Appendix A Attachments

Supp. 6/30/19 6-3-5
(1) There are two exemptions in the sales and use tax statutes relative to agricultural products sold by the producer. One is found in §§40-23-4(a)(5) and 40-23-62(8), Code of Ala. 1975, and the other in §40-23-4(a)(44), Code of Ala. 1975. A sale of agricultural products that does not qualify for one of these exemptions may still qualify for the other.

(2) §§40-23-4(a)(5) and 40-23-62(8), Code of Ala. 1975, exempt sales of products of the farm, dairy, grove, or garden from sales and use tax when the products (i) are sold by the producer, by members of the producer’s immediate family, or by persons employed by the producer to assist in the production of the products and (ii) have not been processed, except to the extent that the products are customarily processed by operators of farms, dairies, groves or gardens in preparing products for market.

(a) This exemption does not apply to agricultural products sold by the producer through a store which the producer operates. (Curry v. Reeves, 195 So. 428 (Ala. 1940)).

(b) Unlike the exemption outlined in paragraph (3) below, this exemption is not limited to products that are planted, cultivated, and harvested by the producer. Examples of products that may qualify for this exemption but not the exemption in paragraph (3) include but are not limited to milk, eggs, catfish, minnows, bees, honey, rabbits, and hamsters produced on farms.

(3) Section 40-23-4(a)(44), (45) exempts fruit or other agricultural products from sales and use tax when sold by the person or corporation that planted or cultivated, and harvested the products on land owned or leased by them. Unlike the exemption outlined in paragraph (2) above, this exemption is not lost to the producer who sells qualifying agricultural products through a store operated by the producer.

(4) Sales of agricultural products which otherwise qualify for one or both of the exemptions outlined in paragraphs (2) and (3) above, do not lose their exempt status if the products, retain their raw, unprocessed form when prepared by the producer for marketing or merchandising. An agricultural product is no longer in its raw, unprocessed form if it is
cooked, boiled, roasted, or mixed or compounded with ingredients other than additional exempt agricultural products.

(a) Examples of prepared agricultural products which do not lose their exempt status when they otherwise qualify for either or both exemptions outlined in paragraphs (2) and (3) are:

1. raw pecans when cracked or shelled
2. raw shelled peanuts
3. raw shelled peas, beans, or butterbeans
4. raw shucked corn
5. raw washed fruits or vegetables

(b) Examples of processed agricultural products which do not qualify for the exemptions outlined in paragraphs (2) and (3) above are:

1. apple cider
2. boiled or roasted peanuts
3. candy
4. cane or sorghum syrup
5. fruit pies
6. ice cream
7. jellies and jams
8. peanut butter
9. pickled peaches
10. pickles
11. roasted pecans

810-6-3-.24  Sales To Foreign Governments, Diplomatic And Consular Officials.

(1) Unless otherwise provided herein, sales to a foreign government or to its agents for use of a foreign government are subject to the sales tax unless they are immune because of a treaty between the foreign government and the United States. The Alabama tax should be collected on such sales in the absence of proof that the foreign power is immune because of such a treaty. (Section 40-23-4(a)(17))

(2) Sales and use tax does not apply to sales of tangible personal property to foreign diplomatic and consular officials, to the extent that such persons have been identified by the U.S. Department of State or American Institute in Taiwan (AIT) as exempt from the tax pursuant to treaties or other diplomatic agreements with the United States. (U.S. Constitution, Article VI, and Code of Ala. 1975, Sections 40-23-4(a)(17) and 40-23-62(2))

(3) Lodgings tax does not apply to rooms, lodgings, or accommodations rented or furnished to foreign diplomatic and consular officials, to the extent that such persons have been identified by the U.S. Department of State or AIT as exempt from the tax pursuant to treaties or other diplomatic agreements with the United States. Revenue

(4) Pursuant to U. S. law, the Taipei Economic and Cultural Representative Office in the United States (TECRO), the Taipei Economic and Cultural Offices (TECos), their designated employees, and their qualifying dependents are entitled to tax exemption privileges. Accordingly, the American Institute in Taiwan (AIT) issues tax exemption cards that incorporate the same features and design elements as the Office of Foreign Mission’s tax exemption cards. Other than the exception noted in (5) below, persons identified as exempt from taxation pursuant to treaties or other diplomatic agreements with the United States are issued a tax exemption card by the U.S. Department of State or AIT which identifies the bearer as exempt from tax and specifies the extent of the exemption. Tax exemption cards may be personal tax exemption cards, mission tax exemption cards, or official tax exemption cards.

(a) Personal tax exemption cards bear the photograph and identification of a duly accredited consulate, embassy employee, or dependent who is entitled to tax exemption privileges as stated on the card and are for the personal use of the bearer whose picture appears on the front of the card. The cards are not transferable and cannot be loaned to any other person, regardless of that person’s eligibility for exemption from taxation. There is no restriction on the form of payment that can be used with this type of card.

(b) Mission tax exemption cards and official tax exemption cards bear the photograph and identification of a consulate, or embassy employee who is the official purchasing agent for that office and are for use by foreign missions (including TECRO and TECO) to obtain exemption from taxes on purchases in the United States that are necessary for the mission and function of the foreign consulate or embassy. The individual pictured is the point of contact and need not be present at the purchase. However, all purchases must be paid for with a check, credit card, or wire transfer transaction in the name of the foreign government or mission, TECRO, or TECO. The cards may not be used for personal purchases of tangible personal property or personal rentals of rooms, lodgings, or accommodations.

(5) Tax exemptions allowed on vehicle purchases by all diplomatic missions and members in the United States must be approved or denied by the U.S. Department of State, Office of Foreign Missions, before the transaction is completed. Prior to completing the transaction, vendors selling vehicles pursuant to a diplomatic tax exemption must follow these procedures:
(a) The purchaser should present a mission tax exemption card, a personal tax exemption card, or a protocol identification card to the seller. Members of the United Nations (UN), Organization of American States (OAS), World Bank (WB), and the International Monetary Fund (IMF) requesting a diplomatic exemption on the purchase of a vehicle must present their personal tax exemption card.

(b) The vendor must contact the U.S. Department of State, Office of Foreign Missions, at (305) 442-4943 or by e-mail at OFMMICustomerService@state.gov for a determination on the tax-exempt status of the purchaser.

(c) The U.S. Department of State, Office of Foreign Missions, will determine the tax-exempt status of the purchaser and provide a letter to the vendor setting forth that determination.

(6) Sales, use, and lodgings taxes apply to the following:

(a) Sales of tangible personal property to, and the rental or furnishing of rooms, lodgings, or accommodations to, foreign diplomatic and consular officials who do not hold a tax exemption card issued by the U.S. Department of State or the American Institute in Taiwan (AIT).

(b) Sales of tangible personal property to, and the rental or furnishing of rooms, lodgings, or accommodations to, persons holding tax exemption cards where their total purchases in a single transaction do not exceed the minimum level of exemption as specified on the tax exemption card. With respect to minimum purchase requirements, the total of all items purchased in a single transaction must equal or exceed the minimum purchase level shown on the card. For example, if a foreign official has a card with a minimum purchase requirement of $150, the official is required to pay sales or use tax on a bill of $145. However, the same official would be exempt from all sales or use taxes on a bill of $175. Also, if two foreign officials are traveling together but they have separate rooms and separate bills, they cannot combine the room bills under one total in order to qualify for a lodgings tax exemption.

(c) Sales of tangible personal property to, and the rental or furnishing of rooms, lodgings, or accommodations to,
nationals of the United States even though such persons may perform consular functions for foreign governments.

(6) Sellers making sales to, or renting or furnishing rooms, lodgings, or accommodations to, foreign diplomatic and consular officials shall retain a copy of the invoice or other written evidence of the transaction to support any deductions claimed on their sales, use, or lodgings tax returns for tax-exempt sales or room rentals to foreign diplomatic and consular officials. These invoices shall show the name of the purchaser, the name of the mission, the tax exemption number, the expiration date of the tax exemption card, and the minimum level of exemption specified on the tax exemption card. When a personal tax exemption card is presented, the seller may ask the purchaser for an additional form of identification such as the purchaser's driver's license or his or her diplomatic or consular identification card, which many holders of personal tax exemption cards are also issued.

810-6-3-.25 Fuel Oil Used In Firing Kilns.

(1) The term "kiln" as used in Code of Ala. 1975, Sections 40-23-4(a)(14) and 40-23-62(15) and in this regulation shall mean an oven, stove, chamber, or other device or enclosure to provide thermal processing of nonmetallic articles or substances in a controlled temperature environment or atmosphere, often by direct convection or radiation heat.
transfer. A "kiln" is used in the high temperature treatment of
nonmetallic materials and generally operates at sufficiently
high temperatures to require that its walls be constructed of
refractory materials. The term "kiln" as used in the
aforementioned Code sections and in this regulation shall not
include a furnace, oven, chamber, or other device or enclosure
used in the melting, fusing, or manufacture of metal. Examples
of devices which qualify as "kilns" are brick kilns, lime kilns,
dry kilns (for lumber), and cement kilns. Examples of devices
which do not qualify as "kilns" are blast furnaces, basic oxygen
furnaces, and open hearth furnaces used in steel manufacturing.
(State of Alabama v. American Brass, Inc., Court of Civil
Appeals, decided November 5, 1993.)

(2) Sales of fuel oil purchased as fuel for kilns
used in manufacturing establishments are exempt from sales and
use tax. [Sections 40-23-4(a)(14) and 40-23-62(15)]

(3) Where a manufacturer uses fuel oil for both
taxable and nontaxable purposes, the supplier of fuel oil must
collect and pay the state sales tax on all of the fuel oil he
delivers to a storage facility from which withdrawals are made
for a taxable use regardless of the fact that some part of the
fuel oil withdrawn is for an exempted use. In these instances
where a manufacturer maintains separate facilities for storing
fuel oil for taxable and nontaxable uses, the supplier is
authorized to deliver tax free to the facility maintained for
storing fuel oil for a nontaxable use. The supplier is burdened
with the responsibility of knowing the usual and customary use
made of the fuel oil delivered to his customers.

