-tailed hawk (Buteo jamaicensis), or a red-shouldered hawk (Buteo lineatus).

2. GENERAL CLASS - Conditions of this class include:

(i) A permittee shall be at least 16 years old; if 16 or 17 years of age, a parent or legal guardian must sign permittee application and is legally responsible for activities of the permittee.

(ii) A permittee shall have at least two years' experience in the practice of falconry at the apprentice level or its equivalent; including maintaining, training, flying, and hunting the raptor(s) for at least 4 months in each year, and submit a document from a General or Master class falconer (preferably the sponsor) stating such experience;

(iii) A permittee may not possess more than three raptors and may not obtain more than two raptors taken from the wild during a calendar year;

(iv) A permittee may not take, transport, or possess any golden eagle or any species listed as threatened or endangered by the Service or any species listed as endangered by

the State except as provided by the Federal and State Falconry Permit Regulations.

3. MASTER CLASS - Conditions of this class include:

(i) An applicant shall have at least five years' experience in the practice of falconry at the general class level or its equivalent;

(ii) A permittee may not possess more than five wild raptors, and may not obtain more than two raptors taken from the wild during a calendar year;

(iii) A permittee may not take, transport or possess any species listed as endangered by the Service or any species listed as endangered by the State except as provided by the Federal and State Falconry Permit Regulations;

(g) Before any falconry permit is issued, the applicant shall be required to answer correctly at least 80 per cent of the questions on a supervised examination approved by the Service relating to the basic biology, care, and handling of raptors, literature, laws, regulations, and other appropriate subject matter. An opportunity for retaking the examination shall be provided in the event of failure.

(h) Before any falconry permit is issued, the applicant's raptor housing facilities and falconry equipment shall be inspected and certified by a representative of the Division of Wildlife and Freshwater Fisheries as meeting the following standards:

1. Facilities - The primary consideration for raptor housing facilities, whether indoors (mews) or outdoors (weathering area), is protection from the environment, predators, or undue disturbance. The applicant shall have the following facilities, which may be in the form of separate structures or an approved hybrid design fulfilling requirements of both:

(i) Indoor facilities (mews) shall be large enough to allow easy access for caring for raptors housed in the facility. If more than one raptor is to be housed in the facility, the raptor shall be tethered or separated by partitions and the area for each bird shall be large enough to allow each bird to fully extend its wings. There shall be at least one window, protected on the inside by vertical bars, spaced narrower than the width

of the bird's body and a secure door that can be easily closed. The floor of the mews shall permit easy cleaning and shall be well drained. Adequate perches shall be provided;

(ii) Outdoor facilities (weathering area) shall be fenced and covered with netting or wire or roofed to protect the birds from disturbance and attack by predators. The enclosures shall be wide enough to ensure that the birds wings shall not strike the fence when flying from the perch. Protection from excessive sun, wind, and inclement weather shall be provided for each bird. Adequate perches shall be provided with at least one perch covered to protect a raptor from the weather.

2. Equipment - The following items shall be in the possession of the applicant before he can obtain a permit:

(i) Jesses - At least one pair of Aylmeri jesses of pliable leather or suitable synthetic material to be used when any raptor is flown free. Traditional type one-piece jesses may be used on raptors when not being flown; and

(ii) Leashes and Swivels - At least one flexible, weather resistant leash and one swivel of acceptable falconry design; and

(iii) Bath Container - At least one container, 2 to 6 inches deep and wider than the length of the raptor, for drinking and bathing for each raptor; and

(iv) Outdoor Perches - At least one weathering area perch of an acceptable design shall be provided for each raptor; and

(v) Weighing Device - A reliable scale or balance suitable for weighing the raptor and graduated in increments of not more than ½ ounce (15 grams) shall be provided.

3. Maintenance - All facilities and equipment shall be kept at or above the preceding standards at all times.

4. Transportation - Temporary Holding - Temporarily, a raptor may be transported or held in temporary facilities, which shall be provided with an adequate perch and protection from extreme temperatures and excessive disturbance for a period not to exceed 120 days.

(i) Special restrictions are as follows:

(I) Young raptors not yet capable of flight (eyasses) may only be taken by General or Master Falconry Permit, and no more than two eyasses may be taken by the same permittee during one calendar year;

(II) First year passage raptors may be taken during any month;

(III) Only American Kestrels (Falco sparverius) and great horned owls (Bubo virginianus) may be taken when over one year old, except that any raptor other than endangered or threatened species taken under a depredation (or special purpose) permit may be used for falconry by General or Master Falconry Permit holders;

(IV) A raptor wearing falconry equipment may be retrapped at any time.

(j) Another person may care for the birds of a permittee if written authorization from the permittee accompanies the birds when they are transferred. If that period of care will exceed 45 days, the permittee shall inform the Division's falconry permit administrator within three days of the transfer, of the reason for the transfer, where the birds are being held, who is caring for them, and approximately how many days they will be under the care of the second person.

(k) Feathers that are molted or those feathers from birds held in captivity that die, may be retained and exchanged by permittees only for imping purposes. Feathers of golden eagles not retained for imping purposes shall be sent to the National Eagle Repository.

(l) Non-transfer, interstate import and export conditions:

1. Non-residents of the State which are permit holders from States which are recognized as falconry states by the Service may transport into Alabama raptors for personal falconry use (i.e. Falconry Meets, etc.) provided the laws and regulations concerning hunting and falconry are observed;

2. Residents of the State who are falconry permittees may transport their raptors into other states which are recognized by the Service as falconry states for personal falconry use provided hunting and falconry laws and regulations

are observed.

3. This section does not prevent the importation, exportation, or exchange between permittees of legally acquired raptors taken from the wild or produced by captive propagation, if the permittees who import, export, or exchange raptors notify the Department in writing and as provided for elsewhere within these regulations.

(m) Permittees holding the proper licenses may hunt, pursue and kill game birds and game animals during any of the established hunting seasons in accordance with existing regulations under the following provisions:

1. Persons desiring to hunt with raptors must obtain proper hunting licenses along with proper falconry permits before attempting to take game birds and game animals;

2. Persons hunting with raptors may hunt, pursue and kill game birds and game animals as follows:

☐ Migratory game birds - during the gun seasons for birds pursued.

☐ Resident game birds and animals - from the opening date of the gun season for the species pursued through March 31.

3. A permittee, whose hunting raptor accidentally kills game that is out of season or of the wrong species or sex, shall leave the dead quarry where it lies, except that the raptor may feed upon the quarry prior to leaving the site of the kill.

4. Regular season bag limits for migratory game birds do not apply to falconry. Falconry bag limits shall not exceed 3 birds for all migratory game birds in the aggregate, whether or not an extended season is selected. Regular season bag limits for resident game birds and animals shall apply to falconry.

(n) It shall be lawful for a nonresident to take or attempt to take raptors from the wild in Alabama, subject to the same restrictions and limitations as apply to resident permit holders, if the nonresident has a valid general or master level falconry permit from such person's state of residence, a valid Alabama nonresident hunting license, and if such person's state of residence provides the same privileges to residents of

Alabama.

(o) Violation of this regulation or federal regulation is just cause for revocation of permits by the Department.

220-2-.11

Prohibited Methods And Devices For Hunting.

(1) It shall be unlawful to concentrate, drive, rally, molest or to hunt, take, capture or kill or attempt to hunt, take, capture or kill any bird or animal from or by the aid of:

(a) Any automobile, motorcar, airplane, train, motorboat, sailboat or any type mechanically propelled device, or any other device being operated in conjunction with any of the above-mentioned devices of transportation. Provided, however, that nothing in this regulation shall prevent hunting from a floating craft (except a sinkbox), including those propelled by motor, sail and wind, or both, when the motor of such craft has been completely shut off and/or the sails furled, as the case may be, its progress therefrom has ceased, and it is drifting, beached, moored, resting at anchor, or it is being propelled by paddle, oars or pole, and provided further that nothing in this regulation shall prevent the taking of game birds and game animals from any stationary motor vehicle or stationary motor driven land conveyance provided any forward motion is ceased and engine is shut off. Nothing in this regulation allows the hunting, taking or killing or attempting to hunt, take or kill any bird or animal from any vehicle on a public road.

(b) Any electrically amplified turkey, dove or waterfowl calls or sound whether real or imitation. Nothing in this regulation shall prevent the use of electrically amplified crow calls. The possession of any electrical device and/or records capable of producing real or imitation turkey, dove or waterfowl calls of any type in the woods, field, or on the waters of this State shall be a violation of this regulation.

(c) Fire or smoke whether man-made or natural.

(d) Any live decoys, except when hunting unprotected birds or animals, provided that banded live pen raised quail may be used in a recovery pen as a call bird when such recovery pen is used to recover pen raised quail as provided for in Regulation 220-2-.16.

(e) It shall be unlawful for any person while engaged in hunting turkey in this State to use or have in his possession

a decoy which has mechanical or electronic parts which makes the decoy capable of movement or producing sound or which can be manipulated to produce movement or sound. Mechanical parts include, but are limited to, decoys attached to weapons or handheld and manipulated to produce movement such as fanning or reaping. It is further provided, however, that no turkey decoys shall be lawful except during spring turkey season in the area of use.

(f) From floodwater. It shall be a violation of this regulation to hunt or attempt to hunt or take any species of resident bird or animal taking refuge in, swimming through, flying over, or resting in a tree, bush, or log standing or floating in any floodwaters or backwaters or taking refuge on any island less than forty acres in size created by any such flood or backwaters. Provided, however, that nothing in this regulation shall prevent the taking of migratory waterfowl from such areas.

(g) Any area where feeding has taken place, until all the feed has been removed or consumed for at least 10 days prior to such hunting.

(h) Gasoline or any noxious chemical or gaseous substance to drive wildlife from their burrows, dens, or retreats.

(2) Except as otherwise provided by Rule 220-2-.03 for laser type range finders with computational capabilities on bows and conditional use of laser sighting devices by legally blind hunters, it shall be unlawful for any person to hunt with a bow or gun that has a light source attached that is capable of casting a beam of light (including a laser sight) forward of said bow or gun or to possess such a light source adapted for attachment to said bow or gun while hunting.

220-2-.16 Period For Training Bird Dogs.

(1) Any licensed dog trainer may train bird dogs and any licensed hunter may train his/her own bird dog during the closed hunting season. Any licensed dog trainer and any licensed hunter may train his/her bird dogs with the aid of a recovery pen to recover the pen raised quail used in training bird dogs, provided that all pen raised quail used shall be banded and any unbanded birds taken in the recovery pen shall be immediately released.

(2) Under no circumstances, however, shall such training be accomplished or allowed with the use of a gun during the closed hunting season other than as outlined below. Such trainer or owner may train such dogs by using a pistol loaded with blanks only. The training of bird dogs through the use of shotguns and live ammunition shall be allowed at any time of the year, provided that such training be restricted to a specific location predesignated to and approved by the Conservation Officer assigned to the area where the training is to take place; that the dogs are controlled in a manner restricting them

to the specified training area; that only unprotected birds be involved; and that written permission for such training be obtained from said Conservation Officer assigned to such area.

220-2-.17 Organized Field Trials. It shall be unlawful for any resident or nonresident of this State to participate in any organized field trial without a hunting license unless approved in writing by the Department of Conservation and Natural Resources and conducted pursuant to a valid permit from the Department. In the process of such organized field trial events, no guns using live ammunition shall be used nor shall any game animals or birds be taken or killed. Further, during the course of approved hunting dog field trials (which trials shall only be conducted pursuant to possession of a valid permit from the Department of Conservation and Natural Resources), only properly marked pen-raised quail or mallard ducks may be shot. Provided the organization receives a permit as provided for herein, the shooter, or person bearing the gun, will not be required to have a hunting license. Only one person at a time may possess a gun during the course or stations of a permitted field trial where such quail or ducks will be shot. An organized field trial permit where such quail or ducks are taken will only be issued for a predesignated marked course or hunting dog trial stations. Approval of the local conservation officer (or Commissioner's designee) will be required prior to the issuance of a hunting dog field trial permit where such quail or ducks are to be taken. Permits for organized field trials will be limited to three permits per organization per year and will only be issued for periods from September 1 through May 15. These date restrictions do not apply to raccoon or fox field trails. An administrative fee of Fifty Dollars (\$50) will be required for each permit to cover the Department's costs associated with organized field trial activities. Applicants will be required to submit the name of the organization, name of the organization's manager, driver's license and social security numbers and date of birth of the organization's manager, as well as additional addresses, phone numbers, and e-mail addresses. Applicants will also be required to provide the physical address or GPS coordinates of the location of the field trial, and the date and type of the field trial event. Organized fields trials

on Wildlife Management Areas and Open Permit-Public Land (as defined in rule 220-2-.85(2)), such as national forests lands, will not be approved under field trial permits. Notwithstanding the foregoing, organized field trials may be held at the Barnett Lawley Field Trial Facility managed by the State Lands Division.

220-2-.27 Permit To Take Protected Wildlife Causing Crop Damage, Property Damage, Or Concern For Human Safety. Protected wildlife causing crop damage, property damage, or a reasonable concern for human safety, may be taken at times and by means otherwise unlawful by first procuring a permit from the Department of Conservation and Natural Resources. Permits for the removal of protected wildlife will be issued by the Commissioner of the Department of Conservation and Natural Resources or his designee if after investigation it has been determined that such protected wildlife should be removed for human safety, or to protect agricultural crops or other property from excessive damage. Feral swine and coyotes are species for which the necessity of demonstrating specific damage is not required. Such permits will only be issued to the person owning the land or his/her official agent or to any person who has a lease on such lands, provided the lessee has the permission of the landowner to remove protected wildlife. Except for feral swine, permits shall not be issued to take, capture or kill protected wildlife causing damage to crops planted for wildlife management. All wildlife taken shall be disposed of as directed by the issuing agent, and except for feral swine it may not be utilized personally. All feral swine taken under permit must be killed on site in accordance with 220-2-.86.

The means, methods and times for which a permit is valid may be stipulated.

Any person, firm or corporation engaging in the business of wildlife damage control shall obtain a permit from the Department prior to taking, capturing or killing wildlife and shall conduct wildlife damage control only under terms and conditions as specified by the Commissioner or his designee.

A property owner or tenant shall be allowed to take one squirrel, rabbit, raccoon, opossum, beaver or skunk per incident that is causing damage to said individual's property without a permit. A property owner or his agent may take blackbirds without permit when found causing damage or posing a nuisance or health threat.

Persons taking, capturing or killing wildlife under the provisions of this regulation shall abide by all state and local laws and ordinances. Live caught animals may not be relocated across a county line or a major river drainage.

220-2-.30 Fur-Bearing Animals Designated/Trap Specifications/And Prohibited Devices/Tagging Requirement. The following shall be named and designated as fur-bearing animals in Alabama:

Beaver, Bobcat, Fox, Mink, Muskrat, Nutria, Opossum, Otter, Raccoon, Striped Skunk, Coyote, and Feral Swine.

(1) Trap Specifications - It shall be unlawful for any person to set or use a leg hold trap on land that has an inside diameter jaw spread greater than six (6) inches as measured at the widest point perpendicular to the frame and parallel to the trap dog and for those traps without a dog, at the widest point parallel with the pan shank. Leg hold trap having teeth or serrated edges along the inside of one or both jaws are prohibited. All body gripping traps with jaw width exceeding 5 inches as measured from the inside of the main jaw at the trigger assembly to the inside of the opposing jaw across the entrance window, and snares (except powered foot snare with a maximum loop of 5 1/2 inches) are prohibited for use in trapping fur-bearing animals on land. It shall be unlawful for any person to trap in the State of Alabama without identifying each trap with a metal tag bearing the name and address or Conservation Identification Number (CID) of the owner. Instructions for obtaining a CID are available at www.outdooralabama.com.

(2) Any person trapping fur-bearing animals, except for feral swine, in the State of Alabama must carry a choke stick while running traps. When trapped fur-bearing animals are dispatched with a firearm, only standard .22 caliber rimfire firearms may be used. However, feral swine may be dispatched by any firearm or sharpened blade.

(3) Tagging Bobcat/Otter Pelts - Persons taking bobcat and otter must have the fur or pelts tagged by representatives of the Division of Wildlife and Freshwater within 14 days of taking and before the fur or pelt is sold or otherwise disposed of.

(a) However, a licensed fur catcher may sell untagged bobcat and otter to an authorized resident fur dealer and leave a completed signed fur tag report with said dealer. The dealer must then have the bobcat and otter tagged by a representative of the Division of Wildlife and Freshwater Fisheries within 14 days of purchasing bobcat or otter pelts.

(b) Legally acquired bobcat and otter pelts or carcasses may be delivered untagged to a resident taxidermist for mounting if the owner leaves a completed, signed fur tag report with said taxidermist. The taxidermist must then have

the bobcat and otter tagged by a representative of the Division of Wildlife and Freshwater Fisheries within 14 days of taking delivery of said pelts and transmit the completed fur tag report to Division of Wildlife and Freshwater Fisheries representative at the time the pelt or carcass is tagged.

(c) Tags may be removed from bobcat and otter pelts when processed by a taxidermist for mounting. However, the removed tag must remain with the mounted specimen when it is returned to its owner and until the mount and pelt are destroyed.

(d) It shall be unlawful for anyone to ship, transport, or export bobcat and otter pelts from this state unless said bobcat and otter pelts are tagged by a representative of the Division of Wildlife and Freshwater Fisheries.

(e) All bobcat and otter pelts shipped or imported into this state must be officially tagged by the state of origin.

(4) It shall be illegal to set a trap on top of a post or stake elevated above ground level.

(5) It shall be unlawful for any person to possess a furbearer alive beyond the confines of the trap without permit from the Commissioner of the Department of Conservation and Natural Resources or his designee. Except for feral swine, all furbearers shall be immediately dispatched or released at the trap site. All feral swine must be killed at the site of capture in accordance with rule 220-2-.86.

(6) It shall be unlawful for any person to disturb a legally set trap or to remove a furbearing animals from a trap without permission of the owner

220-2-.35 Seasons, Creel And Size Limits For Fish On Public Waters Or Banks Thereof.

(1) The following seasons for taking fish in accordance with the below stated times, places, manners and restrictions are hereby established. Unless noted below, the seasons for all designated game and commercial fish are open continuously.

(2) It shall be unlawful for any person to take or have in possession more than the daily limit for any fish as established herein. This shall not apply to fish held live for release by the sponsor or its designated agent after a bonafide fishing tournament provided they are released unharmed to the public waters from which they were taken as soon as reasonably possible on the same day they were taken. This does not obligate the sponsor or its designated agent to release dead or dying fish.

(3) Except as otherwise noted, it shall be unlawful to possess any fish less than or greater than size restrictions as established herein. Size restrictions on all fish are determined by measuring from the front of the mouth to the tip of the tail with both mouth and tail closed. Except as otherwise provided for certain State and Federally owned and/or managed fishing lakes and ponds, the daily creel, possession limits and size restrictions for fish in all public waters of this State shall be as follows:

Daily Creel and Possession Limit

(a) **Black Bass..... 10**
Includes combinations of largemouth, smallmouth, spotted, Alabama, shoal and those species formerly known as "redeye" bass, which are now known separately as Coosa, Warrior, Cahaba, Tallapoosa and Chattahoochee bass, based on their respective drainages. The Alabama bass was formerly known as spotted bass in the Mobile drainage. No more than 5 of the daily creel limit of 10 may be smallmouth bass. See exceptions for shoal bass in specific tributaries of the Chattahoochee River.

(b) **Walleye..... 2**
It shall be illegal to take or attempt to take walleye by any method from Sweetwater Lake located in the Talladega National Forest, Cleburne County, from White Plains Lake (also known as Whitesides Mill Lake), Calhoun County and from Shoal Creek

upstream of White Plains Lake, Calhoun and Cleburne Counties. It shall also be illegal to take or attempt to take walleye by any method from Lake Mitchell on the Coosa River between Mitchell Dam and Lay Dam or from its tributary streams, Walnut Creek in Chilton County, Hatchet Creek in Coosa and Clay Counties, Weogufka Creek in Coosa County, the Mulberry Fork River and the Sipsey Fork River or any of their tributary streams in Blount, Cullman, Lawrence, Walker, or Winston Counties. Any walleye taken in these lakes or streams shall immediately be released back into the waters from which they were taken with least possible harm.

(c) **Sauger**..... 5
It is illegal to possess any Sauger less than 15 inches in total length.

(d) **White Bass**..... 15

(e) **Yellow Bass**..... 15

(f) **Saltwater Striped Bass, and Hybrids or Combinations.**
15
No more than five of the 15 may exceed 22 inches in total length. See exceptions for Lewis Smith, Inland, Yates, and Thurlow reservoirs and Lake Martin.

(g) **Crappie**..... 30
It is illegal to possess any crappie less than nine inches in total length taken from Alabama public waters, including Aliceville Reservoir and effective October 1, 2001, Pickwick Reservoir. Waters exempt from the nine-inch crappie limit include impoundments less than 500 surface acres, and the reciprocal waters of the Chattahoochee River and Impoundments and their tributaries, Bear Creek Reservoir (Big Bear Lake of the B.C.D.A. Lakes), Lake Jackson at Florala and Weiss Reservoir.) See exception for Weiss Reservoir.

(h) **Yellow Perch**..... No Limit

(i) **Catfish (under 34 inches)**..... No Limit

(j) **Catfish (34 inches or greater)**..... 1
This size limit shall not apply to catfish harvested from the Perdido, Conecuh, Blackwater, Yellow, Choctawhatchee, Chipola, and Chattahoochee rivers basins. It shall be unlawful to transport live catfish 34 inches in length or greater beyond the boundaries of this state.

- (k) **Bream**..... 50
- (l) **Rainbow Trout**..... 5
 It shall be unlawful to fish with more than two rods or to cull from the creel any trout caught from the Sipsey Fork from Lewis Smith Dam downstream to the confluence with the Mulberry Fork. (See Paragraph 5 for definition of culling).
- (m) **Alligator Gar**..... 1
 All alligator gar caught with commercial fishing gear must be immediately returned to the water with the least possible harm.
- (n) **Sturgeon**..... Closed Season
 All sturgeon must be immediately returned to the water with the least possible harm.
- (o) **Paddlefish or Spoonbill Catfish**... Closed Season
 All paddlefish must be immediately returned to the water with the least possible harm.
- (p) **Skipjack Herring**... 100
- (4) **SIZE LIMITS** - As provided for above, as posted in State and Federally owned and/or managed public fishing lakes and ponds, and as follows:
- (a) **Chattahoochee River Tributaries** - It is illegal to possess shoal bass in Little Uchee, Uchee, Osanippa, Halawakee and Wacoochee creeks.
- (b) **Guntersville Reservoir and Its Tributary of Town Creek** - It is illegal to possess any largemouth or smallmouth bass less than 15 inches in total length.
- (c) **Harris Reservoir** - It is illegal to possess any largemouth bass between 13 inches and 16 inches in total length.
- (d) **Lake Jackson at Florala** - Creel limit of five black bass greater than 12 inches in total length. Only one of the five can be over 22 inches in total length.
- (e) **Inland Reservoir** - It is illegal to possess more than two saltwater striped bass that exceed 22 inches in total length in the daily creel limit and only one of those may exceed 30 inches in total length.

(f) **Lewis Smith Reservoir** - It is illegal to possess more than two saltwater striped bass that exceed 22 inches in total length in the daily creel limit. It shall be unlawful to intentionally cull from the creel any saltwater striped bass from June 15th to October 15th. (See paragraph 5).