(Section 41-10-147, Code of Ala. 1975).

(2) The exemption in Section 41-10-147 does not apply to a contractor where the contractor has a construction contract with a historical preservation authority to furnish all materials and labor for use in the performance of the contract. 810-6-3-.35.01 Interstate Commerce. Where a resident contractor purchases materials from an Alabama dealer with the provision that the materials be delivered outside of Alabama by the seller for the contractor's use outside of Alabama, the sale is in interstate commerce and is exempt from the tax.

810-6-3-.35.02 Interstate Commerce, Sales In.

(1) Sales are considered to be made outside Alabama and cannot be taxed by the Alabama Sales Tax Law where:

(a) The seller is required by the sales agreement to deliver the goods outside the state in the seller’s equipment, or

(b) The seller delivers the goods to a common carrier or to the United States Postal Service for transportation outside the state regardless of any F.O.B. point, or

(c) The seller is required by the sales agreement to deliver the goods outside the state by the use of an independent trucker hired by the seller.

(2) Property is not sold outside Alabama, and therefore is subject to Alabama Sales Tax, when the buyer takes actual possession of the goods in this state or when an agent of the buyer accepts delivery for the buyer to make delivery outside the state at the buyer's direction. However, when the buyer contracts with a common carrier or the United States Postal Service to accept goods in this state for delivery outside this state at the buyer’s direction, the sale is not subject to Alabama Sales Tax since the common carrier or United States Postal Service is the agent of the seller regardless of who selects the method of transportation. 810-6-3.36 Liquefied Petroleum Gas, Liquefied Natural Gas and Compressed Natural Gas.

(1) Liquefied petroleum gas, liquefied natural gas and compressed natural gas sold to be used for agricultural purposes are exempt from sales tax.

(2) Liquefied petroleum gas, liquefied natural gas and compressed natural gas sold to hatcheries for use as fuel for heaters used to maintain a constant temperature in incubators qualify for the exemption outlined in (1) above. This exemption applies to a hatchery whose sole function is the hatching and raising of poultry even if the hatchery is not located on a traditional farm.

(3) Liquefied petroleum gas, liquefied natural gas and compressed natural gas sold for use in the commercial production of greenhouse and nursery products qualify for the exemption outlined in (1) above. (AGO Graddick February 6, 1979) Noncommercial greenhouses or hothouses when not being operated as part of a farming operation are not entitled to this exemption.

(4) The ginning of cotton occurs after harvesting is completed and, since the agricultural aspect ends with harvesting, cotton gins are nonagricultural processing operations and do not qualify for the exemption outlined in (1) above. Sales of liquefied petroleum gas, liquefied natural gas and compressed natural gas to cotton gins located on traditional farms and operated by the farmer do not qualify for this exemption.

(5) The drying of grain by grain dealers not located on traditional farms occurs after the harvesting is completed and, since the agricultural aspect ends with harvesting, such operations are nonagricultural processing in nature and do not qualify for the exemption outlined in (1) above.
810-6-3-.36.01 **Liquefied Petroleum Gas, Exempt From Sales Tax.**
The sale of liquefied petroleum gas sold for use as motor fuel is exempt from sales tax provided the purchaser has secured the required permit which is issued by the Liquefied Petroleum Gas Board and displays the decal issued by the Board on the vehicle.

810-6-3-.37.01 **Meals Furnished Along With Rooms By Schools And Colleges.** Where both lodgings and meals are furnished to students by institutions of higher learning, both public and private, the meals are subject to sales tax. If both lodgings and meals are furnished for a lump sum, the full amount is to be used as the measure of the tax. Where lodgings and the meals are furnished for separate amounts and the billings and records of the institutions show such charges separately, only the charge for meals is to be used as the measure of the tax, (Attorney General's Opinion 12-19-60).

810-6-3-.37.03 Exemption For Certain Items Furnished To Medicaid Recipients.

(1) Eyeglasses, durable medical equipment, prosthetic and orthotic devices, and medical supplies as defined and covered under the Medicare program furnished to Medicaid recipients are exempt from sales, use, or rental and leasing tax when billed directly to and paid for directly by Medicaid. Such sales are sales to the State of Alabama and are specifically exempt from tax pursuant to Sections 40-23-4(a)(11) and 40-23-62(13), Code of Ala. 1975. Payment for these items may be as the result of a contract between Medicaid and a manufacturer who provides the item, bills Medicaid directly under the terms of the contract, and receives payment directly from Medicaid; or, payment may be as the result of contracts with various suppliers, such as home health providers, who furnish the item, bill Medicaid directly pursuant to the terms established by the Medicaid program, and receive payment directly from Medicaid. In both instances payment is made directly by Medicaid; the Medicaid recipient does not make payment and then receive reimbursement from Medicaid. [Sections 40-23-4(a)(11) and 40-23-62(13)]

(2) The sales and use tax exemption outlined in Section (1) above does not apply in instances where an item is sold directly to and paid for by a Medicaid recipient. Should the nature of the present Medicaid program change, the sales and use tax exemption outlined in Section (1) would not apply to eyeglasses or durable medical equipment purchased and paid for by a Medicaid recipient who later receives reimbursement from Medicaid nor would the exemption apply with respect to that portion of a co-pay purchase paid for directly by the Medicaid recipient. (Sections 40-23-2 and 40-23-61)

(3) Drugs as defined in Section 40-23-4.1(a), Code of Ala. 1975, are specifically exempt from sales and use tax; and, sales thereof to Medicaid recipients are exempt regardless
of who is billed for the drugs or who makes payment for said drugs.

(4) Hospitals and nursing homes purchasing tangible personal property for use in furnishing services to Medicaid recipients are not exempt from sales or use tax. Hospitals and nursing homes are primarily engaged in the business of rendering services. They are not liable for sales tax with respect to their gross receipts for meals, drugs, or other tangible personal property used in rendering hospital or nursing home services. Hospitals and nursing homes are deemed to be the purchasers for use or consumption of such tangible personal property, and the sellers of these items to hospitals and nursing homes are required to collect sales or use tax on sales of such property to private hospitals and nursing homes. Provided, however, purchases by private hospitals and nursing homes of drugs as defined in Section 40-23-4.1(a), Code of Ala. 1975, are specifically exempt from sales and use tax. Prescription drugs sold separate and apart from services rendered by a hospital or nursing home are also exempt from sales and use tax pursuant to Section 40-23-4.1, Code of Ala. 1975. See Sales and Use Tax Rules 810-6-3-.47.01 entitled Prescription Drugs, and 810-6-5-.09 entitled Leasing and Rental of Tangible Personal Property.

810-6-3-.38 Medical Clinic Boards.

(1) A medical clinic board created pursuant to Chapter 58 of Title 11, Code of Ala. 1975, is exempt from sales or use tax on any tangible personal property purchased by the board or its duly authorized agents, provided the purchases are made in the name of the board, the board's credit is obligated, and the purchases are paid for by the board with funds belonging to the board.

(2)(a) The exemption referenced in paragraph (1) above does not apply to a contractor where the contractor has a construction contract with a medical clinic board to furnish all
materials and labor for use in the performance of the contract. The contractor is the consumer thereof of all the materials used in the performance of the construction contract which becomes part of real property. A contractor may purchase items of machinery or equipment not becoming part of the realty, tax exempt, where such items are intended for resale to the board in the form of tangible personal property. (Sections 40-23-1(a)(10) and 40-23-60(5), Code of Ala. 1975).

(b) The sale to, or the storage, use, or consumption by, any contractor or subcontractor of any tangible personal property to be incorporated into realty pursuant to a contract with a medical clinic board organized pursuant to Chapter 58 of Title 11, Code of Ala. 1975, is exempt from all state, county, and municipal sales and use taxes provided the contractor or subcontractor has complied with Rule 810-6-3-.77 entitled Exemption of Certain Purchases by Contractors and Subcontractors in conjunction with Construction Contracts with Certain Governmental Entities, Public Corporations, and Educational Institutions. (Section 40-9-33, Code of Ala. 1975, repealed by Act 2004-638, effective July 1, 2004)

(3) Notwithstanding any of the exemptions outlined above, an individual, partnership, or corporation organized for profit that is or will be treated for federal income tax purposes as the owner of property to which a medical clinic board has title to, or a possessory right in, is liable for sales and use taxes as if the for-profit entity held title to the property unless the individual, partnership, or corporation would be entitled to use the property pursuant to a lease or other agreement entered into before May 21, 1992, or would be entitled to use the property at some future time pursuant to an inducement agreement entered into or adopted before May 21, 1992. For profit entities, however, may qualify for abatements of certain sales and use taxes pursuant to Chapter 9B of Title 40 of the Code of Ala. 1975. Section 40-9B-7 only pertains to private users of private use property. Private user is defined in Section 40-9B-3. Therefore, Section 40-9B-7 does not change the tax exempt status of a non-profit entity for sales and use tax purposes.

810-6-3-.41 **Exemption For Municipal Special Health Care Facilities.**

(1) Chapter 62 of Title 11, Code of Ala. 1975, as amended, provides for the incorporation and operation of municipal special health care facility authorities.

(2) Section 11-62-18(d) exempts from sales and use tax any purchase of tangible personal property used in the construction and equipment of a special health care facility if
the purchase is pursuant to any contractual arrangement between an authority and a user for the acquisition of a facility for sale or lease to the user or for financing the acquisition of a facility by loan from the authority. These purchases are exempt regardless of whether they are made by the authority, the user, or any contractor or agent of either.

(3) To qualify for the sales and use tax exemption outlined in Section 11-62-18(d), the property purchased must become a part of the facility or the equipment of the facility or must constitute supplies or other items necessary for the day-to-day operation of the facility. Purchases of tangible personal property by an authority's or user's contractor or agent for use by the contractor or agent, when such property does not become a part of the facility or the equipment of the facility or does not constitute supplies or other items necessary for the day-to-day operation of the facility, are subject to sales or use tax. Examples of nonexempt items are diesel fuel and repair parts for construction equipment, hand tools, and consumable supply items used by the contractor or agent.

(4) Notwithstanding the exemption outlined above, an individual, partnership, or corporation organized for profit that is or will be treated for federal income tax purposes as the owner of property to which a municipal special health care facility authority has title to, or a possessory right in, is liable for sales and use taxes as if the for-profit entity held title to the property unless the individual, partnership, or corporation would be entitled to use the property pursuant to a lease or other agreement entered into before May 21, 1992, or would be entitled to use the property at some future time pursuant to an inducement agreement entered into or adopted before May 21, 1992. For-profit entities, however, may qualify for abatements of certain sales and use taxes pursuant to Chapter 9B of Title 40 of the Code of Alabama 1975. Section 40-9B-7 only pertains to private users of private use property. Private user is defined in 40-9B-3. Therefore, Section 40-9B-7 does not change the tax exempt status of a non-profit entity for sales and use tax purposes.

810-6-3-.41.01 Exemption For Certain Health Care Authorities.

(1) The term "health care authority" as used in this rule shall mean any public corporation organized pursuant to Article 11 of Chapter 21 of Title 22, Code of Ala. 1975, and any public hospital corporation reincorporated pursuant to Article 11 of Chapter 21 of Title 22, Code of Ala. 1975.

(2) The sale, purchase, use, storage, or consumption of tangible personal property used in the construction and equipment of any health care facilities for a health care authority, regardless of whether the sale is to the health care authority, its contractor, its subcontractors, or its agent, is exempt from state, county, and municipal sales and use taxes. (Section 22-21-333).

(3) The exemption in Section 22-21-333 applies to purchases of materials and equipment used in the construction of a new facility and in the construction of an addition to an existing facility. (AGO, Sessions, March 26, 1996)

(4) To qualify for the exemption in Section 22-21-333, the property purchased must become a part of the facility or the equipment of the facility or must constitute supplies or other items necessary for the day-to-day operation of the facility. Purchases of tangible personal property by the health care authority's contractor, subcontractors, or agent, when the property does not become a part of the facility or the equipment of the facility or does not constitute supplies or other items necessary for the day-to-day operation of the facility, are taxable. Examples of nonexempt items are diesel fuel and repair parts for construction equipment, hand tools, and consumable supply items used by the contractor, subcontractor, or agent.

(5) Notwithstanding the exemption outlined above, an individual, partnership, or corporation organized for profit that is or will be treated for federal income tax purposes as the owner of property to which a health care authority has title to, or a possessory right in, is liable for sales or use taxes as if the for-profit entity held title to the property unless the individual, partnership, or corporation would be entitled to

use the property pursuant to a lease or other agreement entered into before May 21, 1992, or would be entitled to use the property at some future time pursuant to an inducement agreement entered into or adopted before May 21, 1992. For-profit entities, however, may qualify for abatements of certain sales and use taxes pursuant to Chapter 9B of Title 40 of the Code of Ala. 1975. Section 40-9B-7 only pertains to private users of private use property. Private user is defined in Section 40-9B-3. Therefore, Section 40-9B-7 does not change the tax exempt status of a non-profit entity for sales and use tax purposes.

(2) The term “improvement district” as used in this rule shall mean a district created pursuant to Chapter 99A of Title 11 of the Code of Ala. 1975.

(3) Subject to any limitation or restriction imposed by the appointing government pursuant to Section 11-99A-20(c) and the restrictions outlined in paragraphs (5) and (6) below; all sales of tangible personal property to, and all sales of tangible personal property by, an improvement district are exempt from all state, county, and municipal sales and use taxes and gross receipts taxes in the nature of a sales tax. from all state, county, and municipal sales and use taxes and gross receipts taxes in the nature of a sales tax regardless of whether the purchases of the materials are made by the improvement district or by a contractor or subcontractor for use in the acquisition, construction, or installation of improvements for an improvement district. (Sections 11-99A-20(b) and 11-99A-20(c)).

(5) The sales and use tax exemptions outlined in Section 11-99A-20 shall not apply to any purchase, acquisition, or installation that would not be exempt if purchased, acquired, or installed directly by the appointing government. (Section 11-99A-20(b)).

(6) The sales and use tax exemptions outlined in Section 11-99A-20 shall not be used for the acquisition, equipping, or construction of property to be owned by any person other than a utility company, the improvement district, or another public person. (Section 11-99A-2(6)).

(7) Any contractor or subcontractor who is making tax-exempt purchases pursuant to Section 11-99A-20(b) may apply for and obtain a sales and use tax Certificate of Exemption (Form STE-1). A contractor or subcontractor applying for a Form STE-1 shall attach to its application a certification, under oath, from the Chairman of the Board of the improvement district outlining the terms of the improvement district's agreement with the appointing government with respect to any limitations, restrictions, or rescissions to the sales and use tax exemptions otherwise applicable to purchases by the improvement district, contractor, or subcontractor. A contractor or subcontractor who will be making tax-exempt purchases for more than one qualifying improvement project shall obtain a separate Form STE-1 for each project. This exemption, which is in addition to the one found in Section 11-99A-20, does not exempt any purchases by contractors or subcontractors that are not also exempt pursuant to Section 11-99A-20.

(9) In accordance with Act. No. 2004-638, the sale to, or the storage, use, or consumption by any contractor or subcontractor of any tangible personal property contract to be incorporated into realty pursuant to a contract awarded, or any portion of a contract which is revised, renegotiated, or otherwise altered, on and after July 1, 2004, to the extent that such revision, renegotiation, or alteration requires the purchase of additional tangible personal property is subject to all state, county and municipal sales and use taxes. To be exempt from Alabama sales tax, the information relative to the exempt sale must be documented on forms approved by the Revenue Department. (See Sales and Use Tax Rule 810-6-3-.42.03 entitled Sales of Certain Automotive Vehicles to Nonresidents for First Use and Registration or Titling Outside Alabama.) Sales of other vehicles such as mobile homes, motor bikes, all terrain vehicles, motor homes, travel trailers, and boats do not qualify for this export exemption provision and are subject to Alabama sales tax unless the seller can provide factual evidence that the vehicle was delivered outside Alabama or delivered to a common carrier for transportation outside Alabama. However, in no case shall the amount of Alabama state sales tax due on a motor vehicle that will be registered or titled for use in another state exceed the amount of sales tax that would otherwise have been due in the state where the vehicle will be registered or titled for first use.

(a) The tax collected on sales outlined in paragraph (4) above shall be Alabama sales tax and shall exclude county and municipal sales tax.

(5) A list of states that do not allow a reciprocal drive-out provision for Alabama residents purchasing automotive vehicles for first titling and registration in Alabama may be viewed on the Department’s website at: http://www.revenue.alabama.gov/salestax/. 810-6-3-.43 Nurserymen- Sales Of Plants, Seedlings, Nursery Stock And Floral Products.

(2) Sales of nursery stock and floral products by the nurseryman who planted, cultivated, and harvested said items are exempt from sales and use tax. Sales of nursery stock and floral products not planted, cultivated, or harvested by the seller are taxable. [Sections 40-23-2(1), 40-23-4(a)(44), and 40-23-61(a)]

(3) A nurseryman who claims the exemption outlined in paragraph (2) must keep sufficient records to document such claims; and, in the absence of sufficient documentation, shall be liable for the sales or use tax due on all sales for which exemption claims cannot be verified by the Revenue Department.

(4) The planting of trees, floral products, and shrubbery or other nursery stock on the real property of a customer pursuant to a contract to furnish such items and plant same does not constitute a retail sale by the person performing the contract; instead, the person is performing a contract for
making additions, alterations, or improvements to realty and is
deemed to be the user or consumer of the items which are
planted. Accordingly, nurserymen who maintain an inventory of
trees, floral products, and shrubbery or other nursery stock
from which they make retail sales to customers and from which
they also withdraw items for use in performing contracts for
making additions, alterations, or improvements to realty shall
purchase all such items tax-free and, in turn, remit sales tax
collected from the customer on retail sales of items from
inventory and compute and pay sales tax on items withdrawn from
inventory for use or consumption in the performance of
contracts. Nurserymen or landscapers who maintain no inventory

(1) Sales at retail of parakeets, parrots or canaries are subject to sales or use tax when made by dealers. Sales of these birds are not subject to tax, however, when they are products of a farm and are sold by the producer or for him by a member of his family or by a person employed to assist in the production thereof. A person other than a dealer making a casual sale of a pet, or the offspring of that pet, is not required to collect and remit sales or use tax on such sale. (2) Sales of parakeets, parrots, and canaries by the producer do not qualify for the exemption contained in Section 40-23-4(a)(44) for sales of agricultural products by the person or corporation that planted, cultivated, and harvested such agricultural product. 810-6-3-.46 Air And Water Pollution Control Exemption.
(1) The term "pollution control facilities" shall mean any system, method, construction, device, or appliance appurtenant thereto acquired for the primary purpose of eliminating, preventing, or reducing air and water pollution, or acquired for the primary purpose of treating, pretreating, modifying, or disposing of any potential solid, liquid, or gaseous pollutant which, if released without such treatment, pretreatment, modification, or disposal, might be harmful, detrimental, or offensive to the public and the public interest.