(g) **Lewis Smith Reservoir** - It is illegal to possess any black bass between 13 inches and 15 inches in total length.

(h) **Little Bear Creek Reservoir of the B.C.D.A. Lakes** - It is illegal to possess largemouth bass between 13 inches and 16 inches in total length.

(i) **Lake Martin** - It is illegal to possess more than two saltwater striped bass that exceed 22 inches in total length in the daily creel limit. It shall be unlawful to intentionally cull from the creel any saltwater striped bass from June 15th to October 15th. (See paragraph 5).

(j) **Pickwick Reservoir** - It is illegal to possess any smallmouth bass or largemouth bass less than 15 inches in total length.

(k) **Thurlow Reservoir** - It is illegal to possess more than two saltwater striped bass that exceed 22 inches in total length in the daily creel limit and only one of those may exceed 30 inches in total length.

(l) **Walter F. George Reservoir (Lake Eufaula) and its Tributaries** - It is illegal to possess any largemouth bass less than 14 inches in total length.

(m) **Weiss Reservoir** - It is illegal to possess crappie less than 10 inches in total length.

(n) **West Point Reservoir and its Tributaries** - It is illegal to possess any largemouth bass less than 14 inches in total length.

(o) **Wheeler Reservoir** - It is illegal to possess any smallmouth bass less than 15 inches in total length.

(p) **Wilson Reservoir and Its Tributaries of Big Nance and Town Creeks** - It is illegal to possess any smallmouth bass less than 15 inches in total length.

(q) **Yates Reservoir** - It is illegal to possess more than two saltwater striped bass that exceed 22 inches in total length in the daily creel limit and only one of those may exceed 30 inches in total length.

(r) **Chattahoochee River and Impoundments and Tributaries** - Special creel limits apply in reciprocal waters as specified under regulation 220-2-.122.

(5) For the purposes of this regulation in paragraphs (3)(1), (4)(f), and (4)(i), "culling" shall be defined as removing and releasing a fish from the creel (live well, stringer, basket, bucket, cooler, or other container) whether it is replaced or not.

(9) It shall be unlawful to operate any size gasoline powered outboard motor on the state-owned public fishing lakes except where expressly permitted as posted. Where gasoline powered outboard motors are allowed, they shall be operated only at slow trolling speed creating no wake.

(a) It shall be unlawful to operate such motors at any speed greater than trolling speed.

(10) No Camping - There shall be no camping on state-owned public fishing lake land unless by special permission of the Commissioner of Conservation and Natural Resources.

(11) No Swimming or Wading - There shall be no swimming or wading in the State-owned public fishing lakes.

(12) Personal Injuries or Accidents - The Department of Conservation and Natural Resources shall not be responsible for any accident or injury to any person while on public fishing lake property or when utilizing the public lake facilities. Any person coming within the boundaries of the state-owned public lakes shall, by such entrance or use, waive any claim against the State or its agents for any accident or injury occurring while on or within public lake property.

(13) It shall be unlawful to use sailboats in public fishing lakes operated by the Game and Fish Division of the Department of Conservation and Natural Resources. It shall be

unlawful to use any other type of boat on said lakes for any purpose other than fishing.

(14) It shall be a violation of this regulation to launch any boat on said lakes without first obtaining a launching permit and such fishing permits as may be required at each lake.

(15) State Laws Applicable - All state laws now in force and laws, which may hereinafter be enacted by the Legislature, shall be maintained in the public lake areas.

(16) Conduct at State-Owned Public Fishing Lakes - Any person, who conducts himself or herself in an unruly or disorderly manner in any public lake area, and any person, who so conducts himself or herself in a manner which will tend to annoy or disturb any visitor or employee, shall be in violation of this regulation. Any person in violation of this regulation shall not be entitled to a refund of any fee or rental.

(17) Soliciting or Advertising in State Lake Areas - No person shall solicit, sell or advertise in any public area without the written authorization of the Commissioner of Conservation and Natural Resources.

(18) Removal of Shrubs or Wild Flowers - In order to protect all native, wild or domesticated trees, shrubs, plants, and flowers from destruction and to conserve the same, it is hereby made unlawful for any person to cut, destroy, damage or remove any such tree, bush, shrub, plant or flower growing in any public lake area. Any person, who willfully destroys, cuts, or breaks or removes any such tree, shrub, bush, plant or flower growing in any public lake area, shall be in violation of this regulation unless given special permission to do so from the Commissioner of Conservation and Natural Resources.

(19) Defacing or Destroying State Property - Any person, who litters, defaces or destroys any real or personal property in any of the public lake areas of Alabama and any property belonging to the State of Alabama in any of the public lake areas, shall be in violation of this regulation.

(20) State-Owned Public Fishing Lake Land Designated as Wildlife Sanctuaries - It shall be unlawful for any person to hunt, trap, pursue, catch or kill, or attempt to hunt, trap, pursue, catch or kill any wild bird or wild animal or possess any firearm, except handguns lawfully possessed for personal

protection, or bow and arrow in any of the places herein mentioned without special permission of the Commissioner of Conservation and Natural Resources.

(21) Speed Limits for Vehicles - The maximum speed limit for any power-driven vehicles shall be 25 miles per hour unless otherwise specified by signs. All motorists shall come to a complete stop before crossing any intersection in any public lake area. This maximum speed limit shall be reduced as is reasonable when driving through any congested area; and when any person is driving through any congested area in the public lake area, he shall exercise every caution possible.

(22) Only licensed vehicles shall be allowed on public lake roads; no off-road traffic shall be permitted.

(23) It shall be unlawful for any person or persons to consume alcoholic beverages at any public fishing lake during the hours of operation.

(24) It shall be unlawful for any unauthorized person to catch, take or attempt to take or catch fish, by any means whatsoever, in the ponds and lakes located on the fish hatcheries operated by the Game and Fish Division of the Alabama Department of Conservation and Natural Resources; provided however, this provision shall not apply to that lake known as Perry Lake.

(a) It shall be a violation of this regulation for any person to harass any such hatchery fish or to stock or release any fish into any such hatchery pond or lake.

(b) It shall be unlawful for any person

1. to swim or wade in any pond or lake located on said hatcheries,

2. to camp on said hatcheries without the special permission of the Commissioner of Conservation and Natural Resources,

3. to solicit, sell or advertise in any public area of said hatcheries without the written authorization of the Commissioner of Conservation and Natural Resources,

4. to cut, destroy, damage or remove any tree, shrub, bush, plant or flower growing on any such hatchery,

5. to litter, deface or destroy any real or personal property belonging to or operated by the State of Alabama on said hatcheries, or

6. to operate any motor vehicle on said hatcheries except as same is permitted by, and in accordance with, signs posted thereon.

(c) All state-owned and/or operated fish hatcheries are designated as Wildlife Sanctuaries, and it shall be unlawful for any person to hunt, trap, pursue, catch or kill or attempt to hunt, trap, pursue, catch or kill any wild bird or wild animal on any such hatchery without the special permission of the Commissioner of Conservation and Natural Resources.

220-2-.37 Restricted Use Of Public Access Areas.

(1) Definition: Unless the context clearly indicates otherwise, in this regulation, the term "public access area" shall include any state-owned, leased, and/or operated boat launching and/or landing access area, parking lot, ramp, pier, and any real or personal property within the boundaries of said areas.

(2) Picnicking, except at tables provided, and camping are prohibited at all public access areas. Swimming or any other activities, to the extent that swimming or any other activity may interfere with the intended use of any public access area by the public, are forbidden; provided, however, that in any event it shall be unlawful to swim or wade within fifty (50) feet of any ramp at any public access area.

(3) The mooring of boats, houseboats and other watercraft is forbidden at all public access areas. In addition,

the dry-docking, storage, or abandonment, of any type of vessel, vehicle, or other personal property item, is prohibited at all public access areas.

(4) Public access areas are for the use of the pleasure boating, hunting and fishing public in general only. No commercial, industrial or construction equipment such as barges, dredges, etc., are to be loaded or unloaded without the specific written authorization of the Commissioner of Conservation and Natural Resources.

(5) Persons using public access areas shall park their vehicles and/or trailers in designated parking areas or, when areas are not designated, in such a way so as not to block any part of the ramp or pier or approach to the ramp or pier or interfere with the use of the public access area by other persons.

(6) It shall be unlawful to discharge firearms on all public access areas.

(7) Defacing or Destroying State Property - Any person who litters, defaces or destroys any real or personal property on any of the public access areas or any property belonging to the State of Alabama in any of the public access areas, shall be in violation of this regulation.

(8) Only licensed vehicles shall be allowed on public access areas, except that mobility-impaired persons may utilize other power-driven mobility devices (subject to the applicable assessment factors), pursuant to and in accordance with the Americans with Disabilities Act of 1990 and 28 CFR 35.137. Off-road traffic is prohibited. Nothing in this regulation shall prevent the use of properly licensed motorcycles on public access area roads or parking lots.

(9) Soliciting or Advertising on Public Access Areas - No person shall solicit, sell, advertise, or install any sign on any public access area without the written authorization of the Commissioner of Conservation and Natural Resources.

(10) It shall be unlawful for any unauthorized person(s) to build, tend, or maintain any fire at any public access area.

(11) Except as otherwise permitted by written permission of the Commissioner of the Department of Conservation

and Natural Resources, it is hereby made unlawful for any person to cut, destroy, damage or remove any such tree, bush, shrub, plant or flower growing at any public access area.

(12) Personal Injuries or Accidents - The Department of Conservation and Natural Resources shall not be responsible for any accident or injury to any person while at or in public facilities. Any person coming within the boundaries of the public access areas shall, by such entrance or use, waive any claim against the State of Alabama, its employees, or its agents for any accident or injury to person or property occurring while on or within the said public access areas.

(13) It shall be unlawful for any person or persons to consume alcoholic beverages at any public access area.

220-2-.38 Taking Of Suckers Permitted In Certain Counties.

It shall be legal for sport fishermen holding a valid sport fishing license to take all species of suckers during any hour of the day or night by the use of gill or trammel nets with a mesh of one inch (1") or more measured from knot to knot (stretch of two inches) in the public waters of Butler, Coffee, Covington, Crenshaw, Dale, Geneva, Henry, Houston, and Pike Counties during the months of January, February, and March, provided such nets are checked a minimum of once every 12 hours and marked with buoys or floats visible above the waterline on which the owner's sport fishing license number is listed. Such nets may not be used for taking of suckers or any other fish in the following rivers and impoundments thereof located in the above counties: Conecuh River, Chattahoochee River, Choctawhatchee River; Patsaliga River, Pea River, Sepulga River, and Yellow River. Suckers taken under the provisions of this regulation are for personal use only and may not be sold, traded or bartered.

220-2-.39 Legal Methods Of Taking Minnows, Shad, And Suckers For Bait And Mullet In Freshwater. It is hereby made lawful to take minnows, shad, the following species of suckers: spotted sucker, *Minytrema melanos*; black redhorse, *Moxostoma duquesnei*; golden redhorse, *Moxostoma erythrurum*; and the blacktail redhorse, *Moxostoma poecilurum*; by the use of a cast net, minnow jug, minnow basket, not to exceed 24 inches in length, 12 inches in diameter, with funnel entrance not more than one inch in diameter, or dip net or seine, commonly known as a minnow seine, the length of which shall not exceed 25 feet and the width or depth of which shall not exceed 4 feet for the purpose of taking shad, minnows, or the sucker species identified above for the exclusive use as fish bait. However, no seines may be used in un-impounded tributary streams and creeks. Seines are legal gear only in man-made impoundments and in major rivers to include the Alabama, Coosa, Tallapoosa, Tombigbee, Black Warrior, Mobile, Tensaw and Tennessee Rivers. It is illegal to transport suckers caught in the Tennessee River watershed for bait to waters outside the Tennessee River watershed. Further, no suckers caught for bait outside the Tennessee River watershed shall be transported for bait into the Tennessee River watershed. The use of any seine of larger proportions than herein provided is illegal, and the possession of a seine of larger proportions than herein provided in any public freshwater or on the bank of any such waters shall be prima facie evidence that such net is being used illegally. It is further made lawful to take mullet by cast net in freshwater. The daily creel and possession limit for mullet taken with a cast net will be the same as permitted under Marine Resources Regulation 220-3-.03. All game fish and all commercial or non-game fish, except mullet, as listed under Rules 220-2-.34 and 220-2-.45 taken by nets or seines as allowed under this regulation shall be immediately returned to the water from whence they came with the least possible injury.

220-2-.40 Taking Fish In Waterfowl Management Areas And Certain State Lakes.

(1) Whenever the Director of the Wildlife and Freshwater Fisheries Division (WFF) of the Department of Conservation and Natural Resources shall announce in writing that a waterfowl feeding pond or lake located on any wildlife management area or a State Lake operated by the Department of Conservation and Natural Resources is to be drained or pumped dry, resulting in the death of fish located in any such pond or lake, such fish of any species may be taken, or attempt to be taken, in any number regardless of creel limits by any holder of a valid fishing license, and in the case of WFF managed state lakes as defined in 220-2-.36, possession of a daily permit, by the use of hands, nets, seines, gigs, spears, or snatch hooks. Such fish shall not be taken by the use of explosives, poison, or firearms of any type or description.

(2) Only those holders of a valid commercial fishing license may sell Commercial or non-game fish except catfish. The sale or barter of any game fish or catfish of any species taken by anyone from any area covered under this regulation is hereby prohibited.

(3) Nothing in this regulation shall be construed or interpreted to legalize any type of fishing equipment for the taking of fish under any circumstances other than those outlined in this regulation. Provided, however, that this regulation shall not apply to the Swan Creek Management Area in Limestone County.

(2) It shall be unlawful to take fish for commercial purposes and/or to use commercial fishing gear within any dewatering unit within the state during waterfowl season.

(1) For the purposes of the freshwater fishing licensing requirements of Sections 9-11-53, 53.4, 55, and 56, Code of Ala. 1975, said licenses shall be applicable to such activities as provided for therein which occur north of the below-described line, as well as below said line in those ponds or lakes containing freshwater fish. For the purposes of the saltwater fishing licensing requirements of Sections 9-11-53.1, 53.5, and 55.2, Code of Ala. 1975, said licenses shall be applicable to such activities as provided for therein which occur south of the below-described line. The line is described as follows:

Beginning at the Mississippi State line, a meandering line following U.S. Highway 90 eastwardly to its junction with State Highway 188; State Highway 188 eastwardly to its junction with State Highway 193; State Highway 193 northwardly to its junction with State Highway 163; State Highway 163 northwardly to its intersection with Interstate Highway 10 (except all of the Theodore Industrial Canal); Interstate Highway 10 eastbound lane (except that portion of Interstate Highway 10 which lies north of State Highway 90 Battleship Parkway, in which case the line follows the Battleship Parkway) to Interstate Highway 10's intersection with U.S. Highway 98; U.S. Highway 98 southwardly and eastwardly to its intersection with State Highway 59; State Highway 59 southwardly to its intersection with Baldwin County Highway 20; Baldwin County Highway 20 eastwardly to its intersection with Baldwin County Highway 95; Baldwin County Highway 95 northwardly to its intersection with U.S. Highway 98; U.S. Highway 98 eastwardly to its intersection with the western shore of Perdido Bay; then the western shore of Perdido Bay northwardly to the intersection of the Florida State Line and the mouth of the Perdido River.

(2)(a) All commercial fishing operations, as well as recreational netting operations, and all gear used in any of such operations, in state jurisdictional waters north of Interstate 10 eastbound lane (except that portion of Interstate Highway 10 which lies north of State Highway 90 Battleship Parkway, in which case the line follows the Battleship Parkway) shall be subject to those laws, rules and regulations of the Division of Wildlife and Freshwater Fisheries of the Department of Conservation and Natural Resources. Provided further, it shall be unlawful to use any net (other than hoop and fyke nets) with mesh size of less than three inches (3") knot to knot with a stretch or spread of less than six inches (6") in the public impounded waters and navigable streams in the state of Alabama north of the line described in this paragraph except as provided for in other regulations or laws of this state.

(b) All commercial fishing operations, as well as recreational netting operations, and all gear used in any of such operations, in state jurisdictional waters south of Interstate 10 eastbound lane (except that portion of Interstate Highway 10 which lies north of State Highway 90 Battleship Parkway, in which case the line follows the Battleship Parkway) shall be subject to those laws, rules, and regulations of the Marine Resources Division of the Department of Conservation and Natural Resources.

(3) Notwithstanding any provision herein to the contrary, however, from September 1 to December 31, it shall be unlawful to possess a gill net, trammel net, or other entangling net aboard a boat in the Mobile Delta south of L&N Railroad and north of a line running two hundred fifty (250) yards north of and parallel to Highway 90 (Battleship Parkway).

(4) Notwithstanding any provision herein to the contrary, however, it shall be lawful for any person (provided such person complies with all applicable laws, rules, and regulations) to take, catch, or possess commercial or non-game fish as defined in the laws of Alabama or regulations of the Department of Conservation and Natural Resources, in accordance with the below stated times, places, manners, and means:

(a) From January 1 to September 1, in Grass Bay, Chuckfey Bay, Choccolata Bay, Gustang Bay, Big Bay John, Bay Minette Basin and Bay, Little Bay John, Big Bay Bateau, Little Bay Bateau, and John's Bend, Monday through Friday, except official State of Alabama holidays, between the hours of sunrise and sunset, by the use of nets with a mesh size of not less than

three inches (3") knot to knot with a stretch or spread of not less than six inches (6"). These nets shall be constantly attended.

(b) From January 1 to May 31, in Grand Bay, Polecat Bay, and Bay Delvan, Monday through Friday, except official State of Alabama holidays, between the hours of sunrise and sunset, by the use of nets with a mesh size of not less than the general minimum mesh size for fish other than menhaden for "inside waters" under the jurisdiction of the Marine Resources Division as provided in 220-3-.03; provided that any person in these areas possessing, using, or attempting to use, a gill net with a mesh size less than three inches (3") know to knot is required to be licensed and permitted under 9-11-141, 9-11-142, and 9-12-113, and shall have such licenses and permit in possession. These nets shall be constantly attended.

(5) Rule 220-2-.42, as previously promulgated, is hereby expressly repealed in its entirety.

(6) Violations of the provisions of paragraphs 2(a), (3) and (4) shall be punished as provided by Section 9-11-156, Code of Ala. 1975, or as otherwise provided by law.

220-2-.46 Legal Methods And Equipment For The Taking Of Commercial Or Non-Game Fish. The following are hereby designated as legal fishing equipment and methods for the taking of commercial or non-game fish or other unprotected fish in the fresh waters of this State. Any other equipment or methods used

in the taking of commercial or non-game fish or other unprotected fish is a violation of this regulation.

- (1) By Licensed or License-Exempt Sport Fishermen
 - (a) Rod and Reel
 - (b) Hook and Line
 - (c) Trot Line
 - (d) Set Line, including limb lines and jug lines
 - (e) Snag Line or Snare Line

1. It shall be unlawful to fish any trotline, snag or snare line without plastic or metal tag attached containing the owners name and either their address or fishing license number or phone number.

2. It shall be unlawful for any fisherman other than a licensed commercial fisherman to fish one or more trotline, snag or snare line or combination thereof containing more than 100 hooks.

(f) Bowfishing with any longbow, recurve bow, compound bow, crossbow equipped with a working safety or sling bow using barbed arrows attached by line to the bow, float, vessel or shooter.

(g) Spear or Similar Instruments (underwater) by Special License

- (h) Gigs or Grabbling

1. Grabbling, noodling, or hand fishing by means of hands, stick (reed, pvc pipe, string, or other similar object), or single barbless hook attached to stick (reed, pvc pipe, string, or other similar object).

2. Treble hooks, multi hoods, or any barbed hooks are prohibited.

(i) It shall be unlawful to set and leave unattended in the public waters of the State of Alabama for more than seven consecutive days all fishing gear provided, however, that any

set line or bush hook left unattended for 48 hours may be removed by Game and Fish Division personnel and destroyed.

(2) By Licensed Commercial Fishermen (All commercial gear is required to be tagged pursuant to Code of Ala. 1975, §9-11-22 with the license number of the commercial fisherman owning the equipment imprinted on the tag and have the location of the equipment marked pursuant to Code of Ala. 1975, §9-11-147).

(a) Trot Line

(b) Snag Line

(c) Set Line, including limb lines and jug lines

(d) Hoop and Fyke Nets the mesh of which is not less than 1 1/4 inches from knot to knot with a stretch or spread of not less than 2 1/2 inches after said net has been tarred and/or shrunk.

(e) Gill and Trammel Nets the mesh of which is not less than 3 inches knot to knot with a stretch or spread of not less than 6 inches after net has been shrunk.

(f) Slat Trap or Slat Basket made entirely of wood or plastic strips or slats in a boxlike or cylinder shape. At least 18 inches of the slat trap opposite the muzzle, including the end, shall be constructed with wood or plastic slats or strips of a width not greater than 3 inches running lengthwise or vertically of the trap and with a space between strips or slats of not less than one and one-eighth inches (1 1/8"), and provided further that any restrictions (which must be wood or plastic) between muzzle and back of trap or basket contain an opening of at least two (2) inches square to permit free passage of fish within said box or basket.

Provided further it shall be legal to use a trap made of round solid plastic, provide at least eighteen inches of the trap opposite the muzzle, including the end, shall have parallel openings a minimum of 1 1/8 inches wide running lengthwise or vertically of the trap. There shall be a maximum of three inches of solid material between the 1 1/8-inch parallel openings. The muzzle of such trap shall be constructed of netting with a mesh of at least 1 1/4 inches knot to knot with a stretch of 2 1/2 inches. Only a single muzzle may be used and the muzzle shall be attached to the trap with 100% cotton

material only. There shall be a minimum opening of two inches square between the muzzle and the back of the fish trap. Any round plastic trap not conforming to these guidelines shall be illegal.

(3) By Licensed Wire Basket Fishermen - Any person who possesses a valid wire basket license shall fish such baskets in compliance with Code of Ala. 1975, §§9-11-190 through 9-11-198.

(a) In the following counties a maximum of four (4) wire baskets with a mesh of one (1) inch or larger:

220-2-.47 Commercial Fishing Restrictions.

(1) Areas Restricted to Use of Nets and/or Slat
Boxes-

(a) Public Waters: It is hereby made illegal for any person to place any gill net, trammel net, hoop net or fyke net in the public waters of this State, in such a way that it extends more than half way across any river, creek, stream, slough or bayou and no net shall be placed closer than 50 feet to any other net.

(b) Public Impounded Waters: It is hereby made illegal for any person to place any gill net, trammel net, hoop net, fyke net or slat box closer than 25 feet from the water's edge in any public impounded water of this State, and provided further that on the Tennessee River, or its impoundments no person shall place a net closer than 100 feet from the water's edge and no person shall place any net or slat box within 300 feet above or below any tributary of the Tennessee River.

(c) It shall be unlawful to use nets of any type for fishing purposes in all impounded public waters and tributaries thereto of Alabama in which Morone saxatilis, commonly known as saltwater striped bass, have been stocked. Nothing in this regulation shall be construed so as to preclude the lawful use of set lines, trot lines, or snag lines for the taking, killing or catching of commercial or non-game fish from said waters. The following lakes have been stocked: Lake Martin, Lake Jordan, Lake Mitchell, Lay Lake, Jones Bluff (name changed to R. E. "Bob" Woodruff Lake), Logan Martin, Neeley Henry and Weiss Lake. (These bodies of water were stocked prior to the original enactment of this regulation dated December 12, 1972.)

(d) It shall be unlawful to use nets of any type for commercial fishing purposes in all public impounded waters of

Alabama having 3,000 or less surface acres. A list of these lakes is as follows:

<u>IMPOUNDMENT</u>	<u>COUNTY</u>
Gantt	Covington
Point A	Covington
Oliver	Tuscaloosa
Inland	Blount
Thurlow	Elmore, Tallapoosa
Yates	Elmore, Tallapoosa
Opelika City Lake	Lee
Purdy	Shelby, Jefferson
Thollocco	Dale
Oliver	Russell
Goat Rock	Lee
Columbia	Houston
Little Bear Creek	Franklin
Upper Bear Creek	Marion, Franklin, Winston
Bear Creek	Franklin

(2) It shall be unlawful to set and leave unattended in the public fresh waters of the State of Alabama for more than seven (7) consecutive days all fishing gear, including but not limited to, trot, snag and snare lines, hoop, fyke, gill and trammel nets, and slat traps and/or baskets; provided however, that any set line or bush hook left unattended for 48 hours may be removed by Game and Fish Division personnel and destroyed.

(3) It shall be unlawful to use nets of any type for commercial fishing purposes in the area of Wheeler Wildlife Refuge between Interstate 65 and U.S. Highway 31 and in the area of Limestone Bay, during the period of October 15 through February 15 of each year.

Freshwater Mussels. The following is hereby designated as legal fishing equipment and methods for taking of freshwater mussels or other freshwater bivalved mollusca in the freshwaters of this State. Any other equipment or methods used in the taking of freshwater mussels or other mollusca is in violation of this regulation.

(1) By use of brails with hooks and constructed of wire 14 gauge or larger and with prongs not longer than 2 inches from the tip of point to point where prongs are wrapped or joined.

(2) By hand and/or with the use of diving equipment.

(3) By the use of a shell bar with a limit of six (6) feet in length.

(4) Licensed fishermen may use a rake or dip net no wider than 24 inches to collect Asiatic clam *Corbicula* for fish bait. Harvest of any other species of freshwater bivalved mollusca with such equipment or sale of *Corbicula* harvested with such equipment will be a violation of this regulation.

220-2-.49 Size Restrictions On Freshwater Mussels Or Their Shells. It is hereby made illegal for any person or persons to take, catch, kill, buy, possess or transport for commercial purposes freshwater mussels or any type of freshwater bivalved mollusca listed below or the shells of such mussels or bivalved mollusca, less than the following sizes in diameter:

Washboard (<i>Megalonaias nervosa</i>).....	4 inches
Threeridge (<i>Amblema plicata</i>).....	2 5/8 inches
Pistol Grip (<i>Tritogonia verrucosa</i>)	2 5/8 inches
Elephant Ear (<i>Elliptio crassidens</i>).....	2 5/8 inches
Mapleleaf (<i>Quadrula quadrula</i>).....	2 5/8 inches
Ebony Shell (<i>Fusconaia ebenus</i>).....	2 3/8 inches
Pink Heel Splitter (<i>Potamilus alatus</i>)..	4 inches

Three Horn (<i>Obliquaria reflexa</i>).....	1 3/4 inches
Southern Mapleleaf (<i>Quadrula apiculata</i>)	2 5/8 inches
Bankclimber (<i>Plectomerus dombeyanus</i>)	3 inches
Bleufer (<i>Potamilus purpuratus</i>)	3 inches;

With the exception of Asiatic Clam *Corbicula* harvested from below the full pool elevation of impounded waters. All mussels or their shells less than the legal diameter must be immediately released and placed back in the waters from whence they came with the least possible injury. Mussels or their shells shall be measured from their dorsal to ventral surfaces by passing or attempting to pass the mussel or mussel shell by the weight of the mussel or mussel shell through a ring of the appropriate inside diameter. There shall be no allowance for undersize mussels or their shells.

220-2-.53 Mussel Buyers Required To Report.

(1) Standardized receipts must be completed by all resident and non-resident mussel buyers for all mussels purchased in the state of Alabama, including mussels originating from waters outside of the state of Alabama. The receipts shall be completed at the time of transaction and include the signature of the buyer. A copy of the receipt shall be issued to the mussel catcher at the time of transaction. Each receipt must be complete and legible, and include the following and any other information specified by the Commissioner: (1) buyer's license number; (2) mussel catcher's license number; (3) mussel catcher's name; (4) date of transaction; (5) body of water from which the mussels originated (in the form of numerical codes provided by the Department); (6) species taken (in the form of alphabetical codes provided by the Department); (7) pounds of each species purchased; (8) total pounds of mussels purchased; and (9) amount paid for the mussels. The same standardized receipts shall be used whether the shells originated from the waters of Alabama or another state.

(2) All mussels imported into the state of Alabama by a person, firm or corporation shall be accompanied by a bill of lading which provides the following information: (1) name of person, firm or corporation importing the mussels; (2) name(s) of person, firm or corporation that sold the mussels being imported; (3) date of shipment of mussels being imported; (4) weight of mussels by species; (5) origin of shipment; and (6) destination of shipment. A copy of the bill of lading shall remain with the importing person, firm or corporation and made available to authorized Department employees at any reasonable time.

(3) Each person who purchases mussels shall be at the time of any purchase have proof on his person of possession of a current mussel buyer's license.

(4) Any mussel catcher who exports, or causes to be exported, mussels from the State of Alabama without first going through a buyer shall make payment of 5 cents per pound of mussel shell, with or without meat, to the Division of Wildlife and Freshwater Fisheries before such mussels are exported. Any such shipment shall be accompanied by a bill of lading as prescribed previously in this regulation for mussels imported and a receipt for said payment. A copy of the bill of lading and receipt for payment of tax shall be retained by the mussel catcher for a period of two years and subject to inspection by agents of the Division of Wildlife and Freshwater Fisheries at any reasonable time.

(5) Rule 220-2-.53, as previously promulgated, is hereby repealed in its entirety.

220-2-.55 Wildlife Management Areas Of Alabama.

(1) It shall be unlawful on ALL DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES, WILDLIFE AND FRESHWATER FISHERIES DIVISION MANAGED WILDLIFE MANAGEMENT AREAS, COMMUNITY HUNTING AREAS, SPECIAL OPPORTUNITY AREAS, PHYSICALLY DISABLED HUNTING AREAS, AND REFUGE AREAS, all of which are established as "Wildlife Management Areas" by Rule 220-2-.22 and all of which are hereinafter sometimes collectively referred to herein as "AREAS" or "AREA":

(a) To hunt, trap, use dogs, possess firearms, traps, or bow and arrow, except on open designated target ranges and except bow fishing equipment, without a valid AREA permit or by using the Outdoor Alabama Wildlife Management Area (WMA) Check-In application. An AREA permit or Outdoor Alabama WMA Check-In application is valid only during scheduled AREA seasons during legal hunting hours and only with the required hunting license(s) and stamps and only with weapons and ammunition permitted for hunting the wildlife listed on permit. See (hh) for limited exception for certain lawfully authorized handguns possessed for personal protection.

(b) To use dogs for stalk hunting of deer or for turkey hunting. (Leashed dogs may be used for the expressed purpose of retrieving wounded deer, limited to two (2) dogs for each tracking event.)

(c) To use dogs for hunting of feral swine or small game where dogs are expressly prohibited (except for the scheduled special feral swine dog hunt on W.L. Holland and Mobile-Tensaw Delta WMAs).

(d) To use dogs for hunting, training, or any other purpose outside any AREA established season.

(e) To conduct organized man drives during stalk deer hunts outside the hours of 10:00AM - 2:00PM.

(f) For any person under 16 years of age to hunt on any AREA unless accompanied by an adult who is either 21 years old or older or the parent, and who is in possession of all state hunting licenses required to hunt on an AREA.

(g) To have in possession any fully automatic rifle or any firearms, ammunition, or bow and arrow except as described below:

1. DEER: Stalk Hunting - Centerfire rifles using mushrooming and/or expanding type ammunition, pre-charged pneumatic arrow shooting rifles using an arrow equipped with a broadhead which has a minimum cutting diameter of 7/8" and two (2) sharpened edges, pre-charged pneumatic air powered guns .30 caliber or larger, shotguns using slugs or single round balls, muzzle-loading firearms .40 caliber or larger, centerfire handguns with a minimum of 4 inch barrel length using mushrooming and/or expanding type ammunition. All applicable laws regarding possessing and carrying handguns must be followed.

2. DEER: Stalk Hunting - Primitive Weapons Hunt - Muzzle-loading rifle, or muzzle-loading handguns .40 caliber or larger, muzzle-loading shotguns, pre-charged pneumatic arrow shooting rifles using an arrow equipped with a broadhead which has a minimum cutting diameter of 7/8" and two (2) sharpened edges, pre-charged pneumatic air-powered guns .30 caliber or larger, or bow and arrow (including crossbow).

3. DEER: Stalk Hunting - Archery - bow and arrow (including crossbows): Conforming to the provisions of Rule 220-2-.03.
4. DEER: Dog Hunts - Shotguns using buckshot only.
5. FERAL SWINE SPECIAL SEASONS: The same provisions as set out in (1)(g)1. and (1)(g)2. above, except at Seven Mile Island where Primitive Weapons Stalk Deer Hunt provisions only apply, as set out in (1)(g)2. above, with the addition of shotguns with slugs.
6. TURKEY: Shotguns using No. 2 shot or smaller and bow and arrow (including crossbows).
7. DOVE, WOODCOCK, SNIPE, AND RAIL: Shotguns using No. 2 shot or smaller and bow and arrow (including crossbows).
8. WATERFOWL & SANDHILL CRANE: Shotguns using steel shot, T size or smaller and bow and arrow (including crossbows). Waterfowl may also be hunted with other U.S. Fish and Wildlife Service approved shot and sizes.
9. QUAIL: Shotguns using No. 4 shot or smaller and bow and arrow (including crossbows).
10. SQUIRREL, CROW, AND RABBIT: Shotguns using No. 4 shot or smaller, rimfire firearms, muzzle-loading rifles and muzzle-loading handguns .40 caliber or smaller, rifles operated by air, and bow and arrow (including crossbows).
11. RACCOON AND OPOSSUM - Daylight hours: Shotguns using No. 4 shot or smaller, rimfire firearms, and bow and arrow (including crossbows) only. Nighttime hours: Shotguns using No. 4 shot or smaller or .22 caliber rimfire firearms.
12. BOBCAT, COYOTE, AND FOX: May be killed during any scheduled AREA hunt using weapons and ammunition that are legal for such designated hunts during daylight hours only.
13. BOW AND ARROW (including Crossbows): Conforming to the provisions of Rule 220-2-.03, will be legal on all AREA scheduled hunts. Crossbows will be legal during any open bow and arrow season dates for any species (including turkey). All archery equipment used during the bow fishing season of March 1 - August 31 must conform to the provisions of Rule 220-2-.46, relating to bow fishing.

14. FALCONRY: Will be legal on all AREA scheduled hunts for legally permitted falconers. Falconers may take migratory game birds (not more than three (3) a day) and resident game birds and animals on dates those seasons are open on each AREA.

15. TRAPPING: Standard .22 caliber or smaller rimfire firearms only (no magnums), during daylight hours only - except where expressly forbidden.

(h) To trap furbearers except as permitted under 220-2-.30.

(i) For any person 16 years of age or older to hunt on any WMA without possessing a WMA daily permit (obtained from a check station or kiosk self-service boxes located on WMA) or by using the Outdoor Alabama WMA Check-In application to check in and out each hunt day. (See map permit for check station and kiosk locations. Possession of the WMA Map Permit is not required if using the Outdoor Alabama WMA Check-In application.) For those using the WMA daily permit, the tear-off stub with the number matching the daily permit must be deposited in the return slot of self-service box. The remaining permit portion is to be retained in possession of the hunter while hunting and filled out completely and deposited into the return slot of the self-service box at a check station or kiosk for each day hunted.

(j) For any person to possess or to carry in or on a vehicle, any of the following: any firearms [including pistols/handguns, except as described in (hh)] with ammunition in the magazine, breech or clip attached to firearms, or black powder weapons with primer, cap or flash powder in place, or cocked crossbows. See (hh) for limited exception for certain lawfully authorized handguns possessed for personal protection.

(k) For hunters on dog deer hunts to leave stand assigned to them until instructed. The Geneva State Forest WMA dog hunt will be limited to 100 standers, registered and permitted through a permit system selected by an online random selection process. Further, it shall be unlawful for any hunter to release a dog not approved by Wildlife and Freshwater Fisheries Division (WFF) personnel on the Geneva State Forest WMA during the hunt.

(l) To camp on any AREA except in designated sites. Campers using generators must camp in site designated for generator use. On AREAS located on U. S. Forest Service lands, hunters must camp in designated camping areas, unless excepted by U.S. Forest Service rules specific to a unit - see local Forest Service rules. Individuals or groups may camp on AREAS for a period not to exceed nine (9) days in any thirty (30) day period. Campfires must be extinguished before departing. No warming fires shall be permitted away from camping area. All campers (portable shelters on wheels) must be removed from Barbour or Freedom Hills WMAs by sundown on the first Sunday following the last day of turkey season; otherwise, the camper may be towed from the WMA at the owner's expense; or, may be relocated to another portion of the WMA without WFF personnel being responsible for any damages or loss and the owner assessed a \$10.00 a day storage fee. No campers are permitted on Barbour or Freedom Hills WMAs, until September 1, unless approved by special PERMIT issued by the AREA biologist. All campers left unattended overnight must display the owner's contact information to include name, address, and phone numbers.

(m) To kill or willfully molest any species of wildlife except designated game species while legally hunting.

(n) To discharge fireworks at any time.

(o) To discharge firearms for target practice except on designated target ranges in accordance with listed rules during posted times and dates.

(p) To hunt or discharge firearms within 150 yards of any camping area, dwelling, dam or timber operation, 100 yards of any paved public road or highway, within a posted safety zone, or from within the right-of-way of any developed road (paved or unpaved) which is open for vehicular traffic [provided, however, that standers hunting the WMA roads closed to vehicular traffic (roads closed with gates and/or signage indicating closed to vehicular traffic) on Geneva State Forest and Upper Delta WMAs are allowed during scheduled dog deer hunts; hunters using shotguns with No. 5 shot or smaller are allowed to hunt AREA roads and right-of-ways, excluding any named county or state roads]. On AREAS located within U.S. Forest Service lands, hunters must adhere to U.S. Forest Service rules specific to that unit - see local U.S. Forest Service rules.

(q) To transport harvested deer or turkey from any AREA before recording harvest on the Outdoor Alabama WMA Application or WMA daily permit and checking such harvest at the WMA check station for data collection if hunt date is indicated as a mandatory check station day on the Outdoor Alabama WMA Application or WMA map permit. All other harvested game must be recorded on the Outdoor Alabama WMA Application or WMA daily permit.

(r) For any person, except authorized personnel, to operate any motor driven vehicle behind, under, or around any locked gate, barricaded road, or sign which prohibits vehicular traffic. Individuals with a mobility disability may request authorization in writing to use motorized vehicles or other power-driven mobility devices on AREAS. Such request will be evaluated based on the provisions of the Americans with Disabilities Act of 1990, as amended, and 28 C.F.R. §35.137.

(s) For any unauthorized person to possess and/or operate ANY UNLICENSED MOTOR DRIVEN VEHICLE (i.e. ATV, UTV, motorcycle, or electric-powered bike) on Charles D. Kelley-Autauga, Black Warrior, William R. Ireland, Sr. - Cahaba River, Choccolocco, Coosa, David K. Nelson, Hollins, Jackson County Waterfowl Areas except Coon Gulf Tract, Little River (within Little River Canyon National Preserve), Lowndes, Martin Community Hunting Area, Mulberry Fork, Oakmulgee, Perdido River, and Forever Wild Gothard - AWF Yates Lake AREAS.

(t) For any unauthorized person to possess or operate ANY UNLICENSED MOTOR DRIVEN VEHICLE on Barbour, Freedom Hills, Geneva State Forest, Grand Bay Savanna, James D. Martin-Skyline, Lauderdale, Mobile-Tensaw Delta, W.L. Holland, Sam R. Murphy, Riverton, Seven Mile Island, Swan Creek, Mallard Fox Creek, and Upper Delta AREAS, except when utilized for the express purpose of hunting, fishing, trapping, camping, or related activities; and when operated only on regularly used roads depicted on WMA map to be open for public four-wheel motorized vehicle traffic (excluding Geneva State Forest Zone B).

(u) For any unauthorized person to possess or operate ANY LICENSED MOTOR DRIVEN VEHICLE on any AREA, except when utilized for the express purposed of hunting, fishing, trapping, camping, or related activities; and when operated only on regularly used roads depicted on WMA map to be open for public four-wheel motorized vehicle traffic.

(v) For any unauthorized person to ride or possess horses on any AREA except: (1) on roads open to four-wheel motorized vehicles, excluding Charles D. Kelley-Autauga and Geneva State Forest Zone A (where no horses are permitted); and (2) in areas, roads, and trails, designated as open to horses, excluding Charles D. Kelley-Autauga and Geneva State Forest Zone A (where no horses are permitted). On Coosa horses are not permitted in the campgrounds from October 1 until after the last day of turkey season.

(w) For any unauthorized person to ride or possess horses on any AREA on days of scheduled gun deer hunts and during legal hours of turkey hunting, except those portions of AREAS kept open to such activity by the National Park Service, U.S. Forest Service, and except on Freedom Hills, James D. Martin-Skyline, the Jacinto Port Tract of W.L. Holland, and Mobile-Tensaw Delta AREAS where horses are only allowed on designated horse trails. At Freedom Hills, the Jacinto Port Tract of W.L. Holland, and Mobile-Tensaw Delta AREAS horses are only allowed from March 1 to the beginning of turkey season and May 15 to September 14. Riding or possession of horses on any AREA, except those on National Park Service lands, U.S. Forest Service lands, and Geneva State Forest, shall be restricted to holders of a valid WMA license and a valid WMA permit.

(x) For any person to hunt or trap any wildlife species (except turkey, migratory birds, and while hunting legally designated species during legal nighttime hours) without wearing a minimum of 144 square inches of hunter orange or full-sized hunter orange hat, except when hunting from an elevated tree stand twelve (12) feet or more from the ground, when hunting in an enclosed blind, or when traveling in an enclosed vehicle. A small logo and/or printing is permitted on the front of the hunter orange hat; otherwise, hunter orange, commonly called blaze orange, ten-mile cloth, etc., is legal. The various shades of red as well as camo orange are not legal.

(y) For any person except authorized personnel to block or otherwise stop traffic on any road or at any gate by parking a vehicle in such a way that passage around the vehicle, or access to the gate, is impeded.

(z) For any person to possess, deposit, distribute, or scatter grain/corn, salt, litter, or any other materials on any AREA without receiving approval from the Wildlife and Freshwater Fisheries Division.

(aa) To damage or remove any artifacts, trees, firewood, plants, dirt, gravel, or sod without legal authorization.

(bb) To erect any permanent tree stand; install any screw-in type steps, spikes, or nails; or otherwise damage any tree.

(cc) To intentionally cast a light of any kind, either handheld, affixed to a vehicle, or otherwise, between the hours of sunset and sunrise from motor vehicles except those vehicles traveling in a normal manner on an open established road.

(dd) To hunt from an elevated stand or platform without attaching themselves to the tree or platform with a full body safety harness capable of supporting their weight.

(ee) To violate any restrictions posted on the Outdoor Alabama WMA Check-In application, WMA map permit, or daily permit, or posted restrictions regarding entry, hunting, fishing, or other conduct.

(ff) To release any animal, bird, fish, or other wildlife on any AREA without first obtaining written permission from the Wildlife and Freshwater Fisheries Division.

(gg) To possess any open alcoholic beverages outside designated camping areas. Possession of alcoholic beverages shall be prohibited on the campgrounds of the Coosa WMA.

(hh) For any person to possess any firearm while hunting with bow and arrow or crossbow, except on days of hunter's choice gun deer hunts. Nothing in this regulation prohibits the possession of handguns by lawfully authorized persons for personal protection, provided the handguns are not used to hunt or take or to attempt to take wildlife except as otherwise provided by this regulation.

(ii) To hunt small game during youth gun deer and primitive weapon hunts on any AREA except on Grand Bay Savanna, W.L. Holland, and Mobile-Tensaw Delta WMAs, and except waterfowl in Upper Delta (Zone B) WMA.

(2) Individuals must follow the listed rules to participate in the scheduled youth deer, turkey, or waterfowl hunts on any AREA.

(a) Up to two (2) youth participants must be accompanied by an adult supervisor. The adult supervisor is to remain within 30 feet of the youth at all times.

(b) Youth is defined as those individuals who have not reached their sixteenth (16th) birthday.

(c) Adult is defined as those individuals 21 years old or older or the parent of the youth who are in possession of all required state hunting licenses (and state and federal waterfowl stamps if required to hunt waterfowl) and WMA map permit.

(d) Only one firearm will be allowed for each youth. Only the youth hunter will be permitted to utilize the firearm for hunting.

(3) All deer and turkeys harvested must be properly recorded and reported pursuant to paragraph (1)(q) above and through Game Check pursuant to Regulation 220-2-.146.

(4) Hunting on Blackwater River, Cedar Creek, Crow Creek, Fred T. Stimpson, Portland Landing, Prairie Glades, Uchee Creek, Upper State, and Thigpen Hill Special Opportunity Areas (SOA) will be permitted through a limited quota permit system selected by random computerized selection. Participants are required to obtain a Conservation Identification Number (CID) and apply through www.outdooralabama.com to register for a limited number of quota permits available for hunts on these AREAS. All successful applicants must obtain and have in possession a valid Alabama hunting license, WMA license, and state and federal duck stamps if applicable. **Any violation of any rules, regulations, or laws by permit holder or guest while hunting on any SOA will result in that individual forfeiting the remainder of their hunt and losing their eligibility for future SOA hunts.** Failure to participate in solicited hunt without providing Wildlife and Freshwater Fisheries 7 days prior notice of cancellation will result in that individual losing their eligibility for future SOA hunts. Permit holders and guests shall only hunt and scout in their assigned hunt unit(s). All other access on any SOA is restricted to foot traffic and non-motorized vehicles only and only during daylight hours from May 15 to September 1 (excluding Crow Creek, Fred T. Stimpson, Upper State, and Prairie Glades). All deer and turkey hunters are required to report all harvests pursuant to the Game Check requirements in regulation 220-2-.146. Other requirements for

hunters participating in limited quota hunts on the SOAs include:

(a) **On Cedar Creek, Portland Landing, and Uchee Creek SOA:**

1. It shall be unlawful to hunt on Cedar Creek, Portland Landing, or Uchee Creek SOA unless selected by random draw for a limited quota permit for specific hunt dates on the assigned SOA and hunt unit(s). The permit holder and allowed guest(s) may only access (excluding approved scouting days) and hunt the assigned SOA and hunt unit(s) for those permitted days. No substitutions will be allowed.

2. Hunters are required to email pictures of their harvest to the managing biologist.

3. Each hunter must sign in and out at kiosk each hunt day.

4. **Deer Hunts:**

(i) Each deer hunt begins at 12:00 noon on day one (1) and ends at 12:00 noon on day four (4). 220-2-.73 The Alabama Cooperative Deer Management Assistance Program.

(1) The Division of Wildlife and Freshwater Fisheries of the Alabama Department of Conservation and Natural Resources shall administer a program entitled "The Alabama Cooperative Deer Management Assistance Program" to improve management of white-tailed deer through cooperative agreements with landowners and hunting clubs.