(2) The term "air pollution" shall mean the presence in the outdoor atmosphere of one or more air contaminants or combinations of contaminants in such quantities and of such characteristics, location, and duration which are injurious to the public and the public interest, or which unreasonably interfere with the comfortable enjoyment of life or property or to the conduct of business within affected areas.

(3) The term "air contaminant" shall mean dust, fumes, mist, smoke, other particulate matter, vapor, gas, odorous substances, or any combination thereof.

(4) The term "air contamination source" shall mean any source at, from, or by reason of which there is admitted into the atmosphere any air contaminant regardless of who owns or operates the building, premises, or other property in, at, or on which source is located, or the facility, equipment, or other property by which the emission is caused or from which the emission comes.

(5) The term "water pollution" shall mean the discharge or deposit of sewage, industrial wastes, or other wastes of such condition, manner, or quantity as may cause ground or surface water to be contaminated, unclean, or impure to such an extent to make said waters detrimental to the public and the public interest.

(6) Sections 40-23-4(a)(16) and 40-23-62(18), Code of Ala. 1975, exempt from sales and use tax the sale, storage, use, or consumption of

   (i) all devices or facilities, including all identifiable components of the devices or facilities and all materials used in the devices or facilities, which are acquired primarily for the control, reduction, or elimination of air or water pollution and
(ii) all identifiable components of or materials used or intended for use in structures built primarily for the control, reduction, or elimination of air or water pollution.

(7) Noise pollution control devices are not exempt from the sales or use tax.

(8) To qualify for the pollution control exemption the primary purpose for acquiring tangible personal property purchased, stored, used, or consumed shall be the control, reduction, or elimination of air or water pollution. Property acquired for the primary purpose of controlling, reducing, or eliminating air or water pollution, qualifies for the exemption even though a secondary or incidental purpose may be its use in the production of goods or services. Property which is acquired primarily for the production of goods or services and is integral to a profit-motivated business purpose or activity does not qualify for the pollution control exemption even when the property controls, reduces, or eliminates air or water pollution. 810-6-3-.46.02 Post Office, Sales To The.

(1) The post office is a quasi-independent governmental agency and is, therefore, exempt from state taxation. The U. S. Postal Service as it exists today was created under the Postal Reorganization Act, Public Law No. 91-375, August 12, 1970, 84 Stat. 719. Section 10(a) of this Act provides that "The United States Postal Service shall be operated as a basic and fundamental service provided to the people by the government of the United States, authorized by the constitution, created by act of Congress and supported by the people."

(2) Section 201 of said Act provides: "There is established as an independent establishment of the Executive

Branch of the Government of the United States, the United States Postal Service."

(3) It can be seen from reading the above quotations that the United States Postal Service remains a part of the Executive Branch of the Government of the United States. Therefore, sales of items to the post office would be exempt from state sales and use taxes.

**810-6-3-.47.06 Public Schools, Public School Principals Or Teachers, Etc., Sales To.**

(1) Sales of tangible personal property to public schools or for use therein shall not be subject to tax under the following circumstances:

(a) Where the property is sold pursuant to the purchase order issued by the State of Alabama or a county or city of the state or any instrumentality thereof.

(b) Where the property is sold pursuant to a certificate as provided for by Sales and Use Tax Rule 810-6-3-.47.04 entitled Sales To Public Schools.

(c) Where the property is sold for use in school lunchrooms in preparing meals to be sold to school children in school buildings, not for profit.

(d) Where the property sold is for resale in the school to students for consumption on the school premises or for use in the preparation of lessons and where the sales are made
under the supervision and control of the school principal and with no profit to any individual.

(e) Where purchases of items for resale through fund raising projects are made by organizations such as Beta Clubs, Hi-Y Clubs, band clubs, athletic clubs, civic clubs, and class organizations under the control and supervision of the administrative head of the school. (State of Alabama v. Monk and Associates, Inc.)

(2) Vendors making sales to public school principals or teachers must treat as subject to sales tax any sales of property for the private and personal use of any individual except as noted above.

(3) Vendors making sales to students for their personal use cannot claim exemption even though such sales may be made through the school principal or a teacher or an organized group affiliated with the institution.

(4) The records to be maintained by vendors making sales to public school principals in order to establish an exemption under this rule shall include a copy of the vendor's invoice giving the name of the school, the name of the principal, and a description of the goods; provided, it will not be necessary to have the principal sign the purchase order where delivery is made to a school lunchroom or to a school supply store regularly making purchases of property exempted under this rule. It is further provided that a signed purchase order alone will not guarantee exemption to a vendor where the goods sold would not customarily be used for educational purposes. In instances of such sales, the vendor must be prepared to prove that the goods were used in connection with a recognized and approved public school program under the supervision and control of the school officials.

(5) Examples of vendors' sales which would not be subject to sales tax:

(a) Sales of food or supplies to school lunchrooms.

(b) Sales of cold drinks, milk, ice cream, and school supplies to an established school supply store operated under the supervision and control of the school principal.
(c) Sales of classroom supplies to a principal or teacher pursuant to properly executed purchase orders signed by the administrative head of the school.

(b) Sales of class rings to students, either directly to the students or through a teacher or school organization.

(c) Sales of school photographs either directly to students or to students through a teacher or a school organization.

(2) Definitions. For purposes of this rule, and to the extent not inconsistent with the Rules of the Alabama Film Office, these terms shall be defined as follows:

(a) Department: The Alabama Department of Revenue.

(b) Office: The Alabama Film Office.

(c) Qualified Production Company: This term shall have the same meaning as ascribed to it in Code of Ala. 1975, Section 41-7A-42.

(d) Report: Statement of a CPA issued upon the completion of the Final Incentive Audit that provides a summary of the Production Expenditures Expended in Alabama. (Required by Alabama Department of Commerce/Alabama Film Office Incentives Rule 281-3-1-.02(1)(w)).

(e) State-Certified Production: This term shall have the same meaning as ascribed to it in Code of Ala. 1975, Section 41-7A-42.

(3) Act 2009-144, as codified in Article 3, Chapter 7A of Title 41 provides for an exemption of state sales, use, and lodgings taxes levied pursuant to Sections 40-23-2, 40-23-61, and 40-26-1, respectively, of the Code of Ala. 1975 for Qualified Production Companies that incur, in the aggregate, $150,000 or more in connection with one or more State-Certified Productions within a consecutive 12 month period.

(4) The Qualified Production Company must submit an application to the Office for approval. (See Alabama Department
of Commerce/Alabama Film Office Incentives Rule 281-3-1-.04 for requirements and procedures)

(5) Once approved, the Office shall issue an approval letter to the Qualified Production Company and to the Department notifying both that the Qualified Production has been approved. The approval letter shall provide the total amount of Incentives approved and a breakdown of the Incentives awarded by State sales, use and lodgings tax and by Rebate. Upon receipt of the approval letter, the Department will issue a state sales, use, and lodgings tax exemption certificate to the Qualified Production Company. This exemption certificate shall be used by the Qualified Production Company to claim the exemption from the state portion of sales, use and lodgings tax when making qualifying purchases and/or accommodations. Local sales, use and lodgings tax are not exempt and shall be paid to the vendor at the time of purchase or at the time the accommodations are provided. The exemption is effective on the date the exemption certificate is issued by the Department.

(6) Upon completion of production activities within the State of Alabama on the State-Certified Production, the Qualified Production Company shall return the state sales, use, and lodgings tax exemption certificate to the Department.

(7) The Report is required to be filed with the Office as provided for in Alabama Department of Commerce/Alabama Film Office Incentives Rule 281-3-1-.06, and shall identify, on a city-by-city and county-by-county basis, the amount of total incentives used in the way of exemptions from state sales, use and lodgings taxes, in addition to specifically identifying the amount of the total Production Expenditures eligible for the Rebate.

(8) If a Qualified Production Company fails to timely submit the Report to the Office as provided for in Rule 281-3-1-.06, the Qualified Production Company shall become liable for the state sales, use, and lodgings taxes that would otherwise have been paid.

(9) If the Qualified Production Company, which is producing a State-Certified Production, incurs Production Expenditures in an amount less than $150,000, then the Qualified Production Company shall be liable for the state sales, use, and lodgings taxes that would have been paid had the exemption not been granted; provided, however, that if the Qualified Production Company pays the state sales, use, and lodgings taxes
due within 60 days of the date the Report was submitted, the Qualified Production Company shall incur no penalties.

810-6-3-.65 Sales Tax Holiday For “Back-To-School”.

(1) In accordance with Section 40-23-211, Code of Ala. 1975, the Back-to-School Sales Tax Holidays will be held each year on the third full weekend of July beginning at 12:01 a.m. on Friday and ending at twelve midnight on the following Sunday, whereby no state sales or use tax will be due on “covered items” as defined herein. This annual period during which purchases of covered items are exempt from state sales and use taxes is referred to as the “Back-to-School” Sales Tax Holiday.

(2) Any county or municipality may, by resolution or ordinance adopted at least 30 days prior to the third full weekend of July, provide for the exemption of “covered items” from county or municipal sales or use taxes during the same time period, under the same terms, conditions, and definitions as provided in this rule for the state sales tax holiday. A county or municipality is prohibited from providing for a sales and use tax exemption during any period other than a state sales tax holiday. A participating county or municipality shall submit a certified copy of their adopted resolution or ordinance providing for the sales tax holiday, and any subsequent amendments thereof, to the Alabama Department of Revenue at least 30 days prior to the effective date of the resolution or ordinance. The Department will compile this information into a list of all counties and municipalities participating in the “Back-to-School” Sales Tax Holiday and issue a current publication of the list on its website.