(2) Each prospective participant shall submit an application on a form to be supplied by the Division of Wildlife and Freshwater Fisheries. Each application must be accompanied by two copies of a map of the area to be included in the Deer Management Program that are of sufficient detail to allow the area's boundaries to be readily determined. Approval of the application shall be at the discretion of the Division of Wildlife and Freshwater Fisheries. Each landowner/club approved shall be termed a "cooperator."

(3) Each cooperator shall designate a person with authority to represent all parties with a controlling interest in hunting activities on the land to serve as the cooperator's contact with the Division of Wildlife and Freshwater Fisheries.

(4) The Division of Wildlife and Freshwater Fisheries shall designate a Wildlife Biologist, knowledgeable in deer management, as the agency's contact with each cooperator.

(5) Cooperators must abide by all hunting laws and regulations. Failure to do so shall be cause to terminate participation in the Deer Management Assistance Program.

(6) Each cooperator shall make a written statement of its deer management objectives. Those objectives must be within the capabilities of the harvest and management strategies that can be applied.

(7) Each cooperator shall collect specified biological information from deer harvested and submit the data to the Division of Wildlife and Freshwater Fisheries as directed. Failure to do so shall be cause to terminate participation in the Deer Management Assistance Program.

(8) Information concerning past harvest, existing conditions and deer management objectives will be considered in the development of a deer management and harvest strategy for each cooperator. Harvest of unantlered deer will be prescribed as appropriate.

(9) Harvest of unantlered deer outside the regular Hunter's Choice hunting season will be allowed only where appropriate to meet the deer management objectives of the cooperator. The number of unantlered deer to be taken, dates of harvest and bag limits will be designated and shall be by written permit as approved by the Division of Wildlife and Freshwater Fisheries Director based on recommendations submitted by the Wildlife and Enforcement Sections. The regular Hunter's Choice hunting season shall not apply to the extent of its conflict with the provisions of said permits.

(10) Any person hunting on areas included in the Deer Management Program shall comply with all applicable laws, rules, and regulations, including those relating to the wearing of hunter orange.

(11) The Division of Wildlife and Freshwater Fisheries shall provide the cooperator a report based on the biological information submitted.

(12) The penalty for the violation of any of the provisions of this regulation shall be as provided by law.

(13) This regulation shall become effective on the 36th day after filing with the Legislative Reference Service.

(1) During dates and in areas open by regulation to gun deer season, including youth deer season and muzzleloader deer season, all persons hunting any wildlife species, except foxes, raccoons and opossums during legal nighttime hours or turkey, or migratory birds (including crows), are required to wear an outer garment above the waist with a minimum of 144 square inches of hunter orange or either a full size hunter orange hat or cap. Hunters are not required to wear hunter orange when hunting from a stand elevated twelve (12) feet or more from the ground, when hunting in an enclosed box stand, when traveling in an enclosed vehicle, or when traveling on foot no more than twenty feet directly between an operating enclosed vehicle and a stand where the hunter is exempt from the hunter orange requirement. The hunter orange must be worn when traveling on foot between an operating enclosed vehicle and exempt stand when the distance is more than a direct distance of twenty feet. A small logo and/or printing is permitted on the front of hunter orange caps; otherwise, hunter orange must be of solid color and visible from any angle. Only hunter orange, commonly called blaze orange, ten-mile cloth, etc., is legal. The various shades of red as well as camo orange are not legal.

(2) "Open Permit-Public Land" is defined as governmentally owned land open for public hunting and/or lands

made available to the public on an individual basis whether for a fee or not. Examples of such lands would be national forest lands, lands owned by lumber companies and utility companies available for use by hunters either through free permits, fee permits or no permit requirement.

220-2-.95 Alligator Nuisance Control Hunter Regulations.

(1) FEEDING OR ENTICEMENT OF ALLIGATORS UNLAWFUL:

(a) No person shall intentionally feed or entice with
feed any wild American alligator (Alligator mississippiensis);
however, this does not apply to those covered by §§9-11-320
through 9-11-328 of the Code of Ala. 1975, (Possession of
Wildlife for Public Exhibition Purposes) or those people
authorized by special permit issued by the Department of
Conservation and Natural Resources.

(2) GENERAL PROVISIONS FOR TAKING, ATTEMPTING TO TAKE, POSSESSION AND SALE OF ALLIGATORS:

(a) No person shall buy, sell, take or possess any alligator or any part thereof, or the nests or eggs of any alligator except under permit from the Director of the Game and Fish Division or as otherwise provided by other laws or rules and regulations.

(b) Nothing in this regulation, however, shall prohibit the possession of lawfully acquired cured and mounted trophies and articles manufactured from the skins or hides or other parts of alligators, provided the cured and mounted trophies are labeled to show number of the state tag originally attached to the hide of the alligator.

(c) Any alligator, crocodile, caiman or similar reptile, or any part thereof, seized or otherwise legally acquired by the Game and Fish Division may be sold. Proceeds from such sale will be deposited in the Game and Fish Fund.

(d) Alligators, or any parts thereof, lawfully obtained outside the state may be imported only under permit from the Director of the Game and Fish Division, except as provided for in paragraph (2)(b) above. Transportation and transfer of all alligators must also be in accordance with the rules of the state of origin.

(e) No person shall use, be in possession of or attend any hook, peg or other such device baited in such manner as to be capable of taking alligators and suspended so that the bait is above water or submerged in a manner to take or attempt to take alligators unless such person is authorized by the Director.

(3) OPERATING PROCEDURES FOR NUISANCE ALLIGATORS:

(a) Complainants reporting nuisance alligators shall be questioned sufficiently to ascertain the circumstances surrounding the problem and to determine whether the problem can be resolved through information/education.

(b) If necessary, Game and Fish Division personnel shall visit the nuisance location to determine if an alligator is present. Preparation of an "Alligator Complaint and Tagging Report" must be initiated at this point.

(c) Division personnel proceed through the Nuisance Alligator Problem Assessment (NAPA) printed below:

Nuisance Alligator Problem Assessment (NAPA) - This outline is a guideline for assessing nuisance alligator complaints. Since each nuisance situation is different, Division personnel may deviate from it based on the individual factors involved. It is intended only as a starting point for decision making.

1. Alligator has attacked people.....LETHAL,
REMOVE (See Note 1)
1. Alligator has not attacked people..... See 2
2. Alligator is in more or less natural habitat
(ditches, ponds, marsh, etc.)..... See 3
2. Alligator is in unnatural habitat (backyard, work
site, urban area).....See 5
3. Alligator/human contact is minimal.....
PROVIDE INFORMATION TO ALLEVIATE FEARS (See Note 2)
3. Alligator/human contact is frequent.....See 4
4. Natural movement of alligators to and from area
can occur. RECOMMEND COMPLAINANT TO CONSTRUCT BARRIERS AND/OR
LIMIT HUMAN ACTIVITY (See Notes 2 and 3)
4. Habitat is isolated or immigration is unlikely
.....See 5
5. Alligator can be caught safely and effectively.
..... LIVE CAPTURE (See Note 1)
5. Alligator cannot be caught or may be unsafe to
handle alive.....LETHAL, REMOVE (See Note 1)

NOTE 1. Nuisance Control Hunter (NCH) may be called in for lethal removal or live capture.

NOTE 2. If complainants are likely to destroy alligators if the Division does not conduct removal, an attempt should be made to remove alligators through use of the NCH.

NOTE 3. If one or more specific alligators are a repeated nuisance in this situation, removal of these alligators should be planned.

(d) When live capture or lethal removal is necessary, Division personnel involved must judge the immediacy of the situation and proceed accordingly. Where removal is needed, the Nuisance Control Hunter (NCH) for the area should be contacted to perform removal services. The NCH or alternate should be used for removal whenever possible to simplify, expedite and reduce nuisance handling by Division personnel.

(e) When an NCH is contacted to perform lethal removal, Division personnel involved will: (1) only issue sufficient tags to the NCH for the number of alligators involved (tags will be affixed to dead alligators only); (2) record issuance on form; (3) remind the NCH that all alligators taken must be verified with the Division staff member handling the complaint; and (4) remind NCH to return any tags not used to that staff member.

(f) All alligators or their hides taken by an NCH must be verified as soon as practical after taking occurs. The NCH must notify designated Division personnel and, if requested, is responsible for delivering the alligator(s) to a convenient location for verification. The NCH will complete a Hunter Report Form including sex and length of animal, skinning method, and use of hide and will submit such form to Montgomery Game and Fish Division office within 72 hours of taking an alligator. Following action on a complaint or verification of hide as appropriate, Division personnel handling the complaint will complete an Alligator Complaint and Tagging Report and submit to Montgomery office within 72 hours.

(g) When Division personnel handle (kill, receive, or encounter) dead alligators with a salvageable hide, the NCH or alternate for the area or adjacent area shall be contacted to process the alligator after it has been tagged. The NCH is obligated under contract to accept these alligators. The Hunter Report Form shall be marked with the name of the NCH involved (in the hunter blank) and completed as in paragraph (g).

(4) TAKING AND DISPOSAL OF NUISANCE ALLIGATORS
STATEWIDE:

(a) Designated Nuisance Control Hunters (NCH) shall be authorized to take, possess and kill only those alligators

specifically designated by permit issued by an authorized representative of the Division. A designated NCH of the Division shall take, kill, or possess alligators only in the manner specified by this section.

(b) Qualification and liability of NCH:

1. The NCH shall reside in the region where the NCH is authorized to take, possess or kill alligators; however, may be approved to work in other regions should assistance be needed.

2. The NCH shall possess the experience and ability to handle wild alligators.

3. The NCH shall be capable of supplying all equipment necessary to take alligators.

4. The NCH shall have sufficient time to adequately and efficiently take designated alligators.

5. The NCH shall not have been convicted of violating any law or rule concerning crocodilians within five years of the date of application.

6. The NCH shall assume all personal liability for his/her health, welfare and safety while acting as an NCH.

7. The NCH shall relieve the State of all responsibility and liability.

8. Those persons engaged in alligator exhibits or otherwise dealing with crocodilians shall not be eligible for appointment as an NCH.

(c) Selection and review:

1. Applicants and qualifications for appointment shall be reviewed by a staff committee appointed by the Director. The committee shall include at least one Conservation Officer from the area for which the NCH is being appointed. The committee shall consider each applicant's qualification and personal background. An interview with the committee or division personnel may be required. The names of those applicants nominated by the committee shall be submitted to the Director for final consideration and appointment. The number of appointments shall be based on need.

2. Selected NCH shall enter into a contract to take and possess nuisance alligators in accordance with this rule.

(d) Conditions governing operations of authorized NCH:

1. The NCH will be issued a permit assigning in writing a specific nuisance alligator complaint by Division personnel.

2. Alligators may be destroyed under the direction of designated Division personnel. Any alligator that is judged to be a threat may be destroyed. Alligators in public waters must be hooked prior to being destroyed, or taken by use of a bang stick and/or harpoon, or other method specifically authorized by the Director or his designee.

3. A nuisance alligator tag furnished by the Department shall be immediately attached to the hide of any alligator killed by the NCH. No person shall possess any untagged alligator hide. All export tags must be accounted for and unused tags must be returned to Division personnel within 72 hours of the time that NCH and Division personnel determine an alligator should not or could not be destroyed.

4. Alligators shall be skinned only at specific approved sites and in accordance with specific written skinning instructions provided by the Division. The tagged hides of the alligators taken may be held by NCH at an approved specific site for purposes of curing, tanning and/or sale.

5. The meat of the alligators taken may be consumed by the NCH or his immediate family but shall not be sold or transferred except as provided in this rule.

6. Each NCH may be assisted by not more than five assistants approved by the Director, provided that no such assistant shall operate or conduct any trapping activity except in the presence of the NCH.

7. Property rights to nuisance alligator tags issued to the NCH shall be vested in the Division and shall remain the property of the Division. No person, except authorized NCH or Division personnel, shall possess any unused nuisance alligator tag at any time.

8. Assignments of alligators to be taken and the issuance of nuisance alligator tags to an NCH shall be discontinued upon receipt of verified information and belief by the Director that the NCH:

- (i) Attempted to generate alligator complaints.
- (ii) Took alligators in excess of authorization.
- (iii) Failed to promptly respond (without valid reason) to an assigned complaint.
- (iv) Has been convicted of a violation of any regulation concerned with wildlife or fish.
- (v) Has violated any portion of this rule.
- (vi) Has acted incompetently in carrying out the responsibilities of his assignments. Substantiated evidence of wrong-doing will immediately result in the contract being automatically terminated.
- (vii) Has not acted in the best interest of the Department or program.

(e) Storage and sale of alligator hides taken:

1. The NCH may store at an approved specific site legally taken and tagged hides until sale is completed. This site and corresponding records shall be available for inspection by Division personnel at any reasonable hour.

2. Sale of hides may be completed only by the legally permitted NCH.

3. NCH will submit an Alligator Transactions Report to the Game and Fish Division at the end of the calendar year documenting sales of alligator hides, meat and parts during the year and will include for each transaction the alligator tag number, date of sale, amount and person to whom sold.

(f) Storage and sale of alligator parts (other than meat) taken:

1. The NCH may store at a specifically designated site, legally taken parts until sale is completed. This site

and corresponding records shall be available for inspection by Division personnel at any reasonable hour.

2. Sale of parts may be completed only to legally licensed parts dealers; or direct to individuals, if not for resale; provided that:

(i) Alligator parts are packaged by the NCH in cartons approved by the Director.

(ii) Each carton is sealed as approved by the Director and labeled to indicate the administrative region, the number and kinds enclosed, the date packaged, the name of the NCH and the hide tag number corresponding to the alligator from which the part(s) is taken.

(iii) Each carton shall be used to package parts one time only.

(iv) Written records of all alligator parts sales shall be maintained and such records shall be open to inspection by Division personnel. The records of each carton of parts shall contain the data specified in this paragraph (f).

(v) Cartons containing lawfully acquired alligator parts packaged and labeled in accordance with this section may be shipped in intrastate or interstate commerce.

3. Upon sale of a part or parts, a record must be made and maintained by the NCH. The records will include kind and quantity of parts sold, and the name and address of each buyer. Buyers of parts must obtain and keep a receipt for any part purchased. The NCH records must include kind and quantity of parts sold with reference to the number of the State tag originally attached to the hide of the animal producing the parts in question, and the name and address of each buyer.

4. Any alligator skull sold shall be permanently and visibly labeled with the name of the NCH and the identifying alligator tag number of the alligator from which the skull was taken.

(g) Storage and sale of alligator meat taken:

1. Alligator meat shall be classified as fish meat and all alligator meat for human consumption shall be handled so

as to meet appropriate sanitation requirements of federal, state or local authorities.

2. No person shall possess or sell alligator meat except as authorized by this section. Only legally licensed parts dealers, restaurants and alligator NCH's may sell alligator meat lawfully acquired by an alligator NCH provided that:

(i) Alligator meat is packaged by the NCH in cartons approved by the Director.

(ii) Each carton is sealed as approved by the Director and labeled to indicate the administrative region, the number of pounds of meat enclosed, the date packaged, the name of the NCH and the hide tag number corresponding to the alligator from which the meat was taken.

(iii) No more than five (5) pounds of meat shall be packaged per carton and each carton shall be used to package meat one time only.

(iv) Written records of all alligator meat sales shall be maintained and such records shall be open to inspection by Division personnel. The records of each carton of meat shall contain the data specified in this paragraph (g).

3. No person shall resell or possess alligator meat for resale, processing or other commercial uses except as authorized by permit from the Director.

(i) All alligator meat purchased shall remain in the original carton until the meat is removed for cooking or curing in a manner allowing it to be consumed by humans without further preparation.

(ii) Cartons containing lawfully acquired alligator meat packaged and labeled in accordance with this paragraph (g) may be shipped in intrastate or interstate commerce.

(5) WORD "ALLIGATOR" OR "GATOR" NOT TO BE USED IN CERTAIN SALES:

(a) It is unlawful for any person to use the word "alligator" or "gator" in connection with the sale of any product derived or made from the skins or parts of other crocodilia or in connection with the sale of other crocodilia.

220-2-.96 Alligator Farming Regulations.

(1) GENERAL PROVISIONS FOR TAKING, POSSESSION AND SALE OF CERTAIN REPTILES:

(a) No person shall buy, sell, take or possess any alligator, crocodile, or any part thereof, or the nests or eggs of any alligator or crocodile except under permit from the Department or as otherwise provided by law or by these regulations.

(b) Nothing in this rule, however, shall prohibit the possession of lawfully acquired cured and mounted trophies and articles manufactured from the skins or hides or other parts of alligators and crocodiles.

(c) Any alligator, crocodile, or similar reptile, or any part thereof, seized or otherwise acquired by the Department may be sold.

(d) Alligators, or any parts thereof, lawfully obtained outside the state may be imported only under permit from the director or as otherwise provided by law.

(e) The records of individuals or concerns selling any species of crocodilian will be subject to inspection and such individuals or concerns shall have in their possession invoices or other documentary evidence of the suppliers of such crocodilians. The advertisement or representation of caimans as alligators or crocodiles is prohibited.

(f) No person shall use, be in possession of or attend any hook, peg or other such device baited in such a manner as to be capable of taking alligators and suspended so that the bait is above water or submerged in a manner to take or attempt to take alligators unless such person is authorized by the Director.

(2) REGULATIONS GOVERNING THE OPERATION OF ALLIGATOR FARMS:

Alligator farms may be established and operated and alligators, eggs, and hides may be possessed only under license by the Department subject to the following restrictions and conditions:

(a) General Provisions:

1. The premises of alligator farms shall be subject to inspection by Department personnel at any time.

2. Complete written records of all changes in alligator stock shall be kept and made available for examination by Department personnel. Shipping tickets, invoices or bills of lading shall be maintained to show source of supply and disposition of alligator stock.

3. No licensee or his or her employee shall receive or transfer any alligator, eggs or hides except as provided by Act No. 89-874, 1989 Regular Session.

4. The licensee shall disclose ownership of alligators and provide documentation of inventory of initial and subsequent numbers of all alligator eggs and alligators, including breeding females and offspring. Documentation shall be sufficient to demonstrate the inventory is commensurate with production and survival levels for captive populations as measured against professionally accepted biological standards.

5. Permits to establish and operate alligator farms are not transferable.

6. The licensee shall provide security of facility premises necessary to ensure that no alligators, eggs, or parts thereof can be moved in or out of the alligator farm without the licensee's knowledge.

7. An Alligator Farm Annual Report shall be completed and submitted to the Department's Game and Fish Division, Law Enforcement Section prior to annual re-licensing.

8. Alligator farm permittees shall be licensed at an annual fee of \$1,000.00 as required by Act No. 89-874, 1989 Regular Session.

9. The Department shall not issue an alligator farm permit to any person who has been convicted of any violation of Act No. 89-874 or the rules of the Department relating to the illegal taking of any crocodilian species, except as provided in Act No. 89-874.

(b) Specifications for alligator farms:

1. Pens or holding facilities shall be constructed in a manner to prevent the escape of any alligator contained in such pen or facility or entrance by any alligator from outside such pen or facility.

2. The permittee shall provide rearing tanks (of concrete, fiberglass, plastic or metal construction) for alligators less than four (4) feet in length. Alligators less than two (2) feet in length shall be housed separately from those two (2) to four (4) feet in length. Onsite propagation facilities will also provide ponds, nest sites and spacing for breeding adults and artificial incubators.

3. The licensee shall make all alligator eggs produced on the farm available for inspection by August 1 of each nesting year. All alligator eggs shall be in containers having not more than one layer of eggs at one incubation facility on each alligator farm. Only viable alligator eggs will be credited to the egg inventory.

4. Alligator farm licensees shall furnish alligators housing of sufficient size and design such that alligators shall be kept in a humane and sanitary manner.

(c) Facility Standards:

1. General. The most important factor in establishing an alligator farm is the acquisition of enough suitable land and habitat to support a population of adult alligators in outside breeding ponds and adequate area for the construction of holding houses for young alligators up to three years of age. There must be a reliable source of fresh water and equipment for pumping and changing water.

2. Breeding ponds shall be fenced around the perimeters with woven wire or board fences of sufficient height (minimum, 4 feet) and tightness, constructed so as to prevent the escape or entrance of any size alligator. Fences shall be buried or otherwise secured at the bottom so as to prevent

entrance or escape. Breeding ponds must have at least one area of a minimum depth of 1.8 meters (approximately 6 feet at its deepest point) and suitable nesting sites.

3. Holding houses containing an adequate number of artificial tanks will be provided for growing out small alligators six feet or less in length. A sufficient number of tanks will be provided to allow for segregation by age/size classes, and each tank will be permanently numbered to facilitate accurate record keeping. There shall be sufficient space in each tank for all the alligators to completely submerge under water at one time and enough "dry" area in which to run around for basking purposes. A properly constructed tank will consist of 2/3 water for 1/3 "dry" area. The overall size of tank will depend upon the number of alligators held, but as a general standard each alligator shall have enough space to submerge without having contact with another alligator.

4. Holding tanks will be designed to permit periodic cleaning of waste and a complete change of water at regular intervals (at least every other day).

5. A controlled environmental chamber complete with an artificial nesting area (incubator) will be provided for hatching of eggs. The chamber will also contain a sufficient number of holding tanks to accommodate anticipated hatchlings and to provide a suitable environment for new-born alligators.

(d) Harvest of Alligators:

1. Alligators, at least four feet in length, or the skins or products of such captive-reared alligators raised on a farm licensed under the provisions of Act No. 89-874, 1989 Regular Session, may be sold, and, with written approval from the Department, an alligator farmer may utilize any product from a captive-reared alligator less than four feet in length that dies from natural causes, but only in accordance with the following restrictions:

(i) No farmer shall skin any alligator unless such alligator shall have been approved for skinning in writing by the Director of the Game and Fish Division or his authorized agent. Records must be provided to verify that each alligator to be harvested was hatched and captive-reared on the farm or otherwise obtained from a legal source.

(ii) Any alligator killed under authority of this section shall be tagged immediately with a tag furnished by the Department. Such tag shall remain attached to the alligator hide until finally processed by the fabricator. It shall be unlawful for any farmer or processor to possess untagged alligator hides.

(iii) Property rights to identifying tags issued to the farmer shall be vested in the Department, and tags shall remain the property of the State. Unused tags shall be returned to the Department within 15 days of completion of the harvest. Possession of any identifying alligator tags by persons other than licensed farmers shall be unlawful.

(iv) Alligators shall be skinned only at a specific site approved by the Director of the Game and Fish Division and shall be skinned only in accordance with special skinning instructions issued by the Department. Only those hides which have been skinned in accordance with these instructions shall be approved for sale. Hides so taken may be held at the specified skinning site until the date of the sale.

(v) The meat of any alligator legally harvested may be consumed by the farmer or his immediate family but shall not be sold or transferred except as provided in this rule below.

(e) Sale of Live Alligators:

1. Alligator farmers licensed under the provisions of Act No. 89-874, 1989 Regular Session, may sell, barter, exchange, give or loan any live alligators of at least four feet in length covered by his license provided a permit is first obtained from the Department. If sold, bartered, or exchanged in interstate commerce or foreign trade, legal requirements of the state or country involved in the transaction must also be satisfied.

2. The request for such permits must contain the name and address of the proposed buyer, a reference to the buyer's license number or other authority for possession, and shall further describe the alligator(s) by length, belly size, and sex, if known.

(f) Sale of Alligator Meat:

1. Alligator meat that is lawfully acquired through production on a licensed alligator farm may be sold to wholesale

or retail food distributors, food and nonfood meat processors, restaurants and canneries, provided that:

(i) Any alligator meat sold to the above type business shall be packaged in cardboard cartons, and each carton shall be sealed with a label as specified by the Department that indicates that it contains alligator meat, the number of pounds of meat enclosed, the names of the seller and buyer, the tag number corresponding to the alligator hide from which the meat was taken, and the date of sale. No more than five pounds of meat shall be included per carton and cartons shall be used only one time.

(ii) Failure to properly mark cartons of alligator meat or possession of alligator meat in cartons improperly marked shall be considered a violation.

(iii) Alligator farmers shall maintain written records of all alligator meat sales on standard forms supplied by the Department. These records shall be open to inspection by Department personnel and shall include for each carton of meat sold the data indicated on the carton label as specified in subparagraph (f)1.(i) of this rule.

(iv) All alligator meat purchased by the type business listed hereinabove shall be retained in original carton until the meat is prepared for consumption or processing.

(v) All cartons containing alligator meat labeled in accordance with these regulations shall be shipped only within the State of Alabama or to those states or countries allowing the sale of alligator meat.

(vi) Alligator farmers handling alligator meat for human consumption shall comply with the sanitation requirements of federal, state, or local authorities.

(g) Sale of Alligator Hides and Other Products:

1. Alligator hides and other products, except meat, may be sold in accordance with the following:

(i) Alligator farmers may sell the hides, feet, viscera or skeletal parts of alligators when all such sales, with the exception of retail sales to the consumer, are documented to show the kind and quantity of items sold and the name and address of each buyer (and, in addition, the alligator

parts dealer license number if sold for resale). Any packaged alligator parts must be sealed with a Department approved label that indicates the hide tag number(s) of the alligator(s) from which the parts came, the names and addresses of the buyer and seller, the date of the sale, and the number and kind of parts included.

(ii) Any alligator skull sold shall be permanently visibly labeled with the identifying alligator tag number of the alligator from which the skull was taken and the name of the alligator farmer selling the skull.

(iii) Products made from alligator skins or other alligator parts and documentary evidence of their acquisition shall be available for inspection upon requests of Department personnel.

(iv) No person shall sell any hide or other product manufactured from a crocodilian species which has been declared to be endangered or threatened by the United States Fish and Wildlife Service.

220-2-.101 Hunting Of Captive Bred Mallard Ducks And Non-Native Game Birds On Commercial Fowl Hunting Preserves.

(1) Captive bred mallard ducks, properly marked in accordance with federal regulations, shall be legal fowl to be hunted on a licensed commercial fowl hunting preserve. Such hunting shall be conducted in accordance with all applicable laws, rules and regulations.

(2) Any private commercial shooting preserve that is licensed by the Department of Conservation and Natural Resources may, by obtaining a special letter permit from the Commissioner of Conservation and Natural Resources, hunt any species of exotic or non-native birds at any time of the year when such exotic or non-native birds have been stocked on said hunting preserves. Provided, however, that this regulation shall not apply to any bird or animal that appears on the U.S. Department of the Interior's and State of Alabama's "Endangered Species" list.

(3) Native game birds and animals other than species listed on hunting preserve licenses may be taken only on licensed hunting preserves during legal hunting seasons and when taken by properly licensed hunters abiding by any bag limits and other regulations that may be promulgated by the Department of Conservation and Natural Resources or established by law.

220-2-.109 Physically Disabled Hunting Areas.

(1) It shall be unlawful on any area designated by the Department of Conservation and Natural Resources as a "Physically Disabled Hunting Area":

(a) To violate any terms or conditions of his certificate of qualification, permit, or other authorization, for participation in any such hunts, including, but not limited to, the times, dates, locations, manners and means for hunting.

(b) To hunt, trap, use dogs, possess firearms, traps, or bow and arrow, without a valid permit. A permit is valid only during scheduled area seasons during legal hunting hours and only with the required hunting license(s) and stamps and

only with weapons and ammunition permitted for hunting the wildlife listed on permit.

(c) To have in possession any fully automatic rifle or any firearms, ammunition or bow and arrow (including crossbows) except as allowed by law for the species hunted.

(d) For any person to hunt without having his/her required hunting licenses and authorization and checking in at the checking station, except Big Oak.

(e) For any person to carry firearms in or on vehicle with ammunition in the magazine, breech or clip attached to firearms, cocked crossbow, or black powder weapons with primer, cap or flash powder in place.

(f) Nothing in this regulation shall prohibit the possession of handguns by lawfully authorized persons for their personal protection, provided the handguns are not used to hunt or take or to attempt to take wildlife except as otherwise provided by this regulation.

(g) To camp in the area, except Big Oak where the designated campground must be used.

(h) To kill or willfully molest any species of wildlife except those designated for hunting. However, bobcat, or fox may be killed during all scheduled area hunts that occur during the dates of the gun deer and turkey seasons, and coyote or feral swine may be killed during all scheduled area hunts.

(i) To discharge fireworks at any time.

(j) To discharge firearms for target practice.

(k) To use fire to smoke out game.

(l) For any person to possess any firearm while hunting with bow and arrow.

(m) To transport deer killed from the area before recording pertinent data at the designated checking station, except Big Oak.

(n) For any person except those authorized to operate any motor driven vehicle behind, under or around any locked gate, barricaded road or sign which prohibits vehicular traffic.

(o) For any person to hunt deer or assist in said hunting, on days of scheduled hunts without wearing a vest containing a minimum of 144 square inches of hunter orange color or either a full size hunter orange hat or cap. The hunter orange must be of solid color, except for a small logo and/or printing on the front of the cap, and visible from any angle.

(p) For any person except authorized personnel to block or otherwise stop traffic on any road by parking a vehicle in such a way that passage around the vehicle is impossible.

(q) To damage or remove any trees, crops, or other plants, dirt, gravel or sod without legal authorization.

(r) To hunt from an elevated platform, except at Big Oak (where it is unlawful to hunt from an elevated stand or platform without attaching themselves to the tree or platform with a full body harness capable of supporting their weight).

(s) To hunt without first making a reservation for the particular hunt, except at Big Oak.

(t) To hunt more often at any area than is authorized. Failure to cancel a reservation at least 48 hours prior to the hunt date will be considered the same as if the individual hunted in determining when that person could reserve another hunt date, except at Big Oak.

(u) To hunt outside the area designated to the hunter for each hunt. At the time of check-in the hunter will receive, on a first come basis, a shooting house on a segment of the hunting area that will be his/her exclusive area for the day, except at Big Oak. Hunter must hunt from the shooting house, except at Big Oak.

(v) To check-in to any Physically Disabled Hunting Area prior to 5 am on the scheduled hunt days.

(w) To change stand locations after signing in for that stand. Once signed in for a stand, the hunter shall not change stands for the duration of that hunt.

(x) For any person to be on any Physically Disabled Hunting Area unless registered to hunt on that day.

(2) Individuals must follow the listed rules to participate in the scheduled deer and turkey hunts for the physically disabled.

(a) Each participant must submit, on a Department form, an application to participate in such hunts. The application will include a doctor's statement certifying the physical disability. The Department will review the application and notify each participant if they are approved for such hunts.

(b) Each participant must provide any assistants that are required. Only the physically disabled individual will be eligible to hunt.

(c) All license requirements and other rules, laws, and regulations, are in effect.

(d) Physical disability is defined as an individual that is permanently physically disabled by one or more of the following:

1. Has permanent physical disability, is unable to ambulate and requires a wheelchair, walker, one long leg brace or two short leg braces, external prosthesis below knee or above, two canes or two crutches for mobility.

2. Has at least 80% permanent impairment of one hand or arm as determined by a physician using the standards outlined in the "Guide to Evaluation of Permanent Impairment Rating," published by the American Medical Association.

3. Has a permanent physical disability for which they are considered "totally" disabled under guidelines established by the Veterans' Administration and/or the U.S. Social Security Administration.

(3) If convicted of violating any part of this regulation or any other regulation relating to Game, Fish, and Fur-Bearing Animals, the individual's Physically Disabled Permit may be revoked up to and including permanently.

(4) Cherokee Physically Disabled Hunting Area is available for muzzleloader season.

(5) The following Physically Disabled Hunting Areas are suitable for turkey hunting:

- (a) Fayette,
- (b) Skyline,
- (c) Big Oak,
- (d) USA Foundation,
- (e) Chattahoochee,
- (f) Shiloh Hill,

220-2-.122 Georgia Reciprocal Fishing Agreement Regulation.

(1) This regulation shall apply to those waters referred to in this regulation which are covered by the reciprocal agreement with the State of Georgia and which are within the jurisdiction of the State of Alabama, Department of Conservation and Natural Resources, Division of Wildlife and Freshwater Fisheries.

(2) The State of Alabama and the State of Georgia have a reciprocal agreement concerning fishing in certain reciprocal waters, whereby fishing licenses of Georgia and Alabama are mutually recognized for fishing from the banks or on the waters of the Chattahoochee River forming the boundary between Alabama and Georgia and all impoundments thereon as now exists or which may exist in the future, with the exception of that portion of West Point Reservoir lying upstream (north) of Georgia Highway 109 bridge on the Chattahoochee River arm of said reservoir. The waters covered by this agreement do not include other streams or tributaries which flow into the Chattahoochee River or its impoundments.

(3) For the purpose of this agreement, "sport fishing" shall be defined as the lawful taking by ordinary hook and line, pole, casting reel and rod and use of artificial lures, spinning reel and rod, or fly rod.

(4) The term "commercial fishing" shall be defined as the legal taking of non-game fish by any person from either state.

(5) No person shall take, catch, or have in possession on any one day, more than fifty (50) in the aggregate of all of the following species or more than one day's creel limit for any species.

The daily creel limit shall be as follows:

220-2-.126 Public Shooting Range Regulation.

(1) It shall be unlawful to discharge firearms on any Division of Wildlife and Freshwater Fisheries public shooting range, except in accordance with the following regulations. All range users shall abide by the listed regulations and posted rules pertinent to the range in use. Permits for the excepted uses will be issued by the Hunter Education Coordinator or a designee. The range may be closed as necessary.

(a) Range is open during daylight hours only, unless otherwise posted, except by permit issued by the Hunter Education Coordinator or a designee.

(b) No alcoholic beverages allowed.

(c) Any legal firearm and ammunition (excluding armor-piercing, tracer, or any ammunition considered to be incendiary or explosive) may be used on target range.

(d) Keep all firearms on the shooting line unloaded and muzzles pointed down range when not firing or uncased. When not on the firing line, all firearms shall be unloaded with the action open and muzzle pointed in a safe direction or cased.

(e) All persons are to remain behind the shooting line while firing is taking place. No firing shall be allowed while anyone is down range.

(f) All firearms [except as noted below in (g)] shall only be fired from designated stations on the concrete shooting line into the embankment at stationary paper targets, self-healing, or metal automatic reset targets. Exploding targets are prohibited. The targets must be placed so that shots will impact above the range ground floor and into the bottom 5' of the embankment. Only one person may shoot from each designated location at any given time.

(g) Only shotguns utilizing 4 size shot or smaller may be used at the designated "Clay Target Areas."

(h) All used targets, brass, shotgun hulls, and other trash shall be placed in a trash receptacle or removed by the user from the public shooting range.

(i) It shall be unlawful to violate any posted restriction.

(j) All Alabama residents 16 through 64 years of age using a public shooting range are required to have either a valid Alabama: state hunting license, state wildlife management area license, or a state wildlife heritage license to use the range. All non-residents 16 years of age and over are required to have either a valid Alabama: state non-resident hunting license or a state wildlife management area license.

220-2-.131 Establishment of Youth Turkey Hunting Area.

(1) The following area is hereby designated and established as "Youth Turkey Hunting Area":

(a) "USA Foundation Hunting Area" as indicated on the attached map.

(2) It shall be unlawful on any area designated by the Department of Conservation and Natural Resources as a "Youth Turkey Hunting Area":

(a) To hunt, trap, use dogs, possess firearms, traps or bow and arrow, without a valid permit. A permit is valid only during scheduled area spring turkey season during legal hunting hours and only with the required hunting license(s) and stamps and only with weapons and ammunition permitted for hunting turkey. See (4) for limited exception for certain lawfully authorized handguns possessed for personal protection.

(b) To have in possession any firearms, ammunition or bow and arrow except as allowed by law for the species hunted.

See (4) for limited exception for certain lawfully authorized handguns possessed for personal protection.

(c) For any person to hunt without having in possession all required hunting licenses.

(d) For any person to carry firearms in or on vehicle with ammunition in the magazine, breech or clip attached to firearms, or black powder weapons with primer, cap or flash powder in place.

(e) To camp in the area.

(f) To kill or willfully molest any species of wildlife except those designated for hunting. However, this regulation shall not apply to bobcat, coyote, or fox, which may be killed during all scheduled area hunts that occur during the dates of the spring turkey season.

(g) To discharge fireworks at any time.

(h) To discharge firearms for target practice.

(i) To use fire to smoke out game.

(j) To transport turkey killed from the area before recording pertinent data at the designated checking station.

(k) For any person except those authorized to operate any motor driven vehicle behind, under or around any locked gate, barricaded road or sign which prohibits vehicular traffic.

(l) For any person except authorized personnel to block or otherwise stop traffic on any road or at any gate by parking a vehicle in such a way that passage around the vehicle is impossible.

(m) To damage or remove any trees, crops, or other plants, dirt, gravel or sod without legal authorization.

(n) To hunt from an elevated platform.

(o) To hunt without first making a reservation for the particular hunt.

(p) To hunt more often than two days every week. Failure to cancel a reservation at least 48 hours prior to the

hunt dates will be considered the same as if the individual hunted in determining when that person could reserve other dates.

(3) Individuals must follow the listed rules to participate in the scheduled youth turkey hunts.

(a) Each youth participant must be accompanied by an adult supervisor. The adult supervisor is to remain within arm's length of the youth at all times.

(b) Youth is defined as those individuals who have not reached their sixteenth birthday.

Adult is defined as those individuals twenty-five years old or older who are in possession of all state hunting licenses required to hunt turkey on a wildlife management area.

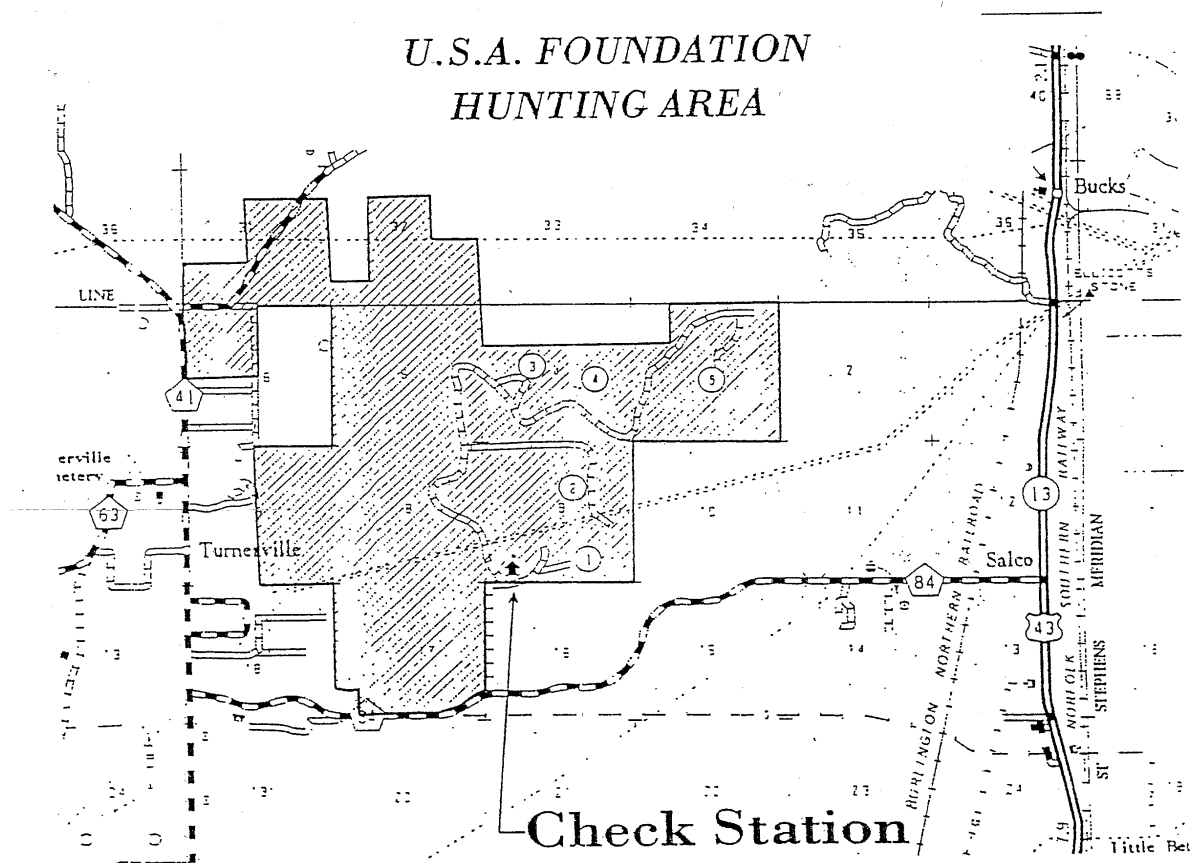

(d) Only one firearm will be allowed per youth. Only the youth hunter will be permitted to utilize the firearm for hunting. The adult is to review with the youth the rules of firearm safety and to ensure they are followed.

(e) The adult-youth pair is to check in and out at the check station as a single unit.

(f) Hunting hours will be daylight until 1:00 P.M. on Saturdays and other dates established by the District Wildlife supervisor of the spring turkey season.

(g) All other rules, laws, and regulations are in effect.

(4) Nothing in this regulation prohibits the possession of handguns by lawfully authorized persons for personal protection, provided the handguns are not used to hunt or take or to attempt to take wildlife in violation of law.

220-2-.134 Special State Park Hunting Regulation.

(1) The following rules and regulations shall apply at any state park area authorized by the Commissioner of Conservation and Natural Resources for hunting:

(a) BOW AND ARROW (including crossbows) will be legal on all specially scheduled hunts. Broadhead points only must be utilized. Bow and Arrow equipment must meet the specifications of Rule 220-2-.03. All arrows used must contain the name of the hunter thereon. Bow and Arrow will also be permitted in the park for use during authorized official proficiency testing prior to the hunt;

(b) It shall be unlawful:

(1) to hunt without a valid permit. Hunters must comply with all terms and conditions of the permit. A permit is valid only during scheduled Special State Park Hunting Seasons for the particular state park area, only during legal hunting hours, only with the required hunting license(s) and stamps, and only with weapons and ammunition permitted for hunting the wildlife listed on permit;

(2) to use dogs for stalk hunting of deer;

(3) to hunt deer without first presenting his or her required hunting licenses at the checking station;

(4) to possess any firearms;

(5) to hunt within one hundred (100) yards of any campground, house, building or enclosed structure, excluding structures on the Oak Mountain State Park golf course;

(6) to camp on any area except in designated sites. Campfires must be extinguished before departing. No warming fires shall be permitted away from camping area;

(7) to kill or willfully molest any species of wildlife except those designated for hunting;

(8) to use fire to smoke out game;

(9) to transport deer killed during any hunts before being checked at the designated checking station for scientific data;

(10) for any person except authorized personnel to operate any motor driven vehicle behind, under or around any locked gate, barricaded road or sign which prohibits vehicular traffic;

(11) for any unauthorized person at any time to operate a motor scooter, motorcycle, trail bike, or any motor driven vehicle except on regularly used roads open for public use by four-wheel vehicle traffic and except as otherwise authorized;

(12) for any person to hunt without wearing an outer garment above the waist containing a minimum of 144 square inches of hunter orange color or either a full-size hunter orange hat or cap. Hunters are not required to wear hunter orange when hunting from a stand elevated twelve (12) feet or more above the ground. The hunter orange must be of solid color, except for a small logo and/or printing on the front of the cap, and visible from any angle;

(13) for any person except authorized personnel to block or otherwise stop traffic on any road by parking a vehicle in such a way that passage around the vehicle is impossible;

(14) for any person to deposit, distribute or scatter grain, salt, litter, or any other materials on any area maintained by the Department of Conservation and Natural Resources prior to receiving approval from said Department;

(15) to damage or remove any trees, crops, or other plants, dirt, gravel or sod without legal authorization;

(16) to erect or use a permanent tree stand or scaffold;

(17) to cast a light of any kind, either hand held, affixed to a vehicle, or otherwise, between the hours of sunset and sunrise. This paragraph does not apply to the headlights of vehicles traveling in a normal manner on an open established road;

(18) to hunt from an elevated stand or platform without attaching themselves to the tree or platform with a safety harness capable of supporting their weight; or

(19) to violate any posted restrictions on entry, hunting, fishing, or other conduct.

220-2-.138 Licensed Game Breeders. All persons, firms or corporations licensed under Section 9-11-30 to engage in the business of raising game birds, game animals, or fur bearing animals shall:

(1) Submit to the Division of Wildlife and Freshwater Fisheries, (hereinafter referenced as "the Division" or "Division"), accurate records of stock and inventory changes caused by births, deaths, escapes, transports, releases, transfers, sales, purchases or other causes; provided however, holders of the nonindigenous game breeder option who are not engaged in the breeding and handling of such animals may submit a good faith estimate of stock inventory and inventory changes as to such animals. Effective June 1, 2018, all inventory records and changes described above relating to game animals shall be submitted via the Division's electronic database through individual user accounts, or by phone utilizing a Division approved call center through individual user accounts. Initial inventory records submissions may also be established by mailing a letter, signed by the license holder, identifying the number of game animals currently in inventory, and a copy of each animal's current Cervidae Possession/Transfer Form to the Division through the U.S. Postal Service utilizing certified mail. Inventory changes caused by births on a license holder's facility may also be established by mailing a letter, signed by the license holder, identifying the number of game animals to be added due to birth, and a copy of each animal's Cervidae Possession/Transfer Form to the Division through the U.S. Postal Service utilizing certified mail.

(a) For the purposes of this rule, the following words shall have the meanings given to them in this rule when related to the physical movement of game animals.

1. "Transport" means to take, carry, or move a game animal from one location to another.

2. "Transfer" means the transport of any game animal from a licensed game breeder facility to another licensed game breeder facility or to another individual or facility that is licensed or permitted to possess game animals, where the transport results in a change in inventory.

3. "Release" means the transport of any game animal from a licensed game breeder facility to an enclosure that is not a licensed game breeder facility, where the transport results in a change in inventory.

(2) Allow inspection by agents authorized by the Division and Department of Agriculture and Industries, of stock, facilities and records at all reasonable times.

(3) Each fawn shall be marked with an assigned ear tag, as specified by the Division, which identifies each animal, at the earliest of the following dates: the date it is transported, the date it is transferred, the date it is released, or by April 1 of the year immediately following the fawn's birth. The fawn's species, sex, date of birth, ear tag number, and other identifying features shall be submitted, as required in paragraph (1), via the user's account on the database, by certified mail, or by phone. Such tags shall not be reassigned to or reused on another animal. Tags shall not be removed, except during transport when the animal is being released, provided the tag shall be in possession during transport. Animals which lose tags shall be reassigned a replacement tag number and be remarked before sale or transfer.