(3) “Covered items” means: Articles of clothing with a sales price of one hundred dollars ($100), or less, per article of clothing. The exemption applies regardless of how many items are sold on the same invoice to a customer. "Computer," "computer software," and "school computer supplies" shall not include furniture and any systems, devices, software, peripherals designed or intended primarily for recreational use, or video games of a non-educational nature. These items are defined as follows:

(a) "Computer" means an electronic device that accepts information in digital or similar form and manipulates it for a result based on a sequence of instructions, also known as a central processing unit (CPU). For purposes of the exemption during the sales tax holiday, a computer may include a laptop, desktop, or tower computer system which consists of a CPU, display monitor, keyboard, mouse, and speakers sold as a computer package. The computer package will qualify for the exemption if the dollar amount of the sale is at or below seven hundred fifty dollars ($750). (b) "Computer software" means a set of coded instructions designed to cause a "computer" or automatic data processing equipment to perform a task.

(7) Covered items are exempt only if the individual item is priced at or below the established threshold for the exemption. Exemption for only a portion of an individual item is not allowed. The following example illustrates the application of the rule to the exemption:

(a) A customer purchases a pair of pants costing $120.00. Tax is due on the entire $120.00. The exemption does not apply to the first $100.00 of the price of an item of clothing selling for more than $100.00.

(8) Splitting of items normally sold together. To qualify for the exemption, items normally sold in pairs shall not be separated, and articles that are normally sold as a single unit must continue to be sold in that manner. (9) “Buy one, get one free” and other similar offers. If a dealer offers “buy one, get one free” or “two for the price of one” on covered items, the purchase shall qualify for the exemption when all other conditions of the exemption are met. However, if a dealer offers a “buy one, get one for a reduced price” the two prices cannot be averaged to qualify both items for the exemption. The following examples illustrate the application of the rule to the exemption:

(a) A dealer offers “buy one, get one free” on a pair of shoes. The first pair of shoes has a sale price of $99.00 and the second pair is free. Both pairs of shoes will qualify for the exemption because the first pair of shoes does not exceed the $100.00 exemption limitation.

(b) A coat is purchased for $120.00 and a second coat is purchased for half price ($60.00) at the time the first coat is purchased. The second coat will qualify for the exemption, but the tax will be due on the first coat. In this example, the sales price of the items may not be averaged in order to qualify for the exemption.

(10) Discounts, coupons, and rebates. A discount by the seller reduces the sales price of the item and the discounted sales price determines whether the sales price is within the sales tax holiday price threshold. A coupon that reduces the sales price is treated as a discount if the seller is not reimbursed for the coupon amount by a third-party. If a discount applies to the total amount paid by a purchaser rather than to the sales price of a particular item and the purchaser has purchased both eligible property and taxable property, the seller should allocate the discount based on the total sales prices of the taxable property compared to the total sales prices of all property sold in that same transaction. The application of the exemption to discounts, coupons and rebates extended on a covered item during the exemption period is illustrated by the following examples:

(a) If a dealer sells a pair of jeans with a sales price of $110.00 and offers to discount the item 10 percent at the time of sale, the exemption would apply because the actual sales price of the jeans is $99.00.
(b) If a customer buys a $400.00 suit and a $55.00 shirt, and the retailer is offering a 10 percent discount, after applying the 10 percent discount, the final sales price of the suit is $360.00, and the sales price of the shirt is $49.50. The suit is taxable (its price is over $100.00) and the shirt is exempt (its price is less than $100.00).

(c) If a dealer offers a reduction in sales price of $100.00 through a store coupon for a computer with a sales price of $850.00, the exemption would apply to the purchase because the dealer's actual sales price to the customer is $750.00.

(d) If a customer gives to a dealer a manufacturer's coupon for $100.00 for a computer with a sales price of $850.00, the exemption would not apply.

(e) Rebates generally occur after the sale, thus the amount of the rebate does not affect the sales price of the purchased item. For example, if a pair of jeans was purchased for $110.00 with a manufacturer's rebate for $10.00, the exemption would not apply because the sales price is in excess of $100.00.

(11) Exchanges. The application of the exemption to an exchange of a covered item purchased during the exemption period is illustrated by the following examples:

(a) A customer purchases a covered item during the exemption period, but later exchanges the item for a different size, color, or other feature, and the original sale is not cancelled. No additional tax is due even though the exchange is made after the exemption period.

(b) A customer purchases a covered item during the exemption period. After the exemption period has ended, the customer returns the item and receives credit on the purchase of a different item and the original sale is cancelled. Sales tax is due on the total sales price of the newly purchased item.

(c) A customer purchases a covered item before the exemption period. During the exemption period the customer returns the item and receives credit on the purchase of a different covered item and the original sale is cancelled. Sales tax is not due on the sale of the new item if the new item is purchased during the exemption period.
(12) Layaway sales. A layaway sale is a transaction in which articles are set aside for future delivery to a purchaser who makes a deposit, agrees to pay the balance of the sales price over a period of time, and, at the end of the payment period, receives the merchandise. A sale of a covered item under a layaway sale will qualify for the exemption when final payment on the layaway order is made by, and the item is given to, the purchaser during the exemption period; or when title to the covered item transfers to the purchaser and delivery is made to the purchaser during the exemption period. A sale made by completion of transfer of title after the exemption period shall not qualify for the exemption.

(13) Rain checks. A rain check allows a customer to purchase an item at a certain price at a later time because the particular item was out of stock. Covered items purchased during the exemption period with the use of a rain check will qualify for the exemption regardless of when the rain check was issued. Issuance of a rain check during the exemption period will not qualify a covered item for the exemption if the item is actually purchased after the exemption period.

(14) Mail, telephone, e-mail, and Internet sales. The sale of a covered item qualifies for exemption when sold through the mail, telephone, e-mail or Internet when the item is paid for and delivered to the customer during the exemption period; or when title to the covered item transfers to the purchaser and delivery is made to the purchaser during the exemption period. Pursuant to Section 40-23-1(a)(5), the sale of an item is not closed or completed until the time and place where delivery occurs to the purchaser after the act of transportation ends and the item comes to rest in this state for use or consumption. Covered items that are pre-ordered and delivered to the customer during the exemption period qualify for the exemption.

(15) Gift certificates and gift cards. Covered items purchased during the exemption period using a gift certificate or gift card will qualify for the exemption, regardless of when the gift certificate or gift card was purchased. Covered items purchased after the exemption period using a gift certificate or gift card are taxable even if the gift certificate or gift card was purchased during the exemption period. A gift certificate or gift card cannot be used to reduce the selling price of a covered item in order for the item to qualify for the exemption.

(16) Returns. For a 60 day period immediately after the sales tax holiday exemption period, when a customer returns
Chapter 810-6-3

Revenue

an item that would qualify for the exemption, no credit for or refund of sales tax shall be given unless the customer provides a receipt or invoice that shows tax was paid, or the seller has sufficient documentation to show that tax was paid on the specific item. This 60 day period is set solely for the purpose of designating a time period during which the customer must provide documentation that shows that sales tax was paid on returned merchandise. The 60 day period is not intended to change a seller's policy on the time period during which the seller will accept returns.

(17) Different time zones. The time zone of the purchaser's location determines the authorized time period for a sales tax holiday when the purchaser is located in one time zone and a seller is located in another.

(18) Records. The retailer is not required to obtain an exemption certificate on sales of covered items during the exemption period. However, the retailer's records should clearly identify the type of item sold, the date on which the item was sold, the sales price of all items and, if applicable, any tax charged.

(19) Reporting Exempt Sales. No special reporting procedures are necessary to report exempt sales on covered items made during the exemption period. Exempt sales are to be included in the Gross Sales Amount and in the Deductions amount reported on the state and local returns. Taxable sales and exempt transactions should be reported as currently required by law.

(20) Transportation Charges.

(a) Where delivery is made by common carrier or the U.S. Postal Service, the transportation charge if billed as a separate item and paid directly or indirectly by the purchaser, is excluded from the sales price of the covered item. Transportation charges made by any other means are included as part of the sales price of the covered item, whether or not separately stated. Transportation charges are not separately stated if included with other charges and billed as "shipping and handling" or "postage and handling."

(b) "Shipping and handling" or "postage and handling" charges are included as part of the sales price of the covered item, whether or not separately stated. If multiple items are shipped on a single invoice, to determine if any covered items
qualify for the exemption for purposes of determining a sales tax holiday price threshold, the shipping and handling charge or postage and handling charge must be proportionately allocated to each item ordered, and separately identified on the invoice.

810-6-3-.66 Sales Tax Holiday For Severe Weather Preparedness.

(1) Beginning at 12:01 a.m. on Friday, July 6, 2012, and ending at twelve midnight on Sunday, July 8, 2012, a sales tax holiday is enacted pursuant to Act No. 2012-256, whereby no state sales or use tax is due on "covered items" as defined herein. For each year thereafter, the sales tax holiday begins at 12:01 a.m. on the Friday of the last full weekend in February and ends at twelve midnight the following Sunday. This sales tax holiday is referred to as the Severe Weather Preparedness Sales Tax Holiday.

(2) Pursuant to Act No. 2012-256, any county or municipality may, by resolution or ordinance adopted at least 14 days prior to July 6, 2012 and at least 30 days prior to the last full weekend of February in subsequent years, provide for the exemption of "covered items" from county or municipal sales or use taxes during the same time period, under the same terms, conditions, and definitions as provided in this rule for the state sales tax holiday. A county or municipality is prohibited from providing for a sales and use tax exemption during any period other than concurrently with a state sales tax holiday. A participating county or municipality shall submit a certified copy of their adopted resolution or ordinance providing for the sales tax holiday, and any subsequent amendments thereof, to the Alabama Department of Revenue at least 14 days prior to the 2012 holiday and at least 30 days prior to the holiday in subsequent years. The Department will compile this information into a list of all counties and municipalities participating in the Severe Weather Preparedness
Sales Tax Holiday and issue a current publication of the list on its website.