(4) Identify the location of each facility by physical address and notify designated Division personnel of any changes in size or location of the facility.

(5) Within 24 hours of discovery, notify designated Division personnel of any deaths via the database or phone and allow disease testing of animals, 12 months of age or older, that have died.

(6) Within 24 hours of discovery, notify designated Division personnel of escapes via the database or phone and coordinate recapture efforts as directed by Division personnel. The licensed game breeder shall have ten days from the date of such report to recapture only those escaped deer that are listed on the breeder's inventory. All recaptured deer must be returned to the facility from which the deer escaped. If after ten days the licensed game breeder is unable to recapture escaped deer that have been reported in accordance with this regulation, the Division may grant an additional ten-day period for recapture efforts to continue, contingent upon the licensed game breeder proving to the Division's satisfaction that reasonable efforts were made to effect the recapture during the first ten-day period.

(7) Any releases, transfers, sales, or purchases of inventoried game animals that results in a change in inventory shall be reported via the user's account on the database or by phone. This includes providing the date and location of the event. In addition, the recipient's serial number, commonly referred to as an Alabama Game Breeder number, shall be reported if the recipient is a licensed game breeder. Licensed Game Breeders who are recipients of transfers must accept or decline the transfer via the database or phone within ten days.

(8) Game animals shall not be transported without being accompanied by a valid transport number issued by the Division. To receive a transport number, a game breeder must identify the animals to be transported and provide the destination location of the transport via the database or phone. Once issued, the transport number will be valid for ten days.

(9) Upon notification by authorized Division personnel of a documented disease risk, not remove from any licensed game breeder facility any animals alive or dead until approved by authorized Division personnel.

(10) For species of the family Cervidae, obtain a premises registration number and comply with the conditions set forth in any herd health or monitoring plan that may be designated by the Alabama Department of Agriculture and Industries.

(11) Acquire animals only from licensed game breeders, except by written approval from authorized Division personnel.

The Commissioner of Conservation and Natural Resources, in cooperation with the Alabama Department of Agriculture and Industries, may order the confiscation and destruction of any animal that is deemed to be a substantial disease risk to other wildlife, domestic animals, or the public without compensation to the owner of such animal. This shall not affect the authority of other state or federal agencies with respect to confiscation, destruction or condemnation of or compensation for such animals.

Nothing in this regulation is intended to authorize the importation into this state of any live animal, or their eggs or embryos which is otherwise prohibited by law or regulation.

220-2-.142 Turtle Dealer/Farmer Regulation.

(1) Definitions:

(a) "Division" - Wildlife and Freshwater Fisheries Division of the Alabama Department of Conservation and Natural Resources.

(b) "Director" - The Director of the Wildlife and Freshwater Fisheries Division of the Alabama Department of Conservation and Natural Resources.

(c) "Turtle Farmer" - Any person, firm, or corporation engaged in the business of propagating legally acquired captive indigenous turtles or turtle eggs for commercial purposes.

(d) "Turtle Dealer" - Any person, firm, or corporation who purchases, imports or exports turtles or turtle eggs for resale or stocking purposes or who sells, offers for sale, or trades for anything of value legally acquired live turtles.

(2)(a) No person shall take, attempt to take, sell or possess any turtle egg or turtle or parts thereof from the wild in this state, to include public and private waters, for commercial purposes, except those turtle farmers who may take nuisance turtles from privately constructed farm ponds for use as breeder turtles only under specially issued permits from the Director or his designee. Turtles taken under the specially issued nuisance permits shall not be sold or bartered. This is not to prohibit the operations of properly permitted "Turtle Farmers" or "Turtle Dealers" as defined in paragraph (1) as long as those turtles are not taken from the wild.

(b) This is not to prohibit the removal of turtles from a privately constructed farm pond by the landowner or his agent while controlling nuisance animals as long as the turtles are not sold or traded for anything of value.

(c) Nothing in this regulation prohibits the taking for personal use of up to two legal turtles per day by hand, dip net or hook and line however, no person shall take more than two turtles per day from the wild in this state, to include public and private waters.

(3)(a) Any person, firm, or corporation engaged in the business of propagating captive turtles or incubating and hatching turtle eggs for restocking, sale, or other commercial purposes must first obtain a turtle farmer's permit from the Director. Each turtle farmer permittee must agree to meet designated standards for enclosure construction and animal care prior to being permitted. Each permittee will file an annual report on forms provided by the Division prior to renewal of their farmer permit. This report will provide the information required by subsection (c) of this regulation. Any person, firm or corporation engaged in the import, export, sale or trade of live turtles or turtle eggs must first obtain a "Turtle Dealers" permit from the Director or his designee.

(b) No person, firm or corporation shall import or cause to be imported, any nonindigenous turtle species for the purpose of propagation. Nonindigenous turtle species may not be propagated within the state.

(c) All turtles imported into or exported out of the state of Alabama for commercial purposes shall be accompanied by a bill of lading which provides the following information: (1) name of person importing/exporting the turtles; (2) permit number of person importing/exporting the turtles; (3) date of

shipment; (4) quantity and species of turtles; (5) origin (state and body of water) of shipment; (6) destination of shipment; (7) total value of shipment; and (8) signature of owner/transporter. A copy of the bill of lading shall remain with the shipment and a copy sent to the Division.

COASTAL ZONE - From Official Sunset Time on the second Thursday in August until Official Sunrise Time on the third Sunday in August, and from Official Sunset Time on the third Thursday in August until Official Sunset Time on the fourth Sunday in August.

SOUTHEAST ZONE- From Official Sunset Time on the second Saturday in August until the Official Sunrise Time on the first Monday of September.

WEST CENTRAL ZONE - From Official Sunset Time on the second Thursday in August until Official Sunrise Time on the third

Sunday in August, and from Official Sunset Time on the third Thursday in August until Official Sunrise Time on the fourth Sunday in August.

LAKE EUFAULA ZONE - From Official Sunset Time on the Friday preceding the third Saturday in August and run until Official Sunrise on the Monday immediately following the first Sunday in October.

Hunting Hours:

Southwest, Coastal, Southeast, and West Central Zones - Official Sunset until Official Sunrise.

Lake Eufaula Zone - Daytime and Nighttime Hours.

Permits:

SOUTHWEST ZONE

One hundred (100) people will be randomly drawn by computer to be eligible for an Alligator Possession Tag. Possession tags are non-transferable.

COASTAL ZONE

Fifty (50) people will be randomly drawn by computer to be eligible for an Alligator Possession Tag. Possession tags are non-transferrable.

SOUTHEAST ZONE

Forty (40) people will be randomly drawn by computer to be eligible for an Alligator Possession Tag. Possession tags are non-transferable.

WEST CENTRAL ZONE

Fifty (50) people will be randomly drawn by computer to be eligible for an Alligator Possession Tag. Possession tags are non-transferable.

LAKE EUFAULA ZONE

Twenty (20) people will be randomly drawn by computer to be eligible for an Alligator Possession Tag. Possession tags are non-transferable.

If a person is selected for an Alligator Possession Tag at two or more locations they will be allowed to select which location they would like to hunt. The other spot(s) not chosen will be filled from the Alternates list.

Bag Limit:

Each person receiving an Alligator Possession Tag will be allowed to harvest one (1) alligator. **Alligators harvested in the Lake Eufaula Zone must be a minimum of eight (8) feet in length.**

Persons Eligible:

Only Residents and Lifetime Hunting License holders of the State of Alabama who are sixteen (16) years of age or older may apply for an Alligator Possession Tag (see License Requirements). Non-residents may only participate as alligator hunting assistants (see License Requirements). The permittee and all individuals assisting during the hunt must possess a valid Alabama hunting license.

Applications:

Applications for Alligator Possession Tags will be accepted only at the Alabama Department of Conservation and Natural Resources Website at www.outdooralabama.com beginning at 8:00 AM on the first Tuesday in June. A minimal administrative fee will be charged for each hunt zone application submitted. There is no charge for the Alligator Possession Tag. Registration will end at 8:00 AM on the second Wednesday of July. The drawings for each zone will be held on the second Wednesday of July. All applicants will be able to check for their results on the same website that they registered. Selected applicant's acceptance is required by 8:00 AM on the third Wednesday of July. If a tag is not accepted the next name on the list will be notified and given 24 hours to respond. These notifications will continue until all vacancies have been obligated. Only one (1) application shall be allowed per person per zone. Applications shall be in accordance with the procedure set out at www.outdooralabama.com.

Preference Points:

The random selection process will utilize a preference point system. The system increases the likelihood of repeat registrants being selected for a hunt as long as the applicant continues to apply. The more years an applicant participates in the registration, the higher the likelihood of being selected. If an applicant ceases to register for the hunt in a given year or is selected and accepts a tag for a hunt, the preference point status is forfeited.

Mandatory Training Course:

All successful applicants will be required to complete the online Alligator Training Course prior to accepting their hunter/alternate status. The video will be available for

viewing at www.utdooralabama.com. The official course will be available on the applicant's status page upon login.

Capture and Dispatch Methods:

For All Hunt Zones

Alligators must be captured and brought adjacent to the boat, bank or dock prior to shooting or otherwise dispatching the animal. It is unlawful to shoot at or kill an unrestrained alligator. Restrained is defined as an alligator that has a noose or snare secured around the neck or leg in a manner that the alligator is controlled. Capture methods are restricted to hand-held snares, snatch hooks (hand-held or rod/reel), harpoons (with attached line), and bowfishing equipment (with line attached from arrow to bow or crossbow). **No use of bait is allowed.**

All alligators of legal length must be dispatched immediately once boatside and restrained, as defined above. Culling is prohibited. No alligators should be captured for photographic purposes and released. Firearms used for dispatching an alligator are restricted to shotguns with shot size no larger than #4 and bangsticks chambered in .38 caliber or larger or shotgun (using #4 shot or smaller). All shotguns and bangsticks must be cased and unloaded at all times until a restraining line has been attached to the alligator. Except as otherwise provided herein, no other firearm or ammunition may be in possession of the permittee or hunting party. No firearm or bangstick may be discharged within 100 yards of any residence, building, boat ramp, or occupied campsite in Mobile/Baldwin Counties and on the Alabama River, Claiborne Lake, William "Bill" Dannelly Reservoir and Lake Walter F. George (Lake Eufaula). The Temporary Alligator Possession Tag, supplied by Alabama Wildlife and Freshwater Fisheries, must be attached to the alligator's tail, as demonstrated in training video, immediately after being dispatched and prior to moving or transporting.

Mandatory Check Station:

SOUTHWEST ALABAMA

All permitted hunters and hunting assistants must have on their person a valid Alabama Hunting License. Each permittee selected to receive an Alligator Possession Tag will be pre-registered and issued a Temporary Alligator Possession Tag via mail prior to the hunt. The permanent Federal CITES Alligator Possession Tag will be affixed to the harvested alligator by Wildlife and Freshwater Fisheries personnel at the check station. All successful permittees must bring their harvested alligators from this zone to the check station, located at the District V

Division of Wildlife and Freshwater Fisheries Office between the hours of 8:00 PM till 7:00 AM on the days of the hunts.

SOUTHEAST ALABAMA and LAKE EUFAULA

All permitted hunters and hunting assistants must have on their person a valid Alabama Hunting License. Each permittee selected to receive an Alligator Possession Tag will be pre-registered and issued a Temporary Alligator Possession Tag via mail prior to the hunt. The permanent Federal CITES Alligator Possession Tag must be obtained from a Wildlife and Freshwater Fisheries district office within 10 business days of the conclusion of the hunt. Hunters must bring alligator hides, their Temporary Alligator Possession Tag, and information regarding length, weight, girth, and sex in order to receive their permanent Federal CITES Alligator Possession Tag. Alligator harvest record sheets detailing the required information will be issued at the training session. Upon validation of alligator harvest data, a permanent Federal CITES Alligator Possession Tag will be attached to the alligator by WFF personnel.

WEST CENTRAL ALABAMA

All permitted hunters and hunting assistants must have on their person a valid Alabama Hunting License. Each permittee selected to receive an Alligator Possession Tag will be pre-registered and issued a Temporary Alligator Possession Tag via mail prior to the hunt. The permanent Federal CITES Alligator Possession Tag will be affixed to the harvested alligator by Wildlife and Freshwater Fisheries personnel at the check station at Roland Cooper State Park. All successful permittees must bring their harvested alligator from this zone to the check station between the hours of 8:00 PM till 7:00 AM on the days of the hunts.

Harvest Reporting and Tagging:**SOUTHWEST and WEST CENTRAL ALABAMA ZONES**

All harvested alligators must be validated at the designated check station by posted closing time. The Temporary Alligator Possession Tag must be attached to the alligator immediately after being dispatched and prior to moving. Upon validation at the check station, a Federal CITES Alligator Possession Tag will be attached to the alligator.

SOUTHEAST and LAKE EUFAULA ZONES

The permanent Federal CITES Alligator Possession Tag must be obtained from a Wildlife and Freshwater Fisheries district office within 10 business days of the conclusion of the hunt. Hunters must bring alligator hides, their attached Temporary Alligator Possession Tag, and information regarding length,

weight, girth, and sex in order to receive their permanent Federal CITES Alligator Possession Tag. Alligator harvest record sheets detailing the required information will be issued with your Temporary Alligator Possession Tag. Upon validation of alligator harvest data, a permanent Federal CITES Alligator Possession Tag will be attached to the alligator by WFF personnel.

License Requirements:

Alligator Hunting Permittee: All Alligator Hunting Permittees must have a government issued picture identification and a resident hunting license as required by Alabama law. A Temporary Alligator Possession Tag will be issued by mail to successful applicants.

Alligator Hunting Assistant: All assistants in the hunting party sixteen (16) years of age or older are required to purchase and have on their person a valid Alabama hunting license as required by Alabama law. Any non-residents in the hunting party sixteen (16) years of age or older are required to have a valid Alabama hunting license. All persons in the boat or assisting boats are considered Hunt Permittees or Hunting Assistants. All alligators must be captured and dispatched from the tag holder's boat. No capture or dispatch equipment is allowed in assisting boats. All funds are non-refundable.

General:

Nothing in this regulation prohibits the possession of handguns by lawfully authorized persons for personal protection, provided the handguns are not used to hunt or take or to attempt to take wildlife in violation of law.

ALL ALABAMA BOATING AND HUNTING REGULATIONS MUST BE FOLLOWED.

For the purposes of this regulation the term "animal protected by the laws of this state" as used in Section 9-11-235 of the Code of Ala. 1975, shall mean game animals as designated by the Commissioner of the Department of Conservation and Natural Resources.

2. The State of Alabama, Department of Conservation and Natural Resources ("DCNR") approved App on a hand-held device capable of recording the harvest in the Game Check System as set forth in paragraph (3).

NOTE: Harvest Record must be in possession when hunting. See paragraph 2(a).
 Hunter must record before field dressing or moving carcass. See paragraph 2(b).
 Hunter must obtain confirmation number within 48 hours. See paragraph 3.

(b) All deer or turkey harvested shall be recorded completely on either the harvest record form as identified in paragraph (2)(a) above or the DCNR approved App by the hunter harvesting the deer or turkey before the deer or turkey is moved or field dressed; provided however, that confirmation numbers for each deer or turkey harvested shall be obtained by following the procedures set forth in paragraph (3) hereof, and shall be entered on the harvest record within forty-eight (48) hours of harvest.

(c) Any person who harvests a deer or turkey shall have in their possession either the completed harvest record form as identified in paragraph (2)(a) above or the DCNR approved App. In addition, any other person who is in

possession of a deer or turkey not harvested by that person shall have in their possession either: (1) written documentation including the name and Conservation Identification Number (CID) of the person(s) who harvested the deer or turkey, as well as the dates(s) of harvest and Game Check confirmation number(s) of all deer and/or turkeys in their possession or (2) a DCNR Transfer of Possession Certificate, available at www.outdooralabama.com/hunting/hunter-resources.

(3) **DEER AND TURKEY HARVEST REPORTING REQUIREMENT:**

(a) All hunters shall report to the DCNR, Division of Wildlife and Freshwater Fisheries, their harvest of each and every deer or turkey within forty-eight (48) hours of harvest, by using one of the following methods, as further described herein: (1) the DCNR "Game Check" reporting site at www.OutdoorAlabama.com/Gamecheck; or (2) the **OutdoorAlabama** App on a hand-held device.

(b) Online reporting shall be done by: (1) accessing the web site stated above; (2) using the **OutdoorAlabama** App on a hand-held device; or (3) by any other means of accessing the DCNR "Game Check" reporting site on the internet.

On the Deer Harvest Reporting page, the hunter shall be required to provide: (1) his or her 16-digit hunting license number or lifetime license number or other authorized identification number; (2) whether the deer is an "antlered deer" or an "unantlered deer;" (3) whether the harvest location is public or private land; (4) date of the harvest; and (5) the county of harvest.

On the Turkey Harvest Reporting page, the hunter shall be required to provide: (1) his or her 16-digit hunting license number or lifetime license number or other authorized identification number; (2) the turkey's age (whether a jake or adult); (3) whether the harvest location is public or private land; (4) the date of the harvest; and (5) the county of harvest.

A confirmation number shall be provided which shall be entered in the appropriate corresponding space on the harvest record form within forty-eight (48) hours of harvest or the DCNR approved App. Once data is submitted and a confirmation number provided, the data cannot be changed.

(4) It shall be a violation of this regulation for any person to fail to comply with the requirements of this regulation. Further, it shall be a violation of this regulation to present an incomplete deer and turkey harvest record for inspection, or to intentionally enter false information into the deer and turkey harvest record form provided for in paragraph (2) hereof or into the deer and turkey harvest reporting database provided for in paragraph (3) hereof.

Two years of documented educational experience in zoology or other relevant biological sciences, obtained at the college or technical school level or above may substitute for 500 hours or six (6) months of required practical experience.

(d) For Class III wildlife, applicants shall demonstrate no less than six (6) months of substantial practical

experience (to consist of no less than 500 hours) in the care, feeding, handling and husbandry of the species for which the permit is sought, or other species, within the same biological order (except ratites which shall be in the same biological sub-order) which are substantially similar in size, characteristics, care and nutritional requirements to the species for which the permit is sought. One year of documented educational experience in zoology or other relevant biological sciences, obtained at the college or technical school level or above may substitute for 250 hours or three (3) months of required practical experience.

(e) For purposes of demonstrating compliance applicants shall submit documentation of such experience, including;

1. A description of the specific experience acquired.
2. The dates the experience was obtained and the specific location(s) where acquired,
3. References of no less than two (2) individuals having owner/manager knowledge of the applicant's stated experience. Additional documentation may include records of prior permits for the keeping of captive wildlife, employment records, and any other competent documentation of the requisite experience.

(f) In lieu of the required experience, applicants for any class wildlife may satisfactorily complete an examination administered by the Division of Wildlife and Freshwater Fisheries that assesses the applicant's knowledge of general husbandry, nutritional, and behavioral characteristics.

1. Arrangements must be made with the Division as to time and place where the test will be given.
2. Scoring - There will be a maximum of 100 questions on the test and each will have equal value. The point value will be announced before the test. A score of 80% correct will be satisfactory.
3. No copies of the test questions can be taken from the testing area by the person taking the test.

4. The test will be scored immediately and the applicant will be notified of the score.

5. If the applicant fails to pass the test, he may request to retake the test at a later date.

6. There shall be at least ten days between tests.

7. The test may be taken a maximum of three times per calendar year.

(g) Applicants must demonstrate that the conditions under which the wildlife will be held shall not constitute a threat to the public or to the animal.

(3) General Regulations Governing Exhibit of Captive Wildlife

(a) No permittee shall exhibit captive wildlife in any unsafe or unsanitary condition, or in a manner which results in threats to public safety, or the maltreatment or neglect of such wildlife.

(b) Breeding of native species protected by Alabama law or regulation is prohibited except by special permit issued by the Division. No permit will be issued which allows the sale or transfer of native protected species to persons other than licensed exhibitors.

(c) Permittee shall submit to the Division an accurate inventory of all stock and maintain a record of inventory changes caused by births, deaths, escapes, sales, purchases or other causes.

(d) Permittee shall notify the Division of the origin, species and number of animals at least 10 days prior to importing any member of the Cervidae family into Alabama from any area outside the state.

(e) No member of the Cervidae family may be imported into Alabama from any state or area where Chronic Wasting Disease (CWD) has been found to exist.

(f) Sick animals, new arrivals or animals of unknown disease status shall be quarantined until a licensed veterinarian determines said animals to be free of contagious disease.

(g) Upon notification by authorized Division personnel of a documented disease risk, not remove from any facility any animals alive or dead until approved by authorized Division personnel.

(h) The possession of any state or federally threatened or endangered species is permitted only when such species have been legally obtained in the state or country of origin.

(i) No permittee may possess wildlife taken from the wild in Alabama except as provided for by statute, regulation, or permit.

(j) Unconfined captive wildlife shall be maintained under rigid supervision and control, so as to prevent injuries to members of the public. No captive wildlife shall be tethered outdoors unsupervised.

(k) Permittee shall notify the Department immediately upon discovery of the escape of any wildlife.

(l) Permittee shall notify the Department within 24 hours of any animal attacking a human.

(4) Location of Facilities

(a) Applicants for permits to possess wildlife for exhibit shall identify the location of each facility by physical address at which captive wildlife shall be maintained.

(b) Allow inspection of stock, facilities and records prior to issuance of the permit and at all other reasonable times by agents authorized by the Division.

(c) Each facility, its cages and enclosures shall be constructed and maintained in compliance with all county ordinances and, if within a municipality, municipal ordinances.

(d) No permitted facility shall be located on property zoned for residential use only. This paragraph shall not apply to those facilities permitted prior to the effective date of this regulation.

(e) No facility permitted for Class I or II mammals shall be located on less than five (5) contiguous acres of

property owned or leased by the permit holder. Any facility housing Class III wildlife must be located on no less than 2.5 contiguous acres owned or leased by the permit holder. Exemption to the land area requirement may be granted by special permit from the Division.

(f) Permit holders must notify the Division of any changes in size or location of such facility at least 30 days in advance of any such changes.

(5) Security and Structural Requirements for facilities housing Class I or II Wildlife. Class I and II mammals shall be caged in accordance with the following requirements and meet the minimum housing standards described in paragraph 10:

(a) The facility shall have a buffer zone of not less than 35 feet between the caging and the facility property line.

(b) Caging shall be bounded by a perimeter fence of not less than eight (8) feet in height, constructed of not less than 11½ gauge chain link or equivalent strength material and a minimum of three (3) feet from cages holding animals, or such other fencing, building or other protection of the enclosure where the animal is kept, sufficient to deter entry by the public, and also to prevent escape from the property of any wildlife that may escape the primary caging. Perimeter fencing around Class II mammals may angle in to the top of the caging from a height of at least four feet. All gates to such perimeter fence shall be locked. Permit holders as of the effective date of this regulation shall be granted an exemption for existing perimeter fencing. All new perimeter fence construction after the effective date of this regulation must meet the requirements set forth in this paragraph.

(c) All cages or enclosures of Class I and II wildlife shall be locked. Class I or II mammals shall not be kept in uncovered enclosures that are less than 1000 square feet, except as specified.

(d) All cages containing Class I or II mammals shall be constructed with a den, nest box or other connected housing unit that can be closed off and locked with the animal inside for the safe servicing and cleaning of the open area. In lieu of a nest box, a divided cage with a door between the two compartments may be used. No entry into cages containing Class

I or II mammals shall be allowed without first locking the animal into the den, nest box or other connected housing.