(3) “Covered items” include the following selling for $60 or less per item:

(a) Any package of AAA-cell, AA-cell, C-cell, D-cell, 6-volt, or 9-volt batteries, excluding coin batteries and automobile and boat batteries;

(b) Any cellular phone battery or cellular phone charger;

(c) Any portable self-powered or battery-powered radio, two-way radio, weatherband radio, or NOAA weather radio;

(d) Any portable self-powered light source, including battery-powered flashlights, lanterns, or emergency glow sticks;

(e) Any tarpaulin, plastic sheeting, plastic drop cloths or other flexible, waterproof sheeting;

(f) Any ground anchor system, such as bungee cords or rope, or tie-down kit;

(g) Any duct tape;

(h) Any plywood, window film or other materials specifically designed to protect window openings;

(i) Any non-electric food storage cooler or water storage container;

(j) Any non-electric can opener;

(k) Any artificial ice, blue ice, ice packs, or reusable ice;

(l) Any self-contained first aid kit;

(m) Any fire extinguisher, smoke detector or carbon monoxide detector; and,

(n) Any gas or diesel fuel tank or container.

(4) “Covered items” also includes any portable generator and power cords used to provide light or
communications or preserve food in the event of a power outage selling for $1,000 or less per item.

(5) Covered items are exempt only if the individual item is priced at or below the established threshold for the exemption. Exemption for only a portion of an individual item is not allowed. The following example illustrates the application of the rule to the exemption:

(a) A customer purchases a generator for $1800. Tax is due on the entire $1800. The exemption does not apply to the first $1000 of the price of a generator selling for more than $1000.

(6) Splitting of items normally sold together. To qualify for the exemption, items normally sold in pairs shall not be separated, and articles that are normally sold as a single unit must continue to be sold in that manner.

(7) “Buy one, get one free” and other similar offers. If a dealer offers “buy one, get one free” or “two for the price of one” on covered items, the purchase shall qualify for the exemption when all other conditions of the exemption are met. However, if a dealer offers a “buy one, get one for a reduced price” the two prices cannot be averaged to qualify both items for the exemption.

(8) Discounts, coupons, and rebates. A discount by the seller reduces the sales price of the item and the discounted sales price determines whether the sales price is within the sales tax holiday price threshold. A coupon that reduces the sales price is treated as a discount if the seller is not reimbursed for the coupon amount by a third-party. If a discount applies to the total amount paid by a purchaser rather than to the sales price of a particular item and the purchaser has purchased both eligible property and taxable property, the seller should allocate the discount based on the total sales prices of the taxable property compared to the total sales prices of all property sold in that same transaction. The application of the exemption to discounts, coupons and rebates extended on a covered item during the exemption period is illustrated by the following examples:

(a) If a dealer offers to sell a portable radio with a sales price of $70 at a discount of 20 percent at the time of sale, the exemption would apply because the actual sales price of the radio is $56.
(b) If a dealer offers a reduction in sales price of $100.00 through a store coupon for a portable generator with a sales price of $1100.00, the exemption would apply to the purchase because the dealer's actual sales price to the customer is $1000.00.

(c) If a customer gives to a dealer a manufacturer's coupon for $100.00 for a portable generator with a sales price of $1100.00, the exemption would not apply.

(d) Rebates generally occur after the sale, thus the amount of the rebate does not affect the sales price of the purchased item. For example, if a portable generator was purchased for $1,100.00 with a manufacturer's rebate for $100.00, the exemption would not apply because the sales price is in excess of $1,000.00.

(9) Exchanges. The application of the exemption to an exchange of a covered item purchased during the exemption period is illustrated by the following examples:

(a) A customer purchases a covered item during the exemption period, but later exchanges the item for a similar item of a different size, color, or other feature at the same price and the original sale is not cancelled. No additional tax is due even though the exchange is made after the exemption period.

(b) A customer purchases a covered item during the exemption period. After the exemption period has ended, the customer returns the item and receives credit on the purchase of a different item and the original sale is cancelled. Sales tax is due on the total sales price of the newly purchased item.

(c) A customer purchases a covered item before the exemption period. During the exemption period the customer returns the item and receives credit on the purchase of a different covered item and the original sale is cancelled. Sales tax is not due on the sale of the new item if the new item is purchased during the exemption period.

(10) Layaway sales. A layaway sale is a transaction in which articles are set aside for future delivery to a purchaser who makes a deposit, agrees to pay the balance of the sales price over a period of time, and, at the end of the payment period, receives the merchandise. A sale of a covered
item under a layaway sale will qualify for the exemption when final payment on the layaway order is made by, and the item is given to, the purchaser during the exemption period; or when title to the covered item transfers to the purchaser and delivery is made to the purchaser during the exemption period. A sale made by completion of transfer of title after the exemption period shall not qualify for the exemption.

(11) Rain checks. A rain check allows a customer to purchase an item at a certain price at a later time because the particular item was out of stock. Covered items purchased during the exemption period with the use of a rain check will qualify for the exemption regardless of when the rain check was issued. Issuance of a rain check during the exemption period will not qualify a covered item for the exemption if the item is actually purchased after the exemption period.

(12) Mail, telephone, e-mail, and Internet sales. The sale of a covered item qualifies for exemption when sold through the mail, telephone, e-mail or Internet when the item is paid for and delivered to the customer during the exemption period; or when title to the covered item transfers to the purchaser and delivery is made to the purchaser during the exemption period. Pursuant to Section 40-23-1(a)(5), the sale of an item is not closed or completed until the time and place where delivery occurs to the purchaser after the act of transportation ends and the item comes to rest in this state for use or consumption. Covered items that are pre-ordered and delivered to the customer during the exemption period qualify for the exemption.

(13) Gift certificates and gift cards. Covered items purchased during the exemption period using a gift certificate or gift card will qualify for the exemption, regardless of when the gift certificate or gift card was purchased. Covered items purchased after the exemption period using a gift certificate or gift card are taxable even if the gift certificate or gift card was purchased during the exemption period. A gift certificate or gift card cannot be used to reduce the selling price of a covered item in order for the item to qualify for the exemption.

(14) Returns. For a 60 day period immediately after the sales tax holiday exemption period, when a customer returns an item that would qualify for the exemption, no credit for or refund of sales tax shall be given unless the customer provides a receipt or invoice that shows tax was paid, or the seller has sufficient documentation to show that tax was paid on the
specific item. This 60 day period is set solely for the purpose of designating a time period during which the customer must provide documentation that shows that sales tax was paid on returned merchandise. The 60 day period is not intended to change a seller's policy on the time period during which the seller will accept returns.

(15) Different time zones. The time zone of the purchaser's location determines the authorized time period for a sales tax holiday when the purchaser is located in one time zone and a seller is located in another.

(16) Records. The retailer is not required to obtain an exemption certificate on sales of covered items during the exemption period. However, the retailer's records should clearly identify the type of item sold, the date on which the item was sold, the sales price of all items and, if applicable, any tax charged.

(17) Reporting Exempt Sales. No special reporting procedures are necessary to report exempt sales on covered items made during the exemption period. Exempt sales are to be included in the Gross Sales Amount and in the Deductions amount reported on the state and local returns. Taxable sales and exempt transactions should be reported as currently required by law.

(18) Transportation Charges.

(a) Where delivery is made by common carrier or the U.S. Postal Service, the transportation charge, if billed as a separate item and paid directly or indirectly by the purchaser, is excluded from the sales price of the covered item. Transportation charges made by any other means are included as part of the sales price of the covered item, whether or not separately stated. Transportation charges are not separately stated if included with other charges and billed as "shipping and handling" or "postage and handling."

(b) "Shipping and handling" or "postage and handling" charges are included as part of the sales price of the covered item, whether or not separately stated. If multiple items are shipped on a single invoice, to determine if any covered items qualify for the exemption for purposes of determining a sales tax holiday price threshold, the shipping and handling charge or postage and handling charge must be proportionately allocated to each item ordered, and separately identified on the invoice.

(a) Vessels engaged in transporting cargo between Alabama ports and ports in foreign countries or possessions or territories of the United States or between Alabama ports and ports in other states are engaged in foreign, international, or interstate commerce. 810-6-3-.68.01 Load Displacement Of Vessels, Barges, Ships, Other Watercraft, And Commercial Fishing Vessels - Definition And Method Of Determination.

(1) The term "load displacement" as used in Code of Ala. 1975, Sections 40-23-2(1), 40-23-4(a)(10), 40-23-4(a)(12), 40-23-4(a)(13), 40-23-61(a), 40-23-62(12), 40-23-62(14), and 40-23-62(17), refers to the weight of the volume of water displaced by a vessel, barge, ship, or other watercraft, or commercial fishing vessel when fully loaded and shall be measured in long tons (1 ton = 2,240 lbs.).

(2) The load displacement measurement of vessels, barges, ships, other watercraft, and commercial fishing vessels as registered with the U. S. Coast Guard and licensed by the Alabama Department of Conservation and Natural Resources will be
valid for purposes of administering the sales and use tax provisions enumerated in paragraph (1).

810-6-3-.69.02  Exemption For United States, State, County, City, And Other Exempt Entities From The Payment Of Sales Tax, And Purchases Made Through The Use Of Purchasing Agents.