(e) All cages or enclosures constructed of chain link or other approved materials shall be well braced and securely anchored at or below ground level to prevent escape by digging or erosion. Cages shall be constructed using steel clamps, steel ties or steel braces of equivalent strength as the material required for cage construction for the particular species. See species listings below for additional requirements.

(f) A temporary variance for the provisions of paragraph 5 may be issued upon application to the Division for juveniles of Class I or II species less than 25 pounds and less than three months of age. Adequate safeguards must be taken to prevent escape or potential injury to the animal or public.

(6) Security and Structural Requirements for Class III Wildlife

(a) All cages or enclosures of Class III animals shall be locked.

(b) Class III mammals: 14 gauge wire or strength equivalent material. All cages or enclosures containing wildlife with the potential to escape by digging shall be constructed of chain link or other approved materials and shall be well braced and securely anchored at or below ground level to prevent escape by digging or erosion. Cages shall be constructed using steel clamps, steel ties or steel braces of equivalent strength as the material required for cage construction for the particular species. See species listings below for additional requirements.

(7) Safety Requirements for Animals on Display:

(a) A management plan detailing safety measures for both humans and animals maintained at each facility housing Class I or II wildlife. Appropriate safety precautions shall be provided in the plan to account for any emergency. A first-aid kit and fire extinguisher must also be held close to where the animals are maintained.

(b) Applicants for permit to exhibit Class I or II wildlife shall submit with the permit application a written plan of action for use in the following emergencies:

1. Animal attacking and/or injuring humans: Plans shall include a list of safety equipment such as fire extinguishers, darting equipment, and pepper spray, or lethal control measures which will be available for use.

2. Escape of an animal from its enclosure: Recapture plans shall outline procedures for handling and recapturing escaped Class I or II wildlife.

3. Sickness or injury of an animal: the name, address, phone number and signature of the veterinarian who has agreed to care for the animal must be provided.

4. Natural Disasters: Plans shall outline procedures for handling, moving and recapturing escaped Class I or II wildlife.

5. Lost Child: Plans shall outline procedures for handling lost child situations.

(8) Husbandry Requirements

(a) The following guidelines shall be used to meet the sanitation and nutritional needs of any wildlife held under this permit:

1. Nutrition: Food suitable for the particular species shall be provided in a manner which is consistent with the species requirements to maintain good health and to encourage the natural feeding behaviors of the species. Sufficient feeding sites shall be provided to cater for all specimens in an enclosure. For example, dominant primates may monopolize feeding sites and to prevent this, food shall be cut small and scattered around the enclosure. Diets shall be complete and balanced and food items provided in quantities necessary for growth and the maintenance of healthy body condition. Animal species which are regarded as grazing species shall have daily access to permanent pasture or be supplemented with fresh greens or pasture derivatives, for example hay.

2. Food Storage: All fresh and dry food items shall be kept in suitable storage areas. Refrigerators and freezers shall maintain fish, meat and vegetables at the appropriate temperature. Grains and pellets shall be kept dry and food containers shall be labeled and the shelf life of the contents monitored.

3. Water: Clean, cool water shall be available at all times. Daily water changes are necessary to maintain optimal water quality for aquatic species and to prevent contamination of the animal's captive environment. Water containers shall not be located in direct sunlight and shall be designed to suit the animals' needs which may include swimming, sloughing, wallowing, bathing and drinking.

4. Hygiene: Animal holding facilities shall be cleaned daily. Pens shall be well drained to prevent standing water. Cages or enclosures with dirt floors shall be raked a minimum of once every three days and all waste material shall be removed. Hard floors must be cleaned daily. Sick or injured animals shall be removed from public viewing areas into isolation or treatment facilities supervised by the veterinarian.

5. Health: A program to monitor the health and well being of animals shall be implemented and overseen by a veterinarian. A preventive medicine program shall be designed and implemented to protect animals from disease. Primates in particular are vulnerable to many human diseases and their exposure to people with common complaints such as colds and influenza shall be avoided.

6. Euthanasia: This is the responsibility of the veterinarian and shall be performed at the discretion of the veterinarian in consultation with the permit holder. The preferred method of euthanasia is barbiturate overdose and this method shall be used unless otherwise authorized by the Division.

(9) Standard Caging Requirements for Captive Wildlife

(a) Definitions - Where specified in this section, wildlife cages and enclosures shall be equipped to provide for the protection and welfare of the animals. Such equipment includes, but is not limited to:

1. Shelter: A structure which shall provide protection from the elements and from extremes in temperature. Such structures may vary in size depending on the security and biological needs of the species. When vegetation and landscaping is available to serve as protection from the elements, access to a shelter shall also be provided during inclement weather conditions. Such shelter shall be attached to or adjacent to the habitat or enclosure.

2. Paddock: Area enclosed by fencing, railing or other Department approved structures which allow animals to graze or browse.

3. Nest box/den: An enclosed shelter that provides a retreat area within, attached to, or adjacent to a cage or enclosure of specified size, which shall provide protection from the elements and from extremes in temperature. The doors to nest or den boxes must be able to be operated from outside the facility.

4. Elevated platform/perching area: A surface or structure, either natural or manmade positioned above the floor, or above the grade level of the cage or enclosure, that will provide a resting area for the animal(s).

5. Gnawing and chewing items: Natural or artificial materials that provide for the health of teeth so as to keep teeth sharp, wear down enamel, promote general oral hygiene. Gnawing items include, but are not limited to, logs and trees. Chewing items include, but are not limited to, woody stems, knuckle bones, and rawhide objects; suitability dependent upon species.

6. Devices for stimulation or manipulation: Each cage or enclosure shall have appropriate devices to provide physical stimulation or manipulation compatible with the species. Such devices shall be non-injurious, and may include, but are not limited to, tree branches, logs, digging areas, pools, pvc pipes, boxes, balls, mirrors, foraging items, etc.

(b) Cages or enclosures housing captive wildlife shall be sufficiently strong to prevent escape and to protect the caged animal(s) from injury, and shall be equipped with structural safety barriers to prevent any physical contact with the caged animal(s) by the public. Animals on display or being transported must also be protected from human harassment and attack by other animals. Except as specified below, all cages or enclosures less than one thousand square feet shall be covered at the top to prevent escape and also to exclude predators. Adjacent cages shall be far enough apart to prevent one animal from causing injury to another.

1. Caging not in compliance herewith shall be reconstructed or repaired within 30 days after notification of such condition. In the event such condition results in a threat

to human safety or the safety of the wildlife maintained therein, the wildlife maintained therein shall, at the direction of the Division, be immediately placed in a suitable facility, at the expense of the permittee, owner, or possessor, until such time as the compliance issue is remedied. In instances where wildlife is seized or taken into custody by the Division, said permittee, owner, or possessor of such wildlife shall be responsible for payment of all expenses relative to the animal's capture, transport, boarding, veterinary care, or other costs associated with or incurred due to such seizures or custody. Such expenses shall be paid by said permittee, owner, or possessor upon any conviction for a criminal violation. Failure to pay such expenses may be grounds for revocation or denial of permits to such individuals to possess wildlife.

(c) Any cage or other enclosure which contains more than two individual chimpanzees, gorillas or orangutans must be enlarged by 50% for each additional animal. Cages or enclosures containing all other species must be enlarged by 25% for each additional animal.

1. No captive wildlife shall be confined in any cage or other enclosure which is smaller in dimension than as specified in this section, or is not equipped as specified in this section, except as authorized in accordance with the following: Requests for deviations from standard caging or enclosure requirements may be granted to allow for different size configuration (length, width and height) if the required square footage is adequate and if the locomotory needs of the animal(s) are not compromised. Any proposed deviations from the standard caging or enclosure requirements, or proposals to use wet or dry moats to substitute for fencing, shall be approved in writing by the Division prior to the use of the cage or enclosure for housing animals.

2. Permit holders as of the effective date of this regulation shall be granted an exemption for existing caging.

3. All new cage construction after the effective date of this regulation must meet the materials, height and square footage specifications.

(d) Wildlife may be temporarily housed in cages or enclosures smaller than the sizes set forth under this regulation, only under the following circumstances:

1. For transport.

2. For Veterinarian care or quarantine may be temporarily caged or housed in smaller cages or enclosures for a period not to exceed 60 days. With written notification to the Department, this period may be extended in circumstances where a licensed veterinarian has certified that a longer holding period is medically necessary in the interests of health, safety and welfare of the subject animal or public.

3. For juveniles of any species until weaned from the mother or bottle.

4. By special permit from the Department.

(10) Minimum Housing Requirements by Species:

(a) Lions, tigers, jaguars, leopards, cheetahs, cougars and bears: For one to two animals, a cage 480 square feet, 8 feet high.

1. Outdoor cages for lions and tigers over 1,000 square feet (uncovered) shall have vertical jump walls at least 10 feet high, with a 2-foot, 45 degree, inward angle overhang or jump walls at least 12 feet high, without an overhang. Vertical walls shall be constructed with a minimum of 9 gauge chain link or equivalent strength material. The inward angle fencing shall be constructed with a minimum of 11 ½ gauge chain link or equivalent strength material. Wet or dry moats may be substituted for the required fencing provided prior approval has been obtained in writing from Division.

2. Outdoor cages for bears over 1,000 square feet (uncovered) shall have vertical jump walls at least 10 feet high, with a 4-foot, 45 degree, inward angle overhang. Vertical walls shall be constructed with a minimum of 9 gauge chain link or equivalent strength material. The inward angle fencing shall be constructed with a minimum of 11 ½ gauge chain link or equivalent strength material.

3. Leopards, cougars and jaguars shall not be kept in uncovered enclosures. Cages containing Leopards and jaguars shall be constructed with a minimum of 9 gauge chain link or equivalent strength material. Cages containing cougars shall be constructed with a minimum of 11 ½ gauge chain link or equivalent strength material.

4. Required Cage Furnishings: Den boxes and elevated platform(s) that will accommodate all animal(s) simultaneously; devices to provide physical stimulation or manipulation compatible with the species, such as boxes, balls, bones, barrels, drums, foraging items, etc. Several logs for clawing, climbing, etc. shall be provided.

5. Bears and tigers require a 4 foot by 6 foot pool, 2 feet deep or a 100 gallon tub or larger for each animal in the cage.

(b) Gray wolf, red wolf, coyote: For one to two animals, a cage 288 square feet, 8 feet high with concrete footings or buried wire mesh to prevent escape by digging. Outdoor cages over 1,000 square feet (uncovered) shall have vertical jump walls at least 8 feet high with a 45 degree, inward angle overhang 2 feet wide or, jump walls 10 feet high without an overhang. Vertical walls shall be constructed with a minimum of 11 1/2 gauge chain link or equivalent strength material.

1. Required cage furnishings: den boxes and elevated platform(s) that will accommodate all animals in the enclosure simultaneously; several logs; protected shelf areas at no more than 1 foot above ground level; gnawing items, tree branches, boxes, balls, bones, barrels, drums, rawhide, pools, etc.

(c) Bobcats, lynx, badgers, servals, ocelots, jaguarundis, leopard cats, grey fox, red fox: For one to two animals, a cage 72 square feet, 6 feet high. Foxes and badgers require concrete footings or buried wire mesh to prevent escape by digging.

1. Required Cage Furnishings: Den boxes of appropriate size that will accommodate all animals simultaneously; non-injurious devices to provide physical stimulation or manipulation such as tree branches, boxes, balls, bones and other chewing items, barrels, drums, foraging items, etc.

2. For climbing animals: a climbing tree with 3 or more 4-inch diameter branches shall be available for each animal; a 14-inch by 36-inch protected shelf area shall be provided for each animal, situated at least 3 feet above the floor.

3. For non-climbing animals: several logs shall be provided, as well as protected shelf areas at no more than 1 foot above ground level.

4. Badgers require gnawing items, and an area of clean soil of sufficient depth to provide for digging.

(d) Fennec fox, raccoons, coati-mundis, kinkajous, cacomistles, and other species of the same families: For one to two animals, a cage 48 square feet, 6 feet high. Foxes and badgers require concrete footings or buried wire mesh to prevent escape by digging.

1. Required Cage Furnishings: Den boxes of appropriate size that will accommodate all animals simultaneously; non-injurious devices to provide physical stimulation or manipulation such as tree branches, boxes, balls, bones and other chewing items, barrels, drums, foraging items, etc.

2. For climbing animals: a climbing tree with 3 or more 4-inch diameter branches shall be available for each animal; a 14-inch by 36-inch protected shelf area shall be provided for each animal, situated at least 3 feet above the floor.

3. For non-climbing animals: several logs shall be provided, as well as protected shelf areas at no more than 1 foot above ground level.

(e) River otters, beavers: For one or two animals, a cage 256 square feet, 6 feet high. Each cage shall have an 8 foot by 8 foot pool of clean water, 3 feet deep.

1. Required Cage Furnishings: Otter must have a variety of climbing surfaces, a slide, and a dry place with nest box for sleeping and retreat; noninjurious devices to provide physical stimulation or manipulation boxes, balls, bones and other chewing items, barrels, logs, drums, foraging items, etc.

2. Beavers must have a well-drained den box of appropriate size to accommodate all individuals simultaneously; Bark-covered branches must be available at all times for gnawing.

(f) Smaller aquatic animals such as mink, muskrat and nutria: For one or two animals, a cage 36 square feet, 6 feet high.

1. Required cage furnishings: a pool 2 feet by 4 feet, 2 feet deep; den boxes of appropriate size to accommodate all individuals simultaneously; gnawing material and chewing material.

2. Mink require a tree for climbing, and an elevated shelf for loafing.

(g) Ferrets, weasels, skunks, prairie dogs, woodchucks, armadillos, squirrels and rabbits:

1. For one or two animals, a cage 36 square feet, 6 feet high.

2. Required cage furnishings: nest boxes that will accommodate all animals simultaneously; gnawing items; chewing items; non-injurious devices to provide physical stimulation or manipulation compatible with the species, such as branches, logs, boxes, balls, PVC tubing, etc.

3. Arboreal squirrels require a nest box, elevated 5 feet off the ground, of appropriate size to accommodate all individuals simultaneously; a central climbing tree with at least 3-inch branches and appropriate gnawing items.

4. Armadillos, prairie dogs, and woodchucks require concrete footings or buried wire mesh to prevent escape by digging, and an area of clean soil of sufficient depth to provide for digging.

(h) Cervidae: For one or two animals, a paddock enclosing 1000 square feet, 8 feet high.

(i) Equidae and Camelids: For one or two animals, a paddock enclosing 1000 square feet

(j) Small Primates such as bush babies, loris, mouse lemurs, tamarins, marmosets and squirrel monkeys: For one or two animals, a cage 36 square feet, 6 feet high. Each cage shall have a heated indoor enclosure with wooden perching shelves large enough to accommodate all individuals. Heat must be provided if the temperature falls below 45 degrees Fahrenheit.

1. Required cage furnishings: Each cage shall have perching area(s) and nest box(es) that will accommodate all animals in the enclosure simultaneously. Each cage shall also have tree branches and other climbing apparatus and devices to provide physical stimulation or manipulation compatible with the species, such as boxes, balls, mirrors, foraging items, etc.

2. Outdoor facilities - Construction material shall consist of 14-gauge, ½" mesh fencing or equivalent to prevent escape and provide protection from predators. If a larger mesh is used, the cage must be lined with a second layer of ½" hardware cloth to prevent injuries caused by predators reaching into the cage.

3. Indoor facilities - Potential escape routes shall be equipped with wire or grating not less than 14 gauge or equivalent.

(k) Medium-sized lemurs such as ruffed, cata, gentle, and new world monkeys such as capuchins, sakis, uakaris, and other family members: For one or two animals, a cage 49 square feet, 6 feet high. Each cage shall have a heated indoor enclosure with wooden perching shelves large enough to accommodate all individuals. Heat must be provided if the temperature falls below 45 degrees Fahrenheit. Cages shall be constructed with a minimum of 11 1/2 gauge chain link or equivalent strength material.

1. Required cage furnishings: Each cage shall have perching area(s) and nest box(es) that will accommodate all animals in the enclosures simultaneously. Each cage shall also have tree branches and other climbing apparatus and devices to provide physical stimulation or manipulation compatible with the species, such as boxes, balls, mirrors, foraging items, etc.

2. Outdoor facilities - Construction material shall consist of not less than 11-1/2-gauge chain link or equivalent.

3. Indoor facilities - Potential escape routes shall be equipped with wire or grating not less than 11-1/2 gauge or equivalent.

(l) Large prosimians such as sifakas, and indris, large arboreal monkeys such as howlers, spiders, and woolly, and large old world monkeys such as macaques, guenons, mangabeys, colobus, and other family members: For one or two animals, a cage 256 square feet, 12 feet high. Each cage shall have a

heated indoor enclosure with wooden perching shelves large enough to accommodate all individuals. Heat must be provided if the temperature falls below 45 degrees Fahrenheit. Cages shall be constructed with a minimum of 11 1/2 gauge chain link or equivalent strength material.

1. Required cage furnishings: Each cage shall have perching area(s) and nest box(es) that will accommodate all animals in the enclosures simultaneously. Each cage shall also have tree branches and other climbing apparatus and devices to provide physical stimulation or manipulation compatible with the species, such as boxes, balls, mirrors, foraging items, etc.

2. Outdoor facilities - Construction material shall consist of not less than 11-1/2-gauge chain link or equivalent.

3. Indoor facilities - Potential escape routes shall be equipped with wire or grating not less than 11-1/2 gauge or equivalent.

(m) Baboons, mandrills and drills: For one or two animals, a cage 400 square feet, 8 feet high. Each cage shall have a heated indoor enclosure with wooden perching shelves large enough to accommodate all individuals. Heat must be provided if the temperature falls below 45 degrees Fahrenheit. Cages shall be constructed with a minimum of 9 gauge chain link or equivalent strength material.

1. Required cage furnishings: Each cage shall have perching area(s) and shelter(s) that will accommodate all animals in the enclosure simultaneously. Each cage shall have horizontal climbing logs and tree branches and devices to provide physical stimulation or manipulation compatible with the species, such as boxes, balls, mirrors, foraging items, etc.

2. Outdoor facilities - Construction material shall consist of not less than 9-gauge chain link or equivalent.

3. Indoor facilities - Potential escape routes shall be equipped with wire or grating not less than 9-gauge or equivalent.

(n) Gibbons and siamangs: For one or two animals, a cage 900 square feet, 12 feet high. Each cage shall have a heated indoor enclosure with wooden perching shelves large enough to accommodate all individuals. Heat must be provided if the temperature falls below 45 degrees Fahrenheit. Cages shall

be constructed with a minimum of 9 gauge chain link or equivalent strength material.

1. Required cage furnishings: Each cage shall have perching area(s) and shelter(s) that will accommodate all animals in the enclosure simultaneously. Each cage shall have horizontal bars across the cage at least 8 feet above the ground, and tree branches and other climbing apparatus and devices to provide physical stimulation or manipulation compatible with the species, such as boxes, balls, mirrors, foraging items, etc.

2. Outdoor facilities - Construction material shall consist of not less than 9-gauge chain link or equivalent.

3. Indoor facilities - Potential escape routes shall be equipped with wire or grating not less than 9-gauge or equivalent.

4. Wet or dry moats may be substituted for the required fencing with the written approval of the Division. For island exhibits, wet moats shall be used that are no less than 24 feet wide, with 50 percent of the water having a depth twice the height of the tallest animal.

(o) Chimpanzees, gorillas and orangutans: For one or two animals, a cage 900 square feet, 10 feet high. For each additional animal, increase cage size by 50 percent of original floor area. Each cage shall have a heated indoor enclosure with wooden platforms or perching shelves large enough to accommodate all individuals. Heat must be provided if the temperature falls below 45 degrees Fahrenheit.

1. Required cage furnishings: Each cage shall have perching area(s) and shelter(s) horizontal climbing apparatus, tree branches and other climbing apparatus and devices to provide physical stimulation or manipulation compatible with the species, such as boxes, balls, mirrors, foraging items, etc.

2. For gorillas: Each cage shall have a platform(s) large enough to accommodate all animals simultaneously; such platform (s) shall be elevated three feet.

3. Outdoor facilities - Cage construction materials shall consist of steel bars at least 1 inch in diameter, two-inch galvanized pipe, masonry block or their equivalent.

4. Indoor facilities - In rooms where the wildlife is maintained, potential escape routes shall be equipped with steel bars at least 1 inch in diameter, two-inch galvanized pipe or their equivalent.

5. Wet or dry moats may be substituted for the required fencing with the written approval of the Division. For island exhibits, wet moats shall be used that are no less than 24 feet wide, with 50 percent of the water having a depth twice the height of the tallest animal.

(11) Association of Zoos and Aquariums Accreditation

(a) The other provisions of this regulation notwithstanding, current accreditation of an exhibitor by the Association of Zoos and Aquariums (AZA) shall be accepted as full compliance with all provisions of this regulation.

(12) The penalty for the violation of any provision of this rule shall be as provided by Section 9-11-327, Code of Ala. 1975.

220-2-.157 Definition Of Area Regulation. For the purposes of Section 9-11-244, Code of Ala. 1975, and Rule 220-2-.11, Alabama Administrative Code, as it applies to the hunting of deer and feral swine, there shall be a rebuttable presumption that any bait or feed (as defined in Section 9-11-244) located beyond 100 yards from the hunter and not within the line of sight of the hunter, is not a lure, attraction or enticement to, on or over the area where the hunter is attempting to kill or take the deer or feral swine. For the purpose of this regulation, "not within the line of sight" means being hidden from view by natural vegetation or naturally occurring terrain features. This regulation shall not apply on public lands.

220-2-.158 Guntersville Reservoir Paddlefish Management Area And Season Established.

(1) An experimental one-year commercial fishing season for paddlefish (*Polyodon spathula*) is hereby established for one area in Guntersville Reservoir, Alabama, in 2017, as provided for below. This area is hereafter referred to as a Paddlefish Management Area (PMA), and is hereby established as, and shall constitute, a special fishery "wildlife management area", in accordance with Sections 9-11-300 and 9-11-301 of the

Code of Ala. 1975. This PMA will occur in the upper portion of Guntersville Reservoir in Jackson County, as described below. These rules shall govern according to the following restrictions and regulations:

(2) **Location.**

(a) **Upper Guntersville Reservoir Paddlefish**

Management Area (UGR) (Jackson County): The public waters of the mainstem portion (tributaries excluded) of the Tennessee River (Upper Guntersville Reservoir) from TRM 414.5 (34.9532382°N 85.7019227°W) to TRM 385.9 (34.6402099°N 85.9757707°W). This is from the railroad bridge at Bridgeport that crosses Long Island to the HWY 35 Bridge at Scottsboro. A total of 28.6 river miles will be open for commercial harvest of paddlefish.

(3) **Season.**

(a) **UGR:** March 6 (Monday) - March 21 (Tuesday), 2017. Weekend (Saturday and Sunday) commercial paddlefish fishing is not permitted.

(4) **Fishing Hours.**

(a) **UGR:** Gill nets can be set, checked, and handled between legal sunrise and sunset hours; Monday - Friday. Gill nets can be set overnight; however, it is illegal to set, check, or handle gill nets between legal sunset and sunrise hours. Gill nets must be removed from the water by legal sunset hour each Friday.

(5) **Persons Eligible.** Due to the need for the Alabama Division of Wildlife and Freshwater Fisheries (ADWFF) to collect reliable fishery-dependent harvest data from this experimental one-year season, only Alabama residents and non-residents that have held a valid paddlefish harvester permit for the previous 2013 through 2016 Alabama River Paddlefish Management Area seasons are eligible to enter the drawing for a separate harvester permit for the UGR Paddlefish Management Area. Not less than fifty percent (50%) of the available permits shall be made available to eligible Alabama residents. In no event shall the percentage of available permits for nonresidents of any other state exceed any percentage restriction placed on that state's nonresidents to commercially harvest paddlefish in that state.

(6) **Harvest Permits.** The following permits and tags are established and required to commercially harvest paddlefish in Alabama:

(a) **Alabama Residents.** Commercial Paddlefish Harvester Permit [\$750.00]. This permit is required for the holder to fish and take paddlefish in a designated paddlefish management area for the purpose of harvesting flesh and roe during designated commercial paddlefish seasons. This permit also allows one commercial fishing helper per permit holder. An Alabama Commercial Freshwater Fishing License is required in addition to the Commercial Paddlefish Harvester Permit to harvest and possess paddlefish.

(b) **Nonresidents.** Nonresident Commercial Paddlefish Harvester Permit – The cost for the permit will be same as what the applicant's State of residency would charge an Alabama resident to commercially fish for paddlefish in that State but in no event shall the cost be less than the fee charged to a resident of Alabama. This permit is required for the holder to fish and take paddlefish in a designated paddlefish management area for the purpose of harvesting flesh and roe during designated seasons. This permit also allows one commercial fishing helper per permit holder. An Alabama Commercial Freshwater Nonresident Fishing License is required in addition to the Nonresident Commercial Paddlefish Harvester Permit to harvest and possess paddlefish.

(c) **Carcass Tags.** It shall be required that all harvested paddlefish possess an Alabama Division of Wildlife and Freshwater Fisheries (ADWFF) issued serial tag attached through the dorsal fin. Paddlefish harvesters will tag each harvested paddlefish after the fish is removed from the net and placed in their fishing vessel. The tag is to remain on the fish until the flesh is processed and packaged for retail sale.

(7) **Dealer's Licenses.** (Required by Section 9-11-153, Code of Ala. 1975, as amended by Act No. 2012-471).

(a) **Alabama Residents.** Commercial Paddlefish Dealer's License [\$750.00]. This license is required of every resident person, firm, association, or corporation to buy, sell, process, or ship paddlefish roe or flesh acquired from a permitted paddlefish harvester. Any employee or agent of a dealer shall be required to possess a copy of the dealer license, signed by the dealer, at all times he is performing any activities pursuant to such license. This license is not

required for a permitted paddlefish harvester to sell or ship within Alabama paddlefish roe or flesh that the harvester has caught, to an Alabama licensed commercial paddlefish dealer. An Alabama wholesale freshwater fish dealer license is required in addition to the Commercial Paddlefish Dealer's License to buy, process, sell, or ship paddlefish roe and flesh.

(b) **Nonresidents.** Commercial Paddlefish Dealer's License—The cost for this license will be same as what the applicant's State of residency would charge an Alabama resident to buy, sell, process, or ship paddlefish roe or flesh within that State but in no event shall the cost be less than the fee charged to a resident of Alabama. This license is required of every nonresident person, firm, association, or corporation to buy, sell, process, or ship paddlefish roe or flesh acquired from a permitted paddlefish harvester. Any employee or agent of a dealer shall be required to possess a copy of the dealer license, signed by the dealer, at all times he is performing any activities pursuant to such license. This license is not required for a permitted paddlefish harvester to sell or ship within Alabama paddlefish roe or flesh that the harvester has caught, to an Alabama licensed commercial paddlefish dealer. An Alabama wholesale freshwater fish dealer license is required in addition to the Commercial Paddlefish Dealer's License to buy, process, sell, or ship paddlefish roe and flesh.

(8) **Size Limit.**

(a) The minimum length to possess and harvest paddlefish is 38" (965.2 mm) eye-to-fork (EFL) and only egg-bearing females are legal. The EFL is the length from the anterior portion of the eye (front of eye) to the fork of the tail measured with a flexible tape measured along curvature of the body. The possession and harvest of any male paddlefish, female paddlefish with no eggs, and female paddlefish under 38" EFL is prohibited.

(b) Prior to sale to a commercial paddlefish dealer, paddlefish carcasses may not be altered in a manner that the length of the fish cannot be determined. If a paddlefish has been altered to not allow the minimum length determination, then the carcass and roe are subject to confiscation.

(9) **Applications.**

(a) Commercial paddlefish harvester permit applications for all of the 2017 Paddlefish Management Areas

will automatically be sent to all commercial freshwater fishers who held an Alabama commercial freshwater fishing license from October 1, to September 30, of the previous year. Eligible nonresident commercial freshwater fishers that wish to apply for an Alabama commercial paddlefish permit may obtain the necessary forms and information by contacting ADWFF at (334) 242-3471.

(b) A total of 5 separate eligible applicants will be randomly selected for the opportunity to purchase a permit for the UGR Paddlefish Management Area.

(c) Commercial paddlefish harvester permits are non-refundable and non-transferable.

(10) **Mandatory Training Course.** All permitted commercial paddlefish harvesters will be required to attend a pre-season briefing and instruction meeting prior to the paddlefish fishing season. This meeting will be held for commercial paddlefish harvester permit holders with the date, time, and location to be announced prior to the season opening. This meeting will only be open to valid commercial paddlefish harvester permit holders and not to the public. Each commercial paddlefish harvester permit will be endorsed by a fisheries biologist after the meeting. This endorsement is required and must be shown to a Conservation Officer or ADWFF fisheries biologist if requested.

(11) **Designated Boat Ramp and Mandatory Check Station.** All commercial paddlefish harvesters and helpers can only launch and take out from the designated boat ramp and all harvested fish are to be checked by an ADWFF biologist before the fish is processed at the following designated ramp:

(a) **UGR Paddlefish Management Area.**

1. State boat ramp off of HWY 117 bridge west side of the Tennessee River.

(12) **Gear and Fishing Restrictions: UGR Paddlefish Management Area.**

(a) Paddlefish may only be harvested by the use of gill nets, as provided for below.

(b) A gill net (may be referred to hereafter within as "net" or "nets") is defined as a single net attached to float and lead lines.

(c) The use of tied-down gill nets (hobbled) is prohibited.

(d) The use of monofilament and multifilament (nylon) nets are permitted.

(e) The maximum number of gill nets permitted to fish concurrently is five and only five gill nets may be in possession on the water and during commercial paddlefish fishing.

(f) The use of mechanical gear (rollers) to deploy and retrieve gill nets is permitted.

(g) A fluorescent orange float is required on each float end. The float size must be approximately the size of a 1-gallon milk container or similar to a bullet-type float measuring 5" in diameter and 11" in length.

(h) Total length of each gill net cannot exceed 300 feet.

(i) There is no restriction on gill net depth.

(j) Gill nets must have a minimum mesh size of 6-inch bar measure (knot to knot).

(k) Gill nets (i.e., beginning with the float line) must be submerged three feet or more beneath the surface. Clip on floats (buoys) are not considered part of the net for depth purposes only.

(l) Gill nets must be checked at least 2 times in a 24-hour period to prevent bycatch mortality.

(m) The "tying up" of any harvested paddlefish to a tree or limb is prohibited.

(n) A large live well is permitted if the harvesters wish to keep the fish alive while on the water.

(o) All harvested paddlefish must be kept in the harvester's boat until they reach land for processing.

(p) Paddlefish eggs may not be removed outside of the fish's body cavity while on the water or adjacent bank. Eggs can

only be removed at the boat ramp (on land) or processing facility after the fish has been checked by a ADWFF fisheries biologist.

(q) No processed paddlefish and/or eggs outside of the body cavity can be in possession while on the water.

(r) A 12-gauge needle may be inserted into the abdomen between the pectoral and pelvic fins to determine the presence of eggs in paddlefish over 38 inch EFL. Paddlefish may be checked once with a needle on either side of the abdomen for a total of 2 times per paddlefish season. Repeated checking of paddlefish is not permitted. This needle and syringe device must be on board every commercial paddlefish harvester fishing vessel and kept in a sanitary manner. Paddlefish less than 38 inch EFL must be returned immediately to the water without being checked. It shall be illegal to harvest or possess any paddlefish with more than 2 punctures.

(s) A 2-inch portion of ovary (including some eggs) must remain attached to each harvested paddlefish until the fish and eggs are received by a licensed commercial paddlefish dealer.

(t) Paddlefish eggs removed from the fish must be kept in separate containers—eggs from one fish per container. Each container must be labeled with the paddlefish tag number and as paddlefish roe. One container must match one harvested paddlefish.

(u) Blocking of harvested paddlefish is not permitted.

(v) Paddlefish may not be possessed alive away from harvested waters.

(w) The gill rakers inside the mouth can be cut to bleed the fish.

(x) The harvest of Asian carp species is permitted. These species include: Bighead Carp (*Hypophthalmichthys nobilis*), Silver Carp (*Hypophthalmichthys molitrix*), Black Carp (*Mylopharyngodon piceus*) and Grass Carp (*Ctenopharyngodon idella*). If not harvested, the release of live bighead, silver, and black carps is not permitted. Each fish should be dispatched in a humane manner.

(y) Commercially harvested paddlefish (or parts thereof) taken from an authorized PMA and sold must be marketed to a licensed wholesale fish dealer who has a valid Alabama commercial paddlefish dealer license; provided however, that all parts other than roe may be sold within Alabama by the harvester to other individuals for their personal consumption.

(z) All commercial paddlefish harvester permit holders are required to allow boarding of their vessel if requested by an ADWFF conservation officer, agent, or biologist to examine their catch.

(aa) Citations for the violation of any commercial fishing laws or regulations during the paddlefish season may result in confiscation of fishing equipment (i.e., boat, boat motor, boat trailer, gillnets and associated gear) and paddlefish roe and flesh as evidence.

(bb) Conviction of any laws or regulations from a paddlefish season may result in the loss of opportunity to apply for a future commercial paddlefish harvester permit and forfeiture of confiscated fish equipment, paddlefish roe and flesh.

(cc) Each gill net must be fished independent of other nets and cannot be tied together.

(dd) During the commercial paddlefish season it is prohibited for any person to possess, buy, sell, or ship across Alabama state lines whole paddlefish, paddlefish parts or eggs without proper permits and documentation as determined by the ADWFF.

1. **Exceptions:**

(i) Persons who have purchased paddlefish flesh or processed and packaged paddlefish eggs for consumption.

(ii) Restaurants, grocery stores, hotels, retail fish markets, and wholesale food suppliers selling paddlefish roe or paddlefish parts fully processed, packaged and ready for retail sale in sealed containers.

(iii) Commercial shipping firms or authorized agents may possess legally taken paddlefish and/or paddlefish eggs or flesh shipped by person having an Alabama commercial roe dealer/buyer license.

(13) **Informational Note. Regulations Already in Effect that Apply to the Commercial Harvest of Paddlefish: Tennessee River**

(a) All gill nets shall be affixed with a tag which has the name, address, and license number of the commercial paddlefish harvester on the tag.

(b) At least one buoy per gill net must bear the name, address, and license number of the commercial paddlefish harvester.

(c) Nets must be staggered when set and cannot be placed closer than 50' to any other net.

(d) Nets must be fished in a stationary manner.

(e) Nets cannot be placed 100' or closer to the water's edge.

(f) Nets cannot be set in a way that the net extends more than half way across any river.

(g) All fish species designated as game fish must be immediately returned to the waters from whence they were taken.

(h) Other fish species designated as commercial or non-game caught in permitted paddlefish gill nets can be harvested during the paddlefish season.

(i) The cutting or mutilating of paddlefish to check for eggs is prohibited. Except by the use of a 12-gauge needle to check for eggs (see 12 r).

(14) **Harvest, Sale and Shipping Reporting.** Commercial paddlefish harvesters and commercial paddlefish dealers will be required to submit paddlefish daily catch and harvest reports, commercial paddlefish roe buyer's weekly reports, and/or other reports as determined by the ADWFF. Falsification of, or failure to submit by the specified time or date, the required paddlefish reports to the ADWFF is a violation of this regulation and subjects the person to denial of future fishing privileges.

(15) **License Requirements.** Holders of a commercial paddlefish harvester permit and commercial paddlefish dealer's license must have government issued picture identification on

their person during the commercial paddlefish season and while possessing paddlefish eggs, flesh, and parts. The aforementioned permit and license must also be on their person during the season while possessing paddlefish eggs, flesh, and parts.

220-2-.162 Wild Baitfish Regulation.

Within the jurisdiction of the Alabama Division of Wildlife and Freshwater Fisheries, it shall be unlawful to transport any live baitfish, having been caught or harvested from streams, rivers, public lakes or reservoirs in Alabama, away from the waters in which they are caught. Further, it is unlawful to import any live baitfish, having been caught or harvested from streams, rivers, public lakes, or reservoirs from any area outside the State of Alabama. For the purposes of this regulation, baitfish are defined as any species of fish or crayfish (Superfamily Astacoidea) that are legal to use as bait for recreational or commercial fishing in Alabama.

This regulation does not prohibit the possession or the use of live baitfish on or within the waters from which they have been caught or harvested. Nor does it prohibit the possession, importation, or use of live baitfish acquired from commercial producers and bait shops located within or outside the State of Alabama, provided the origin of these fish was not from a wild caught source.

For purposes of this regulation, refer to 220-2-.42(1) for a description of the Alabama Division of Wildlife and Freshwater Fisheries jurisdictional line.

220-2-.164 Crow Creek, Mud Creek, And Raccoon Creek Wildlife Management Areas Waterfowl Hunting.

(1) In addition to 220-2-.55, it shall be unlawful on Crow Creek, Mud Creek and Raccoon Creek Wildlife Management Areas (WMA):

(a) For any person to leave any vehicle parked at the established launching sites. Hunters must use the designated parking areas. However, physically disabled persons with approved handicapped vehicles may be parked at the designated handicap parking locations.

(b) For any person to create or hunt from any dug-out or excavated area.

(c) To construct and/or utilize permanent waterfowl hunting blinds (those using building materials, flooring, or flotation and/or remaining in position overnight) anywhere on the Jackson County Waterfowl (Mud Creek, Crow Creek, and Raccoon Creek) WMAs.

(d) For any blinds to be left in said areas for more than one (1) day. All such blinds shall be disposed of as deemed advisable by the Wildlife and Freshwater Fisheries Division of the Department of Conservation and Natural Resources.

(e) For any person to leave waterfowl decoys overnight.

(f) For any person to access the water in the section of Mud Creek WMA that lies west of the railroad tracks and east

of the furthest west Mud Creek WMA boundary 48 hours prior to waterfowl season openings. Persons may enter that area at 3:00 AM on waterfowl season opening days.

(g) To have more than 25 shotgun shells in the possession of each hunter (excluding youth hunters during the designated youth hunt days) while hunting waterfowl on all Jackson County Waterfowl Management Areas (Crow Creek WMA, Mud Creek WMA, and Raccoon Creek WMA).

(2) The following shall apply to the DEWATERING UNITS on Mud Creek and Raccoon Creek WMAs:

(a) All boats and/or boat blinds used for hunting waterfowl shall be launched and removed daily or shall be floated to an approved launching site for overnight mooring.

(b) It is unlawful for any person to use commercial fishing gear from October 31st through the second Saturday in February.

(c) Temporary blinds may be used for one (1) day only and removed by the hunter. All such blinds, except boat blinds, left for more than one (1) day shall be disposed of as deemed advisable by the Wildlife and Freshwater Fisheries Division of the Department of Conservation and Natural Resources.

(d) All activity is prohibited from 7:00 PM to 3:00 AM during the period of Nov. 1 - Feb. 15 and 48 hours prior to waterfowl season openings.

(e) It is unlawful to use airboats.

(f) It is unlawful to hunt waterfowl on Tuesdays, Wednesdays, and Thursdays, except during the last two weeks of waterfowl season. All activity in the Mud Creek (Wannville) and Raccoon Creek dewatering units is prohibited on those days unless authorized by the personnel of the Wildlife and Freshwater Fisheries Division of the Department of Conservation and Natural Resources.

(g) It is unlawful to use gasoline-powered motors in Mud Creek (Wannville) dewatering unit and Raccoon Creek dewatering unit (North of Hwy 117).

(h) It is unlawful to launch any vessel prior to 3:00 AM daily. All hunters preparing to hunt waterfowl are not allowed in the water prior to 3:00 AM daily.

(3) It is unlawful to operate airboats and air-cooled motors (go-devil type motors) on all portions of Crow Creek Refuge and North Sauty Refuge from November 1 to April 14 of each year. Airboats are prohibited on the Green Tree Reservoir in the Mud Creek WMA at all times.

220-2-.165 Mallard-Fox And Swan Creek Wildlife Management Areas Waterfowl Hunting.

(1) In addition to 220-2-.55, it shall be unlawful on Swan Creek and Mallard-Fox Creek Wildlife Management Areas (WMA) :

(a) For any person to leave any vehicle parked at the established launching sites. Hunters must use the designated parking areas. However, physically disabled persons with approved handicapped vehicles may be parked at the designated handicap parking location at the main launch only.

(b) For any person to create or hunt from any dug-out or excavated area.

(c) To construct and/or utilize permanent waterfowl hunting blinds (those using building materials, flooring, or floatation and/or remaining in position overnight) anywhere on the Swan Creek or Mallard-Fox Creek WMAs, except on the Swan Creek WMA dewatering unit where specified. All such blinds shall be disposed of as deemed advisable by the Wildlife and Freshwater Fisheries Division of the Department of Conservation and Natural Resources.

(d) For any person using waterfowl decoys on Swan Creek WMA to leave said decoys out overnight unless they are at a limited quota blind location.

(e) To have more than 25 shotgun shells in the possession of each hunter (excluding youth hunters during the designated youth hunt days) while hunting waterfowl on Swan Creek WMA and Mallard-Fox Creek WMA.

(2) The following shall apply to the dewatering unit on Swan Creek WMA:

(a) All boats and/or boat blinds used for hunting waterfowl shall be launched and removed daily or shall be floated to an approved launching site for overnight mooring.

(b) It shall be unlawful for any person to fish from October 31st through the second Saturday in February.

(c) Temporary blinds may be used for one (1) day only and removed by the hunter. All such blinds, except boat blinds, left for more than one (1) day shall be disposed of as deemed advisable by the Wildlife and Freshwater Fisheries Division of the Department of Conservation and Natural Resources.

(d) All activity is prohibited when gates are closed. There shall be no activity from 7:00 PM to 3:00 AM, during the periods when gates are open. Gates are opened the morning of the November youth/military waterfowl hunt day and closed that night. Gates are opened the opening day of regular waterfowl season. Gates are closed each Monday night and opened each Friday morning of regular waterfowl season, until the last fourteen days of regular waterfowl season during which gates remain open. Gates are closed the night of the last day of regular waterfowl season and opened the morning of the February youth/military waterfowl hunt day and remain open until June 1st.

(e) It shall be unlawful to use airboats.

(f) It shall be unlawful to hunt waterfowl on Tuesdays, Wednesdays, and Thursdays, except during the last two weeks of waterfowl season. During the dates between the youth/military waterfowl hunting days and regular season, gates to West Dike Road and the Main Launch Road will be locked.

(g) All limited quota blinds to be placed in the Swan Creek WMA dewatering unit must be registered in accordance with the following conditions:

1. The allocation of blinds will be determined through a limited quota system by random selection for individuals 16 years of age or older. In order to apply, ALL applicants are required to obtain a Conservation Identification Number (CID); those who are 16 to 64 years of age must have a hunting license (All Game, Small Game, or Heritage license), State Duck Stamp, and a WMA license to register for the blind drawing. Applicants will be processed through www.outdooralabama.com. **Any violation of rules, regulations, or laws by permit holder or guest while hunting the dewatering unit will result in that individual losing their eligibility for the remainder of the waterfowl season and their blind being disqualified for the remainder of the season. The disqualified blind will have to be removed within 48 hours of notification. Any violator may be prevented from entering future online blind drawings, depending on the severity of the violation.** All waterfowl hunting blinds of selected applicants must be at Swan Creek WMA between the hours of 8:00 AM - 11:00 AM on the third Saturday of October for inspection. Only thirty (30) selected blinds will be installed at predetermined sites in the dewatering unit. All registered blinds receiving one of the 30 predetermined sites must be installed at the predetermined blind location marker prior to gate closing on October 31st.

2. Blinds must meet "Selected Blind Specifications" established by the Wildlife and Freshwater Fisheries Division and deemed acceptable by an inspecting team to be approved for use. For information or a copy of the specifications, call (256) 353-2634.

3. All blinds passing inspection will be tagged by a Wildlife and Freshwater Fisheries employee. The tag must remain attached to the blind for the duration of the blind's stay on the WMA. Tags may not be transferred to a different blind. It is the hunter's responsibility to make sure the blind they hunt from is properly tagged. No person may hunt from an untagged blind.

4. The Wildlife and Freshwater Fisheries Division's Blind Governing Committee shall be the final authority in resolving any dispute concerning selected waterfowl blinds. The Blind Governing Committee shall be made up of the following people: District I Conservation Enforcement Supervisor, two (2) Conservation Enforcement Officers, District I Supervising Wildlife Biologist, and the Wildlife Biologist for Swan Creek WMA.

5. Each selected blind must be completely camouflaged with natural material (cane, oak limbs, or other similar materials) except for the boat entrance and the shooting holes before being placed in the dewatering unit. Camouflaged netting, burlap, or other similar materials will not be accepted as camouflage, except when used to cover the boat entrance and/or shooting holes.

6. Selected blinds must be anchored within 10 feet of the appropriate blind location marker. Blinds must remain within 10 feet of the blind location marker during the entire waterfowl season. Blind markers shall not be moved or otherwise altered or tampered with. No blind may be attached to the location marker in any way. If a blind is found to be attached to a marker, all hunters in the blind will be deemed in violation of this regulation. If it is determined by the Blind Governing Committee that a blind marker has been moved, otherwise altered, or tampered with, that blind shall be subject to disqualification from hunting by the Blind Governing Committee.

7. Any blind location that is unoccupied by the selected party 30 minutes prior to legal shooting hours may be utilized by the public.

8. The removal of all blinds shall be conducted from the Sunday following the February youth/military waterfowl day to no later than the third Sunday of February.

9. It shall be unlawful to hunt waterfowl within 150 yards of an occupied or unoccupied blind.

10. It shall be unlawful to be within the Swan Creek WMA dewatering unit on youth/military waterfowl hunt days unless you are an eligible hunter or are accompanying an eligible hunter (only the eligible hunter may hunt).

11. The committee shall have the authority to disqualify any blind if a dispute occurs and it cannot be resolved; or for any violation involving Selected Blind Specifications; or for any violation of any portion of this section of the regulation pertaining to the Swan Creek dewatering unit. Any blind that is disqualified by the committee shall be deemed immediately ineligible to be hunted from and shall be removed from the dewatering unit for the remainder of the waterfowl season following notification of the blind owner. The blind owner will have 48 hours in which to move the blind to

an approved launch site for mooring and no more than seven days following notification of disqualification, for its complete removal from the WMA. Should the blind owner of a disqualified blind fail to move the blind to an approved launch for mooring and/or to completely remove any such blinds, trailers, or parts thereof from the WMA within the specified times listed above, the blind shall be deemed to be the property of the Department of Conservation and Natural Resources and shall be utilized or destroyed as deemed advisable by the Wildlife and Freshwater Fisheries Division.