(1) The United States Government, the State of Alabama, counties and incorporated municipalities of the state, and various other entities within the state are specifically exempt from paying sales and use tax on their purchases of tangible personal property. These exempt entities may appoint purchasing agents to act on their behalf for making tax-exempt purchases. In such situations the department will recognize that a agency relationship exists, provided that a written contract between the owner and the contractor-agent has been entered which clearly establishes that: (i) the appointment was made prior to the purchase of materials; (ii) the purchasing agent has the authority to bind the exempt entity contractually for the purchase of tangible personal property necessary to carry out the entity’s contractual obligations; (iii) title to all materials and supplies purchased pursuant to such appointment shall immediately vest in the exempt entity at the point of delivery; and (iv) the agent is required to notify all vendors and suppliers of the agency relationship and make it clear to such vendors and suppliers that the obligation for payment is that of the exempt entity and not the contractor-agent. All purchase orders and remittance devices...
furnished to the vendors shall clearly reflect the agency relationship. The tax-exempt entity may enjoy its tax-exempt status when utilizing a purchasing agent, provided that the purchase is paid for by the tax-exempt entity with funds belonging to the tax-exempt entity and the proper documentation as listed above exists to confirm the agency relationship. The appointment of the contractor as purchasing agent of the tax-exempt entity may be made by execution of the department Form ST:PAA-1, Purchasing Agent Appointment. (Sections 40-23-4(a)(11) and 40-23-62(13))

(2) A contractor is the consumer of all the materials which are used by the contractor in the performance of the construction contract and which become a part of real property. Accordingly, in the absence of an agency agreement as set forth in paragraph (1) above, purchases by a contractor or subcontractor of tangible personal property which it will use in the performance of a contract with the United States Government, the State of Alabama, county or incorporated municipality of the state, or an entity with a specific exemption, for making additions, alterations, or improvements to realty belonging to the government, state, county, municipality, or entity are not purchases by the government, state, county, municipality, or entity and do not qualify for the sales and use tax exemptions in Sections 40-23-4(a)(11) and 40-23-62(13). (Sections 40-23-1(a)(10) and 40-23-60(5))

(a) A contractor that sells building materials to a tax-exempt entity under one contract and affixes the materials to realty under a second contract with the tax-exempt entity is liable for sales or use tax; the fact that the materials are sold and installed under separate contracts does not qualify the contractor's purchase of the materials for the sales or use tax exemptions in Sections 40-23-4(a)(11) and 40-23-62(13). A contractor may not purchase materials tax exempt for resale to the tax-exempt entity and then affix the same materials to realty for the tax-exempt entity. (State v. Algernon Blair Industrial Contractors, Inc., 362 So.2d 248 (Ala. Civ. App. 1978), cert. denied 362 So.2d 253)

(b) A contractor may purchase items of tangible personal property tax-free when the items are purchased for resale to a tax-exempt governmental entity in the form of tangible personal property and are not affixed to realty by the contractor pursuant to a contract with the tax-exempt entity.
(3) On and after October 1, 2000, the sale to, or the storage, use, or consumption by, any contractor or subcontractor of any tangible personal property to be incorporated into realty pursuant to a contract with the State of Alabama or a county or incorporated municipality of the State of Alabama awarded prior to July 1, 2004, is exempt from state, county, and municipal sales and use taxes provided the contractor or subcontractor has complied with Rule 810-6-3-.77, entitled Exemption for Certain Purchases by Contractors and Subcontractors in conjunction with Construction Contracts with Certain Governmental Entities, Public Corporations, and Educational Institutions. (Section 40-9-33)

(4) On and after July 1, 2004, the sale to, or the storage, use, or consumption by, any contractor or subcontractor of any tangible personal property to be incorporated into realty pursuant to a contract with the United States government, the State of Alabama or a county or incorporated municipality of the State of Alabama is subject to all state, county, and municipal sales and use taxes for any contract awarded, or any portion of a contract which is revised, renegotiated, or otherwise altered on and after July 1, 2004, to the extent that such revision, renegotiation, or alteration requires the purchase of additional tangible personal property. If the “change order” or other revision does not require the purchase of additional tangible personal property, however, the change will not cause the contract to lose its exempt status. Items purchased after June 30, 2004, pursuant to a contract awarded prior to July 1, 2004, will continue to be exempt for the remainder of the contract.

810-6-3-.76 Property Purchased For Export And Sales Tax Refunds On Certain Purchases Of Tangible Personal Property In Alabama For Export To And Use In A Foreign Country.

(2) Sales are not subject to Alabama sales tax when the sales agreement requires the seller or the seller's agent to deliver the purchased property to the Port of Mobile marked for export and, in fact, delivery is made to the Port of Mobile and the property is exported. (Sections 40-23-39. Juan Hernades, Caribbean Shipping, Inc. V. State of Alabama (Admin. Law Div. Docket No. S. 05-708 Final Order entered December 7, 2005)

(3) Alabama sales tax applies to sales of tangible personal property when the purchaser or the purchaser's agent takes delivery in Alabama for subsequent export and use of that property in a foreign country unless the following criteria are met:

(a) the purchaser’s records reflect that it was the intent of the purchaser to use the property in a foreign country at the time of purchase and that, in fact, the property was exported from Alabama, and when ocean transportation is required and scheduled service to the desired port overseas is available through the port of Mobile, the Port of Mobile is used for shipment, and

(b) the purchaser provides to the vendor a duly executed Certificate of Exemption – Merchandise Purchased for Export to a Foreign Country (Form STE-4)

(4) Purchasers who are entitled to make qualifying purchases at wholesale, tax free, shall obtain a sales and use tax Certificate of Exemption – Merchandise Purchased for Export to a Foreign Country (Form STE-4), by making application on a form provided by the Department. When the properly completed application is received and approved by the Department, the applicant will be issued a state sales and use tax Certificate.
of Exemption – Merchandise Purchased for Export to a Foreign Country (Form STE-4), which may be copied, completed, and provided to vendors as documentation for tax-exempt purchases for export. The Form STE-4 may be used only by the person to whom it is issued.

(a) Certificate holders regularly engaged in making tax-exempt purchases of the kind and nature for which the Form STE-4 has been issued may furnish a properly executed certificate to the seller specifying that all tangible personal property subsequently purchased will be for the purpose shown on the certificate and thus be relieved of the burden of executing a separate certificate for each individual tax-exempt purchase as long as there is no change in the character of their operations and the purchaser’s intent is to export the tangible personal property being purchased.

(b) Certificate holders must maintain a list of all vendors to whom they furnish a copy of their exemption certificate. This list should be retained in their records available for inspection by the Department during regular business hours and should provide the name, address, and type of business of each vendor to whom a copy of the certificate has been furnished.

(c) Certificate holders must return their certificate to the Department if the business ceases export activity.

(d) Certificate holders must notify the Department immediately in writing of any change in name or address.

(e) The burden of proof that a sale is exempt is upon the person making the sale unless the seller takes from the purchaser a properly executed Form STE-4. Any such sale for which an exemption has been claimed but which is not supported by a Form STE-4 may be deemed a sale at retail by the Department and the seller held liable for the tax thereon.

(f) Any person selling tangible personal property tax free who relies on a properly executed Form STE-4 shall not be held liable for sales or use tax subsequently determined by the Department to be due on the sale for which the certificate was received. Instead, the Department will assess and collect the tax, along with applicable penalties and interest from the parties who made the illegal tax-free purchase with the Form STE-4 and the person or persons who benefited from the illegal use of the Form STE-4. (Sections 40-23-120 and 40-23-121)
(g) The state sales and use tax certificate of exemption for property purchased for export (Form STE-4) is the only exemption certificate or exemption number which relieves the seller, when acting in good faith and exercising reasonable care, of liability for any sales or use tax later determined by the Department to be due on a sale for which an exemption for export was originally claimed. (Section 40-23-39(a))

(5) With respect to purchases which qualify for the exemption outlined in paragraph (3), in the absence of the purchaser providing the properly executed Form STE-4, the seller at retail must collect and remit sales tax to the Department and then, when the purchaser documents to the Department that the purchases qualify for the exemption, the purchaser may obtain a refund of the sales tax paid thereon.

(6) Refunds of sales taxes made pursuant to paragraphs (3) and (5) shall be made in accordance with the procedures outlined in Section 40-2A-7(c), Code of Ala. 1975, including the joint petition requirement contained in Section 40-2A-7(c)(1).

(7) The purchase of a new truck with a gross weight not exceeding 8,000 pounds or a new passenger vehicle by a nonresident of the United States is exempt from sales or use tax when (i) the truck or passenger vehicle is manufactured in Alabama, (ii) the truck or passenger vehicle is delivered to the purchaser in Alabama by the manufacturer or an affiliated corporation, (iii) at the time of purchase the purchaser intends to export the truck or passenger vehicle to and permanently license the truck or passenger vehicle in a foreign country within 90 days after the date of delivery, and (iv) the purchaser obtains a temporary metal license plate and a temporary registration certificate from the probate judge or license commissioner of the county in which the manufacturer is located. Exemption For Certain Purchases By Contractors And Subcontractors In Conjunction With Construction Contracts With Certain Governmental Entities.

(1) On and after January 1, 2014, the sale to, or the storage, use, or consumption by, any contractor or subcontractor of any tangible personal property to be incorporated into realty pursuant to a contract entered into on or after January 1, 2014, with a governmental entity is exempt from all state, county, and municipal sales and use taxes. For the purpose of this rule, a governmental entity is defined as:

(a) The State of Alabama.

(b) A county or incorporated municipality of the State of Alabama.

(c) An educational institution of the State of Alabama, or a county or incorporated municipality of the State of Alabama.

(d) An industrial or economic development board or authority that is exempt from the payment of Alabama sales and use taxes.

(e) Other governmental entities that are exempt from the payment of Alabama sales and use taxes excluding those agencies as provided in sections (2) and (3) below.

(f) On and after January 1, 2019, the term government entity includes any public water or sewer authority, district, system, or board that otherwise is exempt from sales and use tax. The sale to, or the storage, use, or consumption by, any contractor or subcontractor of any tangible personal property to be incorporated into realty pursuant to a contract entered into on or after January 1, 2019, with any public water or sewer authority, district, system, or board that otherwise is exempt from sales and use tax is exempt from all state, county, and municipal sales and use taxes.

(2) The exemption outlined in section (1) does not apply to any of the following:

(a) Purchases of tangible personal property by a contractor or subcontractor for storage, use, or consumption in conjunction with performing a contract with a governmental
entity that is not itself exempt from Alabama sales and use taxes.

(b) Purchases of tangible personal property by a contractor or subcontractor that are not incorporated into realty pursuant to the contract.

(c) Purchases of tangible personal property for contracts with the federal government.

(d) Purchases of tangible personal property made for any contracts for the construction of any highway, road or bridge for, or on behalf of, any governmental entity as outlined above.

(e) Purchases of tangible personal property made pursuant to any contract entered into prior to applicable date set forth in section (1) or (1)(f) above, as applicable.

(3) The exemption outlined in section (1) does not apply to the sale to, or the storage, use, or consumption by, any contractor or subcontractor of any tangible personal property to be incorporated into realty pursuant to a contract with a state other than the State of Alabama, a county or incorporated municipality of a state other than the State of Alabama, an industrial development board created pursuant to the Constitution or general or local laws of a state other than the State of Alabama, an educational institution of a state other than the State of Alabama, or an educational institution of a county or incorporated municipality of a state other than the State of Alabama.

(4) In order to qualify for the sales and use tax exemption referenced in section (1), the governmental entity must complete an application (Form ST: EXC-01) for a sales and use tax certificate of exemption (Form STC-1) for each tax-exempt project. Contractors and subcontractors licensed by the State Licensing Board for General Contractors, must also apply per project to the Department of Revenue for a sales and use tax certificate of exemption (Form STC-1). Upon review and approval of the application, the department shall issue the applicant a Form STC-1 which shall be used by the certificate holder to claim the exemption when making qualifying tax-exempt purchases for the project listed on the certificate. Before approving or denying the application, the Department of Revenue may require the applicant to submit additional documentation that the property to be purchased tax-exempt with the
certificate will be incorporated into realty pursuant to contracts with one of the governmental entities enumerated in section (1) or to subcontracts arising from contracts with one of the governmental entities enumerated in section (1). If the department denies the application, the applicant may appeal the denial in accordance with §40-2A-8, Code of Ala. 1975.

(5) A contractor or subcontractor who obtains a Form STC-1 must comply with all of the provisions of the as amended, §40-23-9, Code of Ala. 1975, and must maintain records sufficient to document the tax-exempt status of qualifying purchases. Further, the contractor or subcontractor who presents Form STC-1 to a vendor for purchases of tangible personal property without the payment of sales or use tax must make an electronic report of all exempt purchases to the Department of Revenue on their assigned consumer use tax return (Form 2610). The report of exempt purchases shall be a prerequisite to the renewal of a certificate of exemption. Failure to report the exempt purchases will result in an assessment against the contractor or subcontractor for sales and use taxes on any items purchased with the certificate of exemption.

(6) Any contractor or subcontractor who intentionally uses a certificate of exemption (STC-1) in violation of §40-9-14.1, Code of Ala. 1975, will be (a) liable for the actual sales and use tax due, (b) subject to a civil penalty levied by the department in the amount of not less than a minimum of two thousand dollars ($2,000) or two times any state and local sales or use tax due for the tangible personal property, whichever is the greater; and (c) may be barred from the use of any certificate of exemption (STC-1) on any project for up to two years based on the contractor’s or subcontractor’s willful misuse of a certificate of exemption. Contractors and subcontractors may appeal any such decisions in accordance with §40-2A-8, Code of Ala. 1975.

(7) The date of the sale to, or the purchase, withdrawal, storage, use or consumption by, the contractor must be used to determine if an otherwise qualifying transaction or event qualifies for the exemption. Jobs or projects entered into prior to the applicable dates noted in section (1) and (1)(f) above shall not qualify for the exemption regardless of the transaction date.

(8) For the purpose of this rule, the term “entered into” means the date that a contractor or subcontractor signs a contract with a governmental entity defined in section (1).

(3) An aircraft manufactured, sold and delivered in Alabama shall be considered removed from Alabama if the first flight of the aircraft after delivery, excluding any intrastate flights for post-delivery maintenance or modification work or for training in Alabama, is planned for a destination outside of Alabama, provided that the foregoing is not the exclusive method for showing removal of an aircraft from Alabama.

Instructions For Preparation of Form ST: PAA1
Purchasing Agent Appointment

The United States Government, the State of Alabama, counties and incorporated municipalities of the state, and various other entities within the state are specifically exempt from paying state and local sales and use tax on their purchases of tangible personal property. These tax-exempt entities cannot transfer their exempt status to a contractor or developer who is required to purchase and pay for the materials that are to be used pursuant to a construction contract with the tax-exempt entity. However, a tax-exempt entity may appoint as its agent a contractor to act on its behalf to order materials or to order and pay for materials that will be incorporated into real estate pursuant to a construction contract with the tax-exempt entity. Purchases made by the agent on behalf of the tax-exempt entity will be exempt from the payment of state and local sales or use tax provided that the procedures outlined in Alabama Department of Revenue Rule 810-6-3.09.02 are followed. These procedures include the provisions below. (Note: The form should not be used to purchase materials for a project that has been granted abatement pursuant to the Tax Incentive Reform Act of 1992, Chapter 98 of Title 40, Code of Alabama 1975, as amended, or for the exemption available to contractors for the purchase of building materials for construction projects with health care authorities organized under Article 11 of Chapter 21 of Title 22 or Chapter 62 of Title 11. Tax-exempt purchases of materials for those types of projects must be made in accordance with the provisions of the applicable sections of the Code of Alabama 1975, as amended, and ADOR Rules.)

The appointment of the contractor as purchasing agent of the tax-exempt entity must be made in writing and may but is not required to, take the form of a completed Purchasing Agent Appointment, Form ST: PAA1. The appointment must be made prior to the contractor’s purchase of materials that are claimed to be tax-exempt. In the absence of a written appointment the contractor must pay the sales and use taxes otherwise due. A contractor may not purchase materials, incorporate them into real estate, or obtain a properly completed and signed Form ST: PAA1, or other written appointment, and later claim an agency relationship and petition for a refund of sales and use tax paid on the materials. The Form ST: PAA1 can only be used to appoint the contractor to purchase on behalf of the tax-exempt entity materials that will be incorporated into real estate constituting the project. However, execution of the Form ST: PAA1 does not preclude a separate written appointment of the contractor as agent of the tax-exempt entity to purchase other tangible personal property.

Purchases made by the purchasing agent on behalf of the tax-exempt entity are exempt from the sales and use taxes otherwise due. The contractor is also appointed as agent to pay for the materials on behalf of the tax-exempt entity, payment must be made from an account designated for this specific purpose and funded by the tax-exempt entity. It is permissible to use a trust account for multiple projects, provided that the account is funded by the tax-exempt entities and records are maintained to document the source of funds for each project. The contractor may not commingle its own funds with the funds in the account. The contractor may not deposit its own money into the account. The contractor may not pay for materials with its own funds and receive reimbursement from the account.

Penalty: Any person who makes unauthorized use of this document with the intent to evade payment of tax is liable for any sales and use taxes that may be due, together with interest, and may be assessed additional penalties as provided in Section 40-2A-11, Code of Alabama 1975, as amended.

Appointment Information: All information requested on the attached Purchasing Agent Appointment, Form ST: PAA1, must be provided, including by attachments to the form. The project name, location, and description must be included. Tax-exempt organizations must provide their Alabama Sales and Use Tax Certificate of Exemption number, Legislative Act number, or state law by which they are exempt from sales and use tax. The form or other written appointment document must reflect the date the appointment will become effective, which cannot be prior to the date the document is signed. The agency appointment will expire on the date of completion of the project. The scheduled date of completion must be reflected on the appointment document. However, the scheduled date of completion may be extended by approval of the tax-exempt entity when it is determined that the project will not be completed by that date. The agent shall not make any purchases without payment of sales or use taxes under the authority of this appointment before the effective date or after the date of completion of the project. This Purchasing Agent Appointment must be signed by an officer or duly-authorized representative of the tax-exempt entity. The signed original document must be retained by the contractor, and a copy should be retained by the tax-exempt entity. In a subsequent audit, to substantiate the contractor’s appointment as agent to purchase on behalf of the tax-exempt entity, the contractor will be required to provide to the auditor upon request a copy of the executed appointment document.

Agent’s Appointment of One or More Subagents: When authorized by the tax-exempt entity, the agent (contractor) may appoint one or more subagents (subcontractors) to act as the purchasing agent of the tax-exempt entity to order, but not to pay for, materials that will be incorporated into the project. For each subagent appointed, the agent (contractor) must document the appointment by completing the section provided on a copy of Form ST: PAA1, or otherwise document the appointment in writing. The document must include the date the appointment of the subagent will become effective, which cannot be prior to the date the contractor appoints the subagent. The subagency appointment will expire on the date the subagent performs the work on the project is completed. The scheduled date of completion of the subagent’s work on the project must be reflected on the appointment document. A description of the work to be performed by the subagent must be included. For each subagent appointed, the Appointment of Subagent form or other writing must be signed by the agent (owner, partner, member, corporate officer, or other individual authorized to sign the document). The signed document must be retained by the subagent (subcontractor). A copy of the document must be provided to the tax-exempt entity for their records and a copy must be retained by the agent (contractor). A subagent’s purchase of materials on behalf of the tax-exempt entity is exempt from the payment of state and local sales and use taxes provided that the criteria set out above and in ADOR Rule 810-6-3.09.02 are followed. In a subsequent audit, to substantiate the subcontractor’s appointment as agent to purchase on behalf of the tax-exempt entity, the subcontractor will be required to provide to the auditor upon request a copy of the executed subagent appointment document.
